SETUP INSTRUCTIONS

Your ohlob Oversized Cloud Sectional Sofa is designed for easy setup with no tools required. The sofa is delivered in 7 separate boxes, which may arrive on different days. Each module is vacuum-sealed for efficient shipping.

- Unbox Each Module:** Carefully remove each sofa module from its individual shipping box.
- Remove Vacuum Seal:** Locate and open the vacuum-sealed bag around each module. The cushions will begin to expand immediately upon exposure to air.
- Arrange Modules:** Place the modules in your desired configuration. The bottom of each module features an anti-slip material to help keep them in place.
- Allow for Full Expansion:** Allow 48-72 hours for the high-resilience foam cushions to fully expand and regain their intended shape and plushness. Gently fluffing the cushions can aid in this process.
