

URBBVRYF

Generic Full Length Mirror Jewelry Cabinet (Model: URBBVRYF) User Manual

Comprehensive instructions for assembly, operation, and maintenance of your 360° rotating jewelry cabinet.

1. INTRODUCTION

This manual provides detailed instructions for the safe and effective use of your Generic Full Length Mirror Jewelry Cabinet, Model URBBVRYF. This versatile 3-in-1 unit combines a full-length mirror, a spacious jewelry organizer, and convenient storage shelves, all designed with a 360° rotating base for optimal accessibility.

Please read this manual thoroughly before assembly and operation to ensure proper functionality and longevity of your product.

2. PRODUCT FEATURES

- **3-in-1 Design:** Integrates a full-length mirror, a jewelry cabinet, and external storage shelves.
- **360° Rotation:** Allows access to all sides of the cabinet and shelves.
- **Automatic LED Lighting:** Interior LED light strip illuminates automatically when the cabinet door is opened (requires batteries, not included).
- **Ample Storage Capacity:** Designed to organize a wide range of jewelry and accessories.
- **Lockable Cabinet:** Features a key lock design to secure contents and protect jewelry from dust.
- **Durable Construction:** Made from high-density MDF with high-level painting technology for moisture-proof, corrosion-resistant, and wear-resistant properties.
- **Full-Length Mirror:** Provides a clear, distortion-free reflection for head-to-toe viewing.
- **Interior Makeup Mirror:** A smaller, high-definition mirror inside for detailed makeup application or jewelry selection.

3. SETUP AND ASSEMBLY

The Generic Full Length Mirror Jewelry Cabinet is designed for straightforward assembly. While specific step-by-step instructions are typically provided with the product packaging, here are general guidelines:

- 1. Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the product's included assembly guide are present and undamaged.
- 2. Identify Parts:** Familiarize yourself with the main components, including the mirror cabinet, base, and any support structures or shelves.
- 3. Initial Assembly:** Begin by attaching the main cabinet to its base. It is recommended to not tighten screws completely during initial assembly to allow for minor adjustments.
- 4. Attach Shelves/Supports:** Secure any external storage shelves or support frames to the main structure as per the assembly guide.
- 5. Final Tightening:** Once the entire structure is assembled and stable, firmly tighten all screws and fasteners to ensure the

cabinet's stability and safety.

- Battery Installation for LED Lights:** Locate the battery compartment for the LED light strip inside the cabinet. Insert the required batteries (typically AA or AAA, not included) according to the polarity markings.

Important Note: Ensure the installation is not overly tight initially to facilitate easy adjustment. After the structure is complete, firm all interfaces for optimal stability.

4. OPERATING INSTRUCTIONS

4.1. 360° Rotation

The cabinet is equipped with a stable round base that allows for 360° rotation. Gently push or pull the cabinet to rotate it to your

desired position. This feature enables easy access to the full-length mirror, the internal jewelry storage, and the external storage shelves from any angle.

Figure 4: Illustration of the 360° silent swivel base, highlighting its rotational capability.

4.2. LED Lighting

Once batteries are installed in the designated compartment, the interior LED light strip will automatically activate when the cabinet door is opened. The lights will turn off when the door is closed. This provides illumination for selecting jewelry and accessories.

4.3. Locking Mechanism

The cabinet features a key lock design. Use the provided key to lock and unlock the cabinet door. This helps protect your jewelry from dust and keeps it secure from unauthorized access, especially from children.

5. STORAGE CAPACITY AND ORGANIZATION

The interior of the jewelry cabinet is thoughtfully designed to accommodate a wide array of jewelry and cosmetic items:

- **Earring Storage:** 108 earring slots and 36 earring holes.
- **Ring Storage:** 96 ring slots with an open acrylic storage door that can also serve as a makeup tray.
- **Necklace Hooks:** 24 hooks for necklaces and longer chains.
- **Bracelet Storage:** 3 bracelet storage racks.
- **Cosmetic Storage:** 22 removable lipstick storage compartments, 3 acrylic storage boxes (for brushes, etc.), and 4 3-tier storage racks.
- **Additional Storage:** 1 PP storage bag and 1 pouch for miscellaneous items.
- **Foldable Shelf:** An interior foldable shelf to keep frequently used items handy.

6. MAINTENANCE

- **Cleaning the Exterior:** Wipe the exterior surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Cleaning the Mirror:** Use a standard glass cleaner and a lint-free cloth to clean the full-length mirror and the interior makeup mirror.
- **Interior Cleaning:** Periodically dust the interior compartments with a soft cloth or a small brush.
- **Battery Replacement:** If the LED lights dim or stop working, replace the batteries in the LED light compartment.
- **Avoid Moisture:** While the cabinet is moisture-resistant, avoid prolonged exposure to excessive humidity or direct water contact.
- **Check Stability:** Periodically check all fasteners to ensure they remain tight and the cabinet is stable. Retighten if necessary.

7. TROUBLESHOOTING

- **LED Lights Not Working:**
 - Ensure batteries are correctly installed with the correct polarity.
 - Check if the batteries are depleted and replace them if necessary.
 - Verify that the cabinet door is fully opening to trigger the light sensor.
- **Cabinet Not Rotating Smoothly:**
 - Check the base for any obstructions.
 - Ensure the cabinet is placed on a flat, level surface.
 - Verify that the base assembly is secure and not overly tightened, which could impede rotation.
- **Cabinet Door Not Closing/Locking Properly:**
 - Ensure no items inside the cabinet are obstructing the door closure.
 - Check if the locking mechanism is aligned correctly.
 - Verify that the key is fully inserted and turned.

8. SPECIFICATIONS

Feature	Detail
