Soobaby 5-in-1 Baby Crib & Bassinet Instruction Manual (Model H31W)

INTRODUCTION

Thank you for choosing the Soobaby 5-in-1 Baby Crib & Bassinet. This versatile product is designed to adapt to your child's growth, offering multiple functionalities including a baby bedside sleeper, travel crib, baby cradle, playpen, and changing table. This manual provides essential information for safe assembly, operation, and maintenance to ensure a secure and comfortable environment for your child.

IMPORTANT SAFETY INFORMATION

- Always ensure the crib is stable and level before use. A wobbly or uneven crib can cause items to fall, lead to discomfort, or even cause the crib to collapse under weight.
- Never leave your child unattended in the crib or bassinet.
- Do not use the changing table if your child can roll over or push up on their hands and knees.
- Always use the safety straps provided with the changing table.
- Ensure all locking mechanisms are securely engaged before placing your child in the crib or bassinet.
- Keep small parts and plastic bags away from children to prevent choking hazards.
- Regularly inspect the product for any signs of wear, damage, or loose parts. Discontinue use if any damage is found.

PACKAGE CONTENTS

Please verify that all components are present before assembly:

- Main Crib Frame
- Mattress/Base Pad
- Detachable Changing Table

SETUP AND ASSEMBLY

1. Unfolding the Crib Frame

To unfold the crib, first ensure the center base is pulled upwards. Then, firmly pull up on the short and long sides until they lock into place. Finally, push down the center base until it is flat and secure. All four sides must be locked before pressing the base down.

OPERATING INSTRUCTIONS

1. Baby Bassinet Mode

Ideal for newborns up to 3 years old, the bassinet mode provides a cozy and elevated sleeping space. The co-sleeping position is available by adjusting the lowering bars. Place the bassinet bed right up against your bed and lock the wheels for easy access to your baby.

3. Changing Table Mode

The detachable changing table provides a convenient surface for diaper changes. It features waterproof fabric for easy cleaning and includes a safety strap. Utilize the side storage caddy to keep all changing essentials within reach.

4. Portable Travel Bed Mode

The crib is designed for easy folding and portability, making it an ideal travel bed. It comes with sturdy wheels with brakes for smooth movement and stability. When folded, it fits into the included travel bag for convenient transport.

MAINTENANCE AND CARE

- **Cleaning:** The product care instructions specify "Hand Wash Only." Use a mild soap and warm water to clean fabric surfaces. Wipe down the frame with a damp cloth.
- **Storage:** When not in use, fold the crib and store it in its travel bag in a dry, cool place away from direct sunlight.
- **Inspection:** Regularly check all parts for wear and tear, especially the mesh, fabric, and locking mechanisms.

TROUBLESHOOTING

Crib Side Will Not Lock

If one or more sides of the crib frame do not lock into place during assembly, ensure that the center base is pulled upwards before attempting to lock the sides. The sides must be locked before the base is fully pushed down. Apply firm, even pressure until you hear a click, indicating the side is locked.

Mattress Feels Loose in Bassinet Mode

Ensure the mattress is correctly positioned and the Velcro straps underneath are secured to the bassinet insert. While the playpen version has specific slits for securing the mattress, the bassinet mode relies on proper placement and securing of the straps to minimize movement.
