ANFIER M3 AI Translator Earbuds Instruction Manual

1. INTRODUCTION

The ANFIER M3 AI Translator Earbuds are designed to facilitate communication across language barriers. These earbuds offer real-time translation capabilities, supporting a wide range of languages and accents, along with offline translation for key languages. Beyond translation, they function as high-quality audio devices for music and phone calls, providing a versatile solution for travel, business, and daily use.

4. SETUP

4.1 App Installation

1. Download the companion application (e.g., "Wuz Trans" or similar as indicated on packaging/manual) from your device's app store (Google Play Store for Android, Apple App Store for iOS).
2. Open the app and follow the on-screen instructions to create an account or log in.

4.2 Bluetooth Pairing

1. Ensure your earbuds are charged and placed in the charging case.
2. Open the charging case lid. The earbuds will automatically enter pairing mode.
3. On your smartphone, go to **Settings > Bluetooth**.
4. Select "ANFIER M3" (or similar device name) from the list of available devices to pair.
5. Once paired, a confirmation message will appear on your phone, and the earbuds will indicate successful connection.

4.3 Offline Language Package Download (if applicable)

If your model includes the offline language package, follow these steps:

1. Open the ANFIER companion app.

2. Navigate to the "Offline Translation" or "Language Settings" section.
3. Locate the 8 supported offline languages (Chinese, English, Japanese, Korean, Russian, German, French, Spanish).
4. Tap "Download" next to each language you wish to use offline. Ensure a stable internet connection during download.
5. If provided, enter the redemption code from your offline language package card to activate lifetime free access to these languages.

5. OPERATING MODES

The ANFIER M3 earbuds offer several modes to suit different communication scenarios:

5.1 Free Talk Mode

- Ideal for natural, continuous conversations between two or more people.
- Each participant wears an earbud (or uses the phone's speaker for one side).
- The earbuds automatically detect and translate speech in real-time.

Image 5.1: Free Talk Mode enables seamless, continuous translated conversations.

5.2 Speaker Mode

- Use this mode when you prefer not to share an earbud.
- You wear one earbud, and the translated speech for the other person is played through your phone's speaker.
- This is suitable for quick interactions or when hygiene is a concern.

Image 5.2: Speaker Mode allows one person to use an earbud while the phone's speaker provides translation for others.

5.3 Touch Mode

- For quick, on-demand translations.
- Tap your earbud to speak, and the translation will be played back.
- The other person can tap their earbud (if shared) or speak into the phone to respond.

Image 5.3: Touch Mode provides quick, tap-activated translation.

5.4 Photo Translation

- Open the Photo Translation feature within the app.
- Point your phone's camera at any text (e.g., signs, menus, documents).
- The app will overlay the translated text onto the image, and you can also hear the audio translation through your earbuds.

5.5 Offline Mode

- After downloading the necessary language packages (see Section 4.3), you can activate Offline Mode in the app.
- This allows for translation without an active internet connection, ideal for remote areas or international travel.

6. USAGE INSTRUCTIONS

6.1 For Translation

1. Ensure earbuds are connected to your smartphone via Bluetooth and the ANFIER app is open.
2. Select your desired translation mode (Free Talk, Speaker, Touch, Photo) within the app.

3. Choose the source and target languages for translation.
4. Follow the on-screen prompts or earbud tap gestures specific to the chosen mode to initiate and receive translations.

6.2 For Music Playback

1. Connect the earbuds to your smartphone via Bluetooth.
2. Open your preferred music application.
3. Use your phone or the earbud touch controls (refer to app for customizable gestures) to play, pause, skip tracks, and adjust volume.

6.3 For Phone Calls

1. Ensure earbuds are connected to your smartphone via Bluetooth.
2. When a call comes in, tap either earbud once to answer. Tap again to end the call.
3. During a call, your voice will be picked up by the earbud's microphone, and the caller's voice will be heard through the earbuds.

8. MAINTENANCE

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the earbuds in their charging case when not in use to protect them and keep them charged.
- **Water Resistance:** Avoid exposing the earbuds to excessive moisture or liquids. They are not waterproof.
- **Temperature:** Do not expose the device to extreme temperatures.

9. TROUBLESHOOTING

9.1 Earbuds Not Pairing

- Ensure Bluetooth is enabled on your smartphone.

- Make sure the earbuds are charged and the charging case lid is open.
- Try restarting your smartphone and the earbuds.
- If previously paired, forget the device in your phone's Bluetooth settings and attempt to pair again.

9.2 Translation Inaccuracy or Delay

- Ensure a stable internet connection for online translation modes.
- Speak clearly and at a moderate pace. Avoid speaking over others.
- Check the selected source and target languages in the app to ensure they are correct.
- Minimize background noise for optimal microphone performance.

9.3 No Sound from Earbuds

- Verify that the earbuds are properly connected to your device.
- Check the volume levels on both your smartphone and within the ANFIER app.
- Ensure the earbuds are charged.
