Thank you for choosing the ROLOVE Gold Vanity Mirror with Lights. This instruction manual provides essential information for the proper setup, operation, and maintenance of your new LED makeup mirror. Please read this manual thoroughly before use and retain it for future reference.

ROLOVE Gold Vanity Mirror with Lights, 14"x12" LED Makeup Mirror on a vanity desk.

## PRODUCT FEATURES

- **Optimal Size:** This tabletop vanity mirror measures 14"x12", providing an ample viewing area for the entire face, neck, and shoulders. It is suitable for desks or vanities.
- **Smart Dimming:** The mirror features smart dimming with three light color options (warm, day, cool) and adjustable brightness. LED lights include eye protection.
- **Sturdy Construction:** Constructed with a durable aluminum alloy frame and a large base with soft, non-slip rubbers for stability.
- **360° Rotation:** The mirror offers 360-degree rotation for adjustable viewing angles.
- **Touch Control:** Intuitive smart touch controls for light settings and brightness adjustment.
- **USB-Powered:** The mirror is powered via a USB-plug in connection (not rechargeable).

## SETUP

1. **Unpacking:** Carefully remove the mirror and all packaging materials from the box. Inspect for any damage.
2. **Placement:** Place the mirror on a flat, stable, and dry surface, such as a vanity desk or dresser. Ensure there is sufficient space around the mirror for rotation.
3. **Power Connection:** Connect the provided USB cable to the mirror's power input port. Plug the other end of the USB cable into a compatible USB power adapter (not included) or a USB port on a device.

## OPERATING INSTRUCTIONS

1. **Power On/Off:** Locate the touch button on the mirror's surface. Tap it once to turn the lights on or off.
2. **Changing Light Modes:** With the lights on, tap the touch button repeatedly to cycle through the three available light color modes: warm light, day light, and cool light.

3. **Adjusting Brightness:** To adjust the brightness, press and hold the touch button. The light will gradually dim or brighten. Release the button when the desired brightness level is reached.
4. **Mirror Rotation:** Gently hold the sides of the mirror frame and rotate it to achieve your preferred viewing angle. The mirror supports 360-degree rotation.

The mirror's 360-degree rotation feature allows for versatile positioning.

## MAINTENANCE

- **Cleaning the Mirror Surface:** Use a soft, lint-free cloth and a non-abrasive glass cleaner to wipe the mirror surface. Avoid spraying cleaner directly onto the mirror; instead, apply it to the cloth first.
- **Cleaning the Frame:** Wipe the aluminum alloy frame with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use for extended periods, store the mirror in a cool, dry place away from direct sunlight and excessive humidity.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Lights do not turn on.	No power supply or loose connection.	Ensure the USB cable is securely connected to both the mirror and a working USB power source. Try a different USB port or adapter.
Mirror is unstable.	Uneven surface or damaged base.	Place the mirror on a flat, level surface. Check the base for any damage.
Touch control is unresponsive.	Temporary electronic glitch or dirty sensor.	Disconnect and reconnect the power. Ensure the touch sensor area is clean and dry.
