SETUP

Upon unboxing, ensure all components are present. The package should include the Massage Chair Unit, User Manual, Power Cord, Remote Control, and Warranty Card. Place the massage chair on a flat, stable surface, ensuring adequate space around it for reclining and operation. Connect the power cord securely to the chair and a suitable power outlet. Refer to the included detailed user manual for specific assembly instructions if required.

- **Unpacking:** Carefully remove all packaging materials.
- **Placement:** Position the chair in a location with sufficient clearance for full recline (approximately 155 degrees).
- **Power Connection:** Plug the power cord into a grounded electrical outlet.
- **Remote Control:** Ensure the remote control is accessible and functioning.

OPERATING THE uDELUXE MAX

The Osim uDeluxe Max offers a variety of features and massage programs designed for ultimate relaxation and therapeutic benefits.

V-Hand™ Massage Technology

The intelligent V-Hand™ Massage, developed by Japanese massage experts, emulates the agile hand-grip of a professional masseuse. This technology provides a human-like massage experience, effectively extracting deep-seated knots, especially in the neck and shoulders, to relieve tension from daily work or digital device use.

Zero Gravity Recline

Experience profound relaxation with the Zero Gravity recline function, allowing the chair to recline up to 155°. This position helps to relieve tension from your spine and muscles, promoting a revitalized feeling.

Soothing warmth intensity on the back

Loosen stiff muscles & promotes circulation.

Soothing Warmth Function

The uDeluxe Max features a soothing warmth function on the back, which helps to loosen stiff muscles and joints while promoting better circulation. You can choose between two levels of warmth intensity: High and Low.

Signature Auto Massage Programs

The uDeluxe Max offers a suite of professionally crafted massage programs tailored to diverse lifestyle needs:

- **Neck & Shoulders:** Targets the head, neck, and shoulders to relieve tension from digital device use.
- **Lumbar & Butt:** Extends massage to the butt area, relieving tired muscles from prolonged sitting.
- **Relax:** A soothing program for unwinding at the end of the day.
- **Energize:** An invigorating massage to stimulate body and mind.
- **Stretch:** Loosens muscles to improve range of motion and flexibility.
- **Sleep:** Prepares your body and mind for a good night's rest.

Versatile 3-in-1 Functionality

The uDeluxe Max is designed for versatility, transforming to suit your needs:

- **Sofa:** Retract the foot massage unit for a compact sofa, ideal for saving space and casual lounging.

- **Lounger:** Rotate the foot massage unit into a comfortable ottoman, perfect for stretching out and relaxing.
- **Massage Chair:** Adjust the foot massage unit and backrest for a full-body massage experience.

MAINTENANCE

To ensure the longevity and optimal performance of your Osim uDeluxe Max massage chair, regular maintenance is recommended:

- **Cleaning:** Wipe down the chair regularly with a soft, dry cloth. For spills or stains, use a slightly damp cloth with mild soap, then wipe dry immediately.
- **Fabric Care:** The detachable fabric covering the foot massage unit can be removed and washed as per care instructions to maintain hygiene.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the material.
- **Power Cord:** Periodically check the power cord for any signs of damage. If damaged, contact customer support.

TROUBLESHOOTING

If you encounter any issues with your Osim uDeluxe Max, consider the following basic troubleshooting steps:

- **No Power:** Ensure the power cord is securely plugged into both the chair and a working electrical outlet. Check if the power switch on the chair is in the 'ON' position.
- **Massage Not Starting:** Verify that the remote control batteries are functional and correctly inserted. Ensure no safety sensors are triggered (e.g., an object obstructing the recline path).
- **Unusual Noises:** Minor operational sounds are normal. If you hear loud or unusual noises, discontinue use and contact customer support.

- **Remote Control Unresponsive:** Try replacing the batteries. If the issue persists, contact customer support.

For more detailed troubleshooting or issues not covered here, please refer to the comprehensive user manual included with your product or contact Osim customer support.
