SAFETY INFORMATION

- Always ensure all components are securely fastened before allowing pets to use the tower.
- Install the included anti-tip kit to secure the cat tower to a wall, preventing accidental tipping.
- Place the cat tower on a flat, stable surface.
- Regularly inspect the tower for loose parts, damage, or wear and tear, especially on scratching surfaces and dangling toys. Tighten or replace as necessary.
- This cat tower is suitable for 1-2 cats within 11 lbs each. Do not exceed the recommended weight capacity.
- Keep children away from the cat tower during assembly and supervise them when pets are using it.

SETUP AND ASSEMBLY

Assembly of the PawHut Cat Tower is required. Follow the step-by-step instructions provided in the included manual. Ensure all parts are correctly identified and securely fastened.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out. Compare them with the parts list in the included manual to ensure nothing is missing.
2. **Assemble Base:** Begin by attaching the lowest scratching posts to the main base plate and the cat condo.
3. **Build Upwards:** Progressively attach platforms, additional scratching posts, the hammock, and the cat bed according to the diagrams in your manual.
4. **Attach Accessories:** Securely fasten the dangling ball, spring ball, and toy stars to their designated locations.
5. **Install Anti-tip Kit:** For enhanced stability and safety, attach the anti-tip kit to the top of the cat tower and secure it to a sturdy wall stud using appropriate hardware.
6. **Final Check:** Once assembled, gently shake the tower to ensure all connections are tight and the structure is stable.

OPERATING INSTRUCTIONS

The PawHut Cat Tower is designed for various feline activities, including climbing, jumping, pouncing, running, and scratching. Encourage your cat to explore and utilize all features.

- **Scratching Posts and Board:** The sisal-wrapped posts and star-shaped scratching board provide appropriate surfaces for your cat to sharpen their claws, diverting attention from furniture.
- **Platforms and Perches:** Multiple levels offer vantage points for observation and elevated resting spots.
- **Cat Condo and Hammock:** The enclosed condo and soft hammock provide private, cozy spaces for napping and relaxation.
- **Dangling and Spring Toys:** The integrated toys encourage playful interaction and exercise.

MAINTENANCE

- **Cleaning:** The plush fabric surfaces of the cat tower should be spot cleaned only. Use a damp cloth with mild soap for stains, then blot dry. Avoid saturating the material.
- **Vacuuming:** Regularly vacuum the plush surfaces to remove loose fur and dust.
- **Scratching Surfaces:** Inspect sisal posts and scratching boards for significant wear. While designed for durability, heavily used areas may fray over time.
- **Structural Integrity:** Periodically check all screws and connections to ensure they remain tight. Re-tighten as needed to maintain stability.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Tower feels wobbly or unstable.	Loose connections; anti-tip kit not installed or improperly secured.	Ensure all screws are tightened. Install or re-secure the anti-tip kit to a wall stud. Place on a level surface.
Cat is not using the tower.	Unfamiliarity; undesirable location; preference for other scratching surfaces.	Place the tower in a prominent area your cat frequents. Use catnip to attract your cat. Gently place your cat on different levels.
Dangling toys are damaged or detached.	Normal wear and tear from play.	Remove damaged toys to prevent ingestion. Contact customer support for replacement parts if available, or attach new cat-safe toys.
