## BIUTYVOICE PANA00

# BIUTYVOICE Rabbit Night Light User Manual

Model: PANA00

## INTRODUCTION

---

The BIUTYVOICE Rabbit Night Light is a versatile and safe lighting solution designed for children's rooms. Made from soft, BPA-free silicone, it offers a comforting glow with multiple color options and adjustable brightness. Its portable, rechargeable design makes it an ideal companion for various settings, providing a gentle light for sleep or play.

Figure 1: The BIUTYVOICE Rabbit Night Light emitting a warm, soft glow.

## SETUP

1. **Unpacking:** Carefully remove the Rabbit Night Light from its packaging. Ensure all components, including the USB charging cable, are present.
2. **Initial Charge:** Before first use, fully charge the night light. Locate the USB charging port on the back of the device. Connect the provided USB cable to the port and plug the other end into a compatible USB power adapter (not included) or a computer USB port. The charging indicator light will show red while charging and turn green when fully charged.
3. **Placement:** Place the night light on a stable, flat surface away from direct sunlight or heat sources. Its soft silicone material allows for safe handling by children.

## OPERATING INSTRUCTIONS

1. **Power On/Off:** Press the power button located on the bottom of the night light to turn the device on or off.
2. **Adjusting Brightness (Warm White Mode):** When in normal warm white light mode, the Rabbit Night Light offers 7 levels of brightness adjustment. Tap the squishy silicone surface of the lamp to cycle through these brightness levels.
3. **Changing Colors:** After cycling through the warm white brightness levels, continue tapping the surface to switch to the 7-color changing light mode. Each tap will transition to the next color in the sequence.
4. **Returning to Warm White:** After cycling through all 7 colors, the next tap will return the light to the initial warm white mode.

## MAINTENANCE

- **Cleaning:** To clean the night light, gently wipe the silicone surface with a soft, damp cloth. Avoid using abrasive cleaners or harsh chemicals, as these may damage the material. Ensure the charging port is dry before charging.
- **Battery Care:** For optimal battery life, charge the device regularly when the light dims or turns off. Avoid completely draining the battery for extended periods. Store the night light in a cool, dry place when not in use.
- **Storage:** If storing for a long period, charge the battery to about 50% every few months to prevent deep discharge.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on.	Battery is depleted or power button is off.	Ensure the power button on the bottom is pressed. Charge the night light using the provided USB cable until the indicator turns green.
Colors do not change or touch response is inconsistent.	Improper tapping technique or internal sensor issue.	Ensure you are tapping the silicone surface firmly but gently. Try turning the device off and on again. If the issue persists, contact customer support.
Short battery life.	Incomplete charging or frequent use of brighter/color-changing modes.	Ensure the device is fully charged (indicator light green). Brighter settings and continuous color cycling consume more power. Use lower brightness settings for longer battery life.

## SPECIFICATIONS

---

**Brand:** BIUTYVOICE

**Model:** PANA00

**Material:** Silicone

**Light Source Type:** LED

**Power Source:** Battery Powered (1 Lithium Polymer battery included)

**Battery Capacity:** 1200 mAh

**Voltage:** 3 Volts

**Product Dimensions:** 3"D x 3"W x 3"H

**Item Weight:** 0.24 Kilograms (8.4 ounces)

**Switch Type:** Touch

**Number of Light Sources:** 1

**Color Options:** 7 Colors LED + Warm White

**Indoor/Outdoor Usage:** Indoor
