WW2 Military Base Building Set Instruction Manual

Model: 99096 | Brand: JOYCOLI

INTRODUCTION

This instruction manual provides detailed guidance for assembling and enjoying your JOYCOLI WW2 Military Base Building Set. This comprehensive kit allows you to construct iconic 1944 battle scenes, including a German Tiger I tank, a U.S. army Willys MB car with Browning MG, and a bombed-out house with working door. It also includes various battlefield accessories such as barbed wire, street lamps, and sandbags, along with over 30 weapons and tools.

Follow the step-by-step instructions provided in the included printed manual to assemble the various models. The set is designed for a rewarding build experience for both kids and adults.

Key Assembly Features:

- **German Tiger I Tank:** Assemble the tank with its rotatable turret and opening hatches.
- **U.S. Willys MB Vehicle:** Construct the jeep, ensuring the Browning machine gun can be adjusted for angle.
- **Bombed-Out House:** Build the multi-level house with its functional door and removable floors for dynamic play.
- **Battlefield Accessories:** Assemble barbed wire fences, street lamps, and stackable sandbags to create defensive positions.

OPERATING INSTRUCTIONS

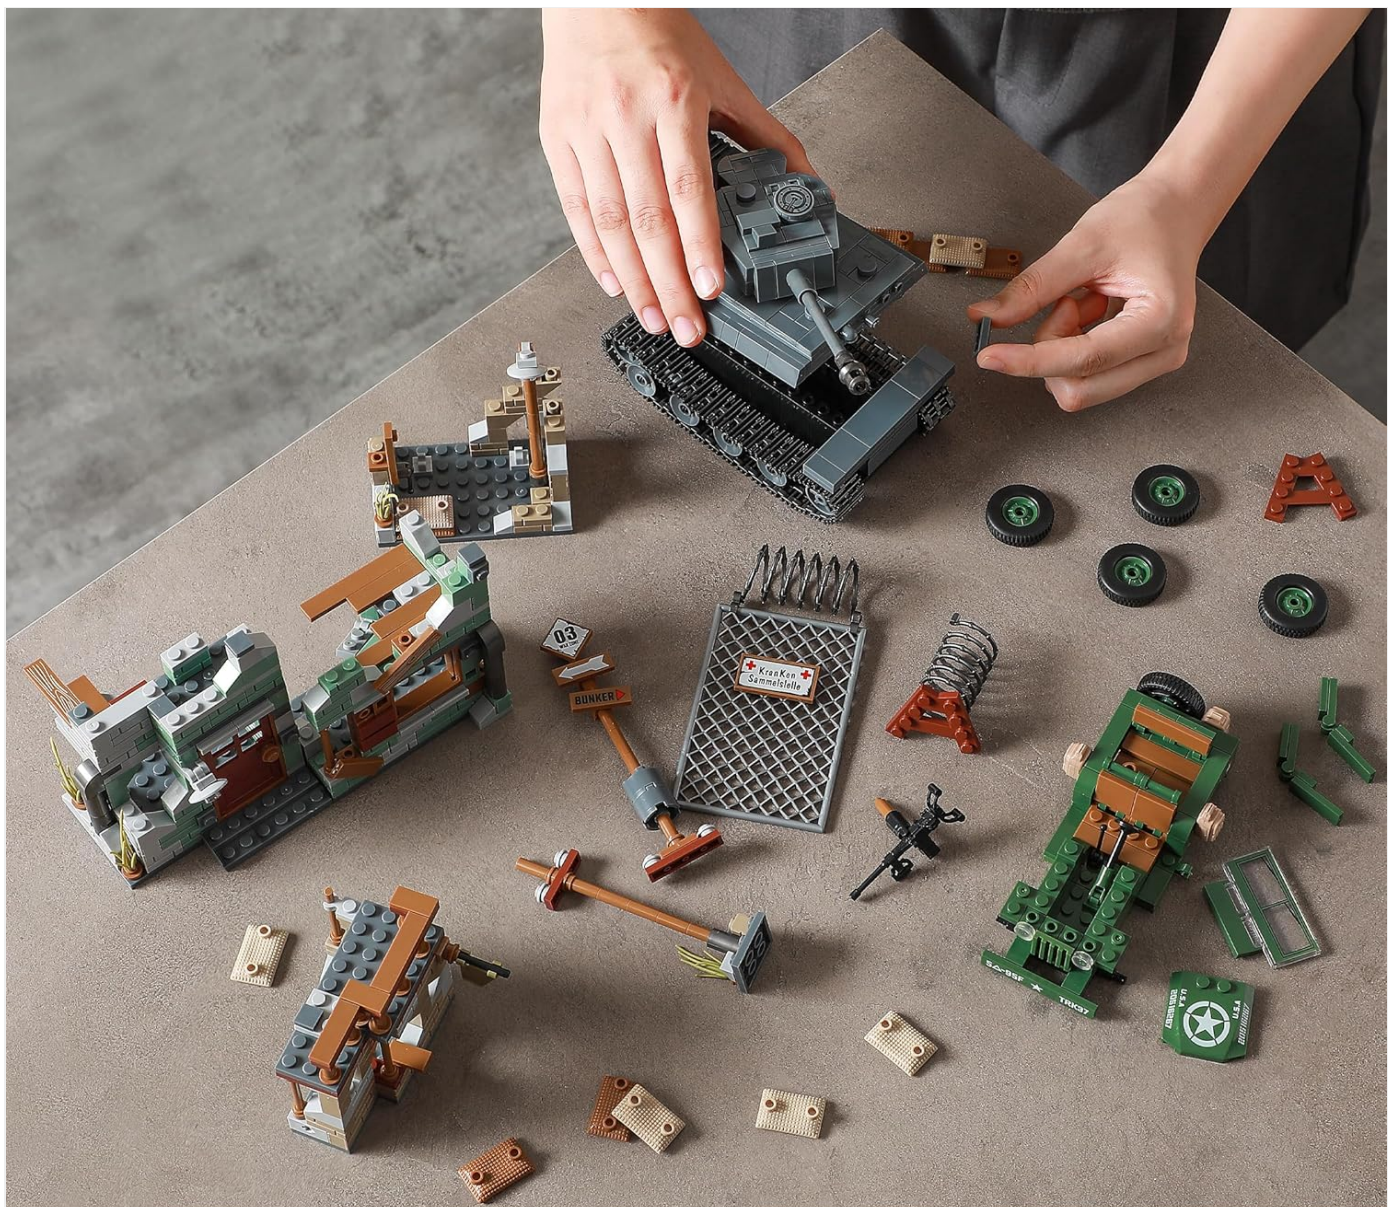

Once assembled, the WW2 Military Base Building Set offers numerous interactive features for imaginative play:

- **Tank Operation:** Rotate the Tiger tank's turret 360 degrees and open the tank hatches to place figures (not included) inside.
- **Jeep Maneuvers:** The Willys MB vehicle features rolling wheels for movement and an adjustable Browning machine gun for dynamic play scenarios.

- **Building Interaction:** The bombed-out house has a working door and removable floors, allowing for interior play and strategic positioning.
- **Defensive Positions:** Utilize the stackable sandbags and barbed wire to create realistic defensive lines and fortifications.
- **Accessory Integration:** Incorporate the 30+ included weapons and tools with your figures (not included) to enhance storytelling and battle scenarios.

MAINTENANCE

To ensure the longevity of your building set, follow these maintenance guidelines:

- **Cleaning:** Wipe blocks with a dry or slightly damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the set in a cool, dry place away from direct sunlight to prevent discoloration or warping of plastic components.
- **Handling:** Handle assembled models with care to prevent pieces from detaching.
- **Small Parts:** Keep small parts organized in a container to prevent loss.

TROUBLESHOOTING

If you encounter any issues with your building set, please refer to the following common solutions:

Problem	Possible Cause	Solution
Pieces do not fit together properly.	Incorrect piece selection or orientation.	Double-check the instruction manual for the correct piece and its orientation. Ensure pieces are fully pressed together.
Model is unstable or falls apart easily.	Pieces not fully connected or structural error in assembly.	Review previous steps in the instruction manual to ensure all connections are secure. Apply firm, even pressure when connecting blocks.
Missing pieces.	Packaging error or pieces misplaced during unboxing/assembly.	Carefully check all packaging materials and the surrounding area. If pieces are genuinely missing, contact JOYCOLI customer support with details of the missing parts.
