## OPERATING INSTRUCTIONS

---

The Xilingol 15-in-1 Convertible High Chair offers multiple modes to suit your child's needs as they grow.

### 1. High Chair Mode

Use this mode for feeding infants and toddlers. The chair features adjustable height settings to match various dining surfaces.

- Adjust the chair height by pressing the buttons on the legs and extending or retracting them.
- The removable tray has 3 adjustable positions to accommodate your child comfortably.
- Always secure your child with the 5-point harness.

*The high chair can be adjusted to three different heights for comfortable feeding.*

## 2. Activity Center Mode

This mode provides an engaging play space for your child, promoting cognitive and motor skill development.

- Attach the interactive toys (Bear Buddy, Owl Tree, Circle Labyrinth) to the designated spots on the activity center tray.
- The seat rotates 360 degrees, allowing your child to interact with all toys.

*The activity center includes a 360-degree rotating seat and interactive toys.*

# Interactive Toys to Enhance Kids' Cognitive and Motor Skills

## Bear Buddy

Improve bilateral coordination and spatial awareness through directional play – an excellent choice for fostering early cognitive development.

## Owl Tree

An innovative pressable toy with rotatable circular leaves that produces beeping sounds when interacted with, offering both visual and auditory stimulation for an engaging experience.

## Circle Labyrinth

A dual-development marvel: Refines pincer grasp skills while fostering self-discovery with child-safe mirror elements.

*Interactive toys like Bear Buddy, Owl Tree, and Circle Labyrinth enhance cognitive and motor skills.*

### 3. Toddler Chair and Booster Seat Modes

The main seat unit can be used independently as a toddler chair or secured to an adult chair as a booster seat using the provided straps.

### 4. Table and Chair Set Mode

Convert the high chair into a functional table and chair set for play and learning activities.

- The tabletop is reversible: one side is smooth for drawing and meals, and the other side is textured for building blocks.

*The reversible tabletop offers a smooth surface for drawing and a grooved surface for building blocks.*

## MAINTENANCE AND CLEANING

Regular cleaning ensures hygiene and extends the product's lifespan.

## TROUBLESHOOTING

If you encounter any issues with your Xilingol Convertible High Chair, please refer to the following common solutions:

- **Difficulty Assembling:** Ensure all parts are correctly oriented and aligned. Apply firm, even pressure until components click into place. Refer to the assembly video in the Setup section.
- **Instability:** Verify that all leg connections are securely locked. Ensure the chair is placed on a flat, level surface. Check that the non-slip footpads are intact.
- **Tray Not Attaching/Detaching:** Ensure the release buttons are fully pressed when detaching, and the tray is aligned correctly when attaching. Check for any obstructions.
- **Harness Issues:** Ensure straps are not twisted and buckles are free of debris. Adjust strap length for a snug, secure fit.

If problems persist, please contact customer support.
