Globlazer C66

Globlazer C66 Corner Cat Tree Instruction Manual

Model: **C66** | Brand: **Globlazer**

INTRODUCTION

Thank you for choosing the Globlazer C66 Corner Cat Tree. This multi-level cat tower is designed to provide a safe, stable, and engaging environment for your large indoor cats. Its unique corner-fitting design optimizes space while offering various platforms for play, rest, and exploration. Please read this manual carefully before assembly and use to ensure proper setup and long-lasting enjoyment for your feline companions.

SAFETY INFORMATION

- Ensure all screws are tightened securely during assembly and checked regularly (at least once a month) to maintain stability.
- Always use the included anti-tip kit to secure the cat tree to a wall, especially if you have active or multiple large cats.
- Place the cat tree on a flat, stable surface to prevent wobbling or tipping.
- Keep children away from the cat tree during assembly.
- Do not allow children to climb on the cat tree. This product is designed for feline use only.
- Inspect the cat tree periodically for any damaged parts. Replace worn or broken components immediately to ensure safety.

PACKAGE CONTENTS

Before beginning assembly, please verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- 1 x Globlazer C66 Cat Tree Structure (various platforms, condos, posts)
- 1 x Assembly Hardware Kit (screws, bolts, Allen wrench)
- 1 x Anti-tip Kit (wall anchor, strap)
- 1 x Instruction Manual (this document)
- Included Accessories: Dangling ball toys, hanging basket, hammock.

ASSEMBLY INSTRUCTIONS (SETUP)

Follow these steps carefully to assemble your Globlazer C66 Corner Cat Tree. It is recommended to have a clear, open space for assembly.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Refer to the parts list

(usually found in the included paper manual) and identify each piece.

2. **Attach Base Plate:** Begin by attaching the lowest scratching posts to the base plate using the provided screws and Allen wrench. Ensure they are securely fastened.
3. **Build Upwards:** Continue to attach platforms, condos, and scratching posts layer by layer, following the numerical or alphabetical order indicated in the detailed assembly diagram (if available in the physical manual).
4. **Install Cat Condos:** Secure the two spacious cat condos to their designated platforms. Ensure the entrances are facing an accessible direction for your cats.
5. **Attach Hammock and Hanging Basket:** Fasten the hammock and hanging basket to their respective positions on the structure.
6. **Secure Top Perch:** Attach the extra-large top perch to the uppermost posts.
7. **Attach Dangling Toys:** Hook or tie the dangling ball toys to the designated points on the cat tree.
8. **Final Tightening:** Once all parts are assembled, go back and re-tighten all screws to ensure maximum stability. Do not overtighten.
9. **Install Anti-Tip Kit:** Position the cat tree in your desired corner. Attach the anti-tip strap to the top of the cat tree and secure it to the wall using the provided wall anchor. This step is crucial for safety.

order, highlighting its corner-fitting design.

OPERATING INSTRUCTIONS (USAGE)

The Globlazer C66 Cat Tree offers multiple features for your cat's enjoyment:

- **Scratching Posts:** Encourage your cat to use the sisal rope-covered posts for scratching. This helps maintain claw health and protects your furniture.
- **Cat Condos:** The two spacious condos provide private, enclosed spaces for your cat to rest, hide, or feel secure.
- **Top Perch:** The extra-large top perch offers a high vantage point for your cat to observe its surroundings, a natural instinct for felines.
- **Hammock and Hanging Basket:** These suspended elements provide comfortable spots for napping and gentle swaying, offering a unique resting experience.
- **Dangling Toys:** The attached toys are designed to stimulate play and hunting instincts.

MAINTENANCE

- **Cleaning:** For general cleaning, use a soft brush or vacuum cleaner to remove loose fur and dust. For deeper cleaning, the product is designed for hand washing only. Do not machine wash or tumble dry.
- **Stability Check:** Check the stability of all screws and connections at least once a month. Re-tighten any loose fasteners to ensure the cat tree remains safe and secure.
- **Damage Inspection:** Regularly inspect the sisal scratching posts, fabric, and structural components for wear and tear. Replace any severely damaged parts to prevent injury to your pet or compromise the tree's stability.
- **Odor Removal:** If odors develop, sprinkle baking soda on the fabric surfaces, let it sit for 15-30 minutes, then vacuum thoroughly.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Cat tree is wobbly.	Loose screws or uneven surface.	Ensure all screws are tightened. Place the tree on a flat, level surface. Use the anti-tip kit to secure it to a wall.
Cat is not using scratching posts.	Prefers other scratching surfaces or needs encouragement.	Sprinkle catnip on the scratching posts. Gently guide your cat's paws to the posts. Reward your cat when it uses the posts.
Parts are damaged or worn.	Normal wear and tear or excessive use.	Contact customer support for replacement parts. Do not use the cat tree if it has severely damaged components.
