› Maupvit 44.5" W Vanity Desk with Mirror, Stool, LED Lights, and Power Outlet (Model JY9839BS01) Instruction Manual

## Maupvit JY9839BS01

# Maupvit 44.5" W Vanity Desk (Model JY9839BS01) Instruction Manual

Model: JY9839BS01

## 1. INTRODUCTION

---

Thank you for purchasing the Maupvit 44.5" W Vanity Desk with Mirror, Stool, LED Lights, and Power Outlet. This manual provides essential information for the safe assembly, proper operation, and effective maintenance of your new vanity desk. Please read these instructions thoroughly before beginning assembly or use to ensure optimal performance and longevity of the product.

## 2. SAFETY INFORMATION

Please observe the following safety precautions during assembly and use:

- Keep all small parts and packaging materials away from children and pets to prevent choking hazards.
- Assemble the unit on a soft, clean surface to prevent scratches.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not overload drawers or shelves. Distribute weight evenly.
- Always use the provided anti-topping device to secure the vanity desk to a wall. This prevents accidental tipping and potential injury.

Figure 2.1: Anti-Topping Device Installation

- For electrical components (LED lights, power outlet):
  - Do not expose electrical components to water or excessive moisture.
  - Ensure the power cord is not pinched or damaged.
  - Only use the power outlet for devices within the specified voltage and amperage limits (120V/12A AC, 5V/2A USB).
  - Unplug the vanity from the power source before cleaning or performing any maintenance.

### 3. PACKAGE CONTENTS

---

Before assembly, verify that all components are present and undamaged. Refer to the detailed parts list provided in your assembly guide. Typical contents include:

- Vanity Desk Panels (MDF board)
- Mirror with Integrated LED Lights
- Cushioned Stool
- Drawers and Drawer Slides
- Storage Compartment Doors
- Adjustable Shelves and Dividers
- Power Outlet Strip (2 AC, 2 USB)
- Hair Dryer Rack
- Assembly Hardware (screws, dowels, cam locks, etc.)
- Anti-Topping Device
- Instruction Manual

### 4. SETUP AND ASSEMBLY

---

Assembly of the Maupvit Vanity Desk requires careful attention to detail. While the process is designed to be straightforward, it involves numerous components and may take several hours to complete. It is recommended to have at least two people for certain steps.

1. **Preparation:** Clear a spacious area and lay out all parts on a soft, protective surface. Identify each component using the provided parts list in your separate assembly guide.
2. **Frame Assembly:** Follow the step-by-step instructions in the assembly guide to construct the main frame of the vanity desk. Ensure all connections are secure.
3. **Drawer and Door Installation:** Assemble the drawers and install them into their respective slots. Attach the

doors to the side storage compartments.

4. **Mirror and Top Section:** Carefully attach the mirror and the upper storage sections to the main desk frame. Connect the LED mirror's power cable as instructed.
5. **Power Outlet Installation:** Integrate the power strip into its designated slot. Ensure it is firmly seated and the power cord is accessible.
6. **Adjustable Shelves and Dividers:** Insert the adjustable shelves into the side cabinets and the dividers into the desktop storage compartments as desired. These can be repositioned later.

Figure 4.1: Adjustable Dividers and Hair Dryer Rack Placement

7. **Hair Dryer Rack:** Attach the hair dryer rack to either the left or right side of the desk, according to your preference.
8. **Stool Assembly:** Assemble the cushioned stool following its specific instructions.
9. **Secure to Wall:** Crucially, install the anti-topping device to secure the vanity desk to a sturdy wall stud. This step is vital for safety.

## 5. OPERATING INSTRUCTIONS

## 5.1 LED Mirror Lights

The integrated LED mirror features adjustable lighting modes and brightness levels.

- **Power On/Off:** Lightly touch the touch sensor on the mirror surface to turn the lights on or off.
- **Change Light Mode:** With the lights on, short-press the touch sensor to cycle through the three color modes: Warm Yellow, Natural Light, and Bright White.
- **Adjust Brightness:** With the lights on, long-press the touch sensor to gradually increase or decrease the brightness. Release when the desired brightness is reached.

## 5.2 Power Outlet

The vanity desk includes a built-in power strip for convenient charging and powering of electronic devices.

- **AC Outlets:** Two standard 120V/12A AC outlets are provided for appliances such as hair dryers, curling irons, or other small electronics.
- **USB Ports:** Two 5V/2A USB ports are available for charging smartphones, tablets, smartwatches, and other USB-powered devices.

- **Usage:** Plug the vanity desk's main power cord into a wall outlet. Then, plug your devices into the integrated AC or USB ports.

### 5.3 Storage Features

The vanity desk offers extensive storage options to keep your items organized.

- **Drawers:** Utilize the central large drawer and two smaller side drawers for cosmetics, jewelry, and other personal items.
- **Open Compartments:** The desktop features multiple open compartments and a makeup organizer for easy access to frequently used items.
- **Adjustable Shelves:** The side cabinets include height-adjustable shelves. To adjust, remove the shelf, reposition the shelf pins to the desired height, and reinsert the shelf.

## 6. MAINTENANCE

Proper care will help maintain the appearance and functionality of your vanity desk.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can

damage the finish. For the mirror, use a glass cleaner and a lint-free cloth.

- **Spills:** Clean up spills immediately to prevent staining or damage to the MDF material.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Electrical Components:** Keep the power strip and LED mirror free from dust. Do not attempt to repair electrical components yourself; contact qualified personnel if issues arise.

## 7. TROUBLESHOOTING

If you encounter any issues, refer to the following common troubleshooting steps:

| Problem                                     | Possible Cause  | Solution   |
|---|---|--|
| LED mirror lights do not turn on.           | Power cord unplugged; loose connection; faulty touch sensor.                    | Ensure the vanity desk is plugged into a working wall outlet. Check all internal power connections. If the issue persists, contact customer support. |
| Power outlets (AC/USB) are not working.     | Vanity desk unplugged; device not properly plugged in; power strip malfunction. | Verify the vanity desk is plugged into a live wall outlet. Ensure devices are fully inserted into the outlets. Test with another device.             |
| Drawers are stiff or do not slide smoothly. | Improper installation of drawer slides; obstruction; uneven assembly.           | Check the alignment of the drawer slides. Ensure no objects are obstructing the drawer path. Verify the desk is assembled squarely.                  |
| Vanity desk feels unstable.                 | Loose fasteners; uneven floor; anti-topping device not installed.               | Re-tighten all assembly screws. Ensure the desk is on a level surface. Install the anti-topping device securely to a wall stud.                      |
