UNCLE BRICK 10621

Raceforge Sports Car Building Set

Model: 10621 | Brand: UNCLE BRICK

INTRODUCTION

Welcome to the instruction manual for your UNCLE BRICK Raceforge Sports Car Building Set. This 1:8 scale model offers an immersive and rewarding building experience, culminating in a highly detailed and functional collectible. Designed for enthusiasts aged 8 and above, this set features advanced technic elements and realistic functionalities. Please read this manual carefully before beginning assembly to ensure a smooth and enjoyable building process.

SAFETY INFORMATION

WARNING: CHOKING HAZARD - Small Parts. Not for children under 3 years.

Always keep small parts away from young children. Ensure all components are handled carefully to prevent accidental ingestion or injury. Adult supervision is recommended during assembly, especially for younger builders.

ASSEMBLY AND SETUP

The Raceforge Sports Car Building Set consists of 4208 pieces, providing a comprehensive and engaging construction challenge. Follow the included step-by-step pictorial instructions precisely for optimal results. Organize your pieces before starting to streamline the building process.

OPERATING FEATURES

Once assembled, your Raceforce Sports Car model offers several interactive features:

- **Electroplated Emerald Paint:** The high-end roll-plating electroplated emerald paint provides a shiny and eye-catching finish, perfectly restoring the dynamism and luxury of a technic sports car.
- **Manual Adjustable Chassis:** The model is equipped with a manual lifting chassis, allowing you to adjust the height of the car body. This feature provides a more flexible display and interaction experience.
- **V8 Engine Fan Blade:** The engine's eight-cylinder fan blade can be manually rotated, simulating the power state of a real car and enhancing the dynamic details of the model.
- **Iconic Scissor Doors:** The classic scissor doors can be opened and closed freely, showcasing the detailed interior and adding to the model's authenticity.
- **Customized Metal Wheels:** The exclusive metal wheel design highlights the extreme craftsmanship and individual style of the technic car.
- **Bursting Armor Mode:** A manually-activatable Bursting Armor Mode adds an exciting interactive element to

the model.

- **Steering Wheel and Wheel Linkage:** The functional steering wheel is linked to the front wheels, creating a strong sense of interactivity and realism.

The iconic scissor doors can be opened to reveal the detailed interior.

Close-up of the rear, showing the detailed exhaust system.

MAINTENANCE

To ensure the longevity and appearance of your Raceforge Sports Car model, follow these maintenance guidelines:

- **Cleaning:** Dust the model regularly with a soft, dry cloth. For more stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture, especially on electroplated parts.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or warping of plastic components.
- **Handling:** Handle the model carefully, especially when adjusting movable parts, to avoid accidental breakage.

TROUBLESHOOTING

While building sets are generally straightforward, you might encounter minor issues. Here are some common troubleshooting tips:

- **Missing Pieces:** In the rare event of missing pieces, please contact UNCLE BRICK customer support directly. Provide the model number (10621) and details of the missing parts for prompt assistance.
- **Difficulty Assembling Parts:** Some connections may be tight. Ensure you are applying firm, even pressure. Double-check the instruction manual to confirm the correct orientation and placement of the pieces. If a piece seems too difficult to connect, verify it is the correct piece for that step.
- **Loose Connections:** If parts feel loose after assembly, re-examine the connection points in the instructions. Sometimes, a piece may not be fully pushed into place.
