Fastrack Astor FR2 Pro

Fastrack Astor FR2 Pro Smart Watch

User Manual

1. INTRODUCTION

This manual provides essential information for the proper setup, operation, and maintenance of your Fastrack Astor FR2 Pro Smart Watch. The Astor FR2 Pro features a 1.43-inch AMOLED display, Bluetooth calling capabilities, and comprehensive health tracking. Please read this manual thoroughly before using your device.

2. WHAT'S IN THE BOX

Verify that all items are present in the package:

- Fastrack Astor FR2 Pro Smart Watch
- Magnetic Charging Cable
- Quick Start Guide
- Warranty Card

Fastrack Smart World App

3. SETUP

3.1 Charging the Device

Before initial use, fully charge your Fastrack Astor FR2 Pro Smart Watch. Connect the magnetic charging cable to the charging pins on the back of the watch and plug the USB end into a compatible power adapter (not included). A full charge typically takes approximately 120 minutes.

3.2 Powering On/Off

- **To Power On:** Press and hold the side button until the Fastrack logo appears.
- **To Power Off:** Press and hold the side button, then select 'Power Off' on the screen.

3.3 Pairing with Your Smartphone

To unlock the full functionality of your smartwatch, pair it with the Fastrack Smart World App on your smartphone.

1. Download the **Fastrack Smart World App** from your smartphone's app store (available for Android and iOS).

2. Ensure Bluetooth is enabled on your smartphone.
3. Open the Fastrack Smart World App and follow the on-screen instructions to create an account or log in.
4. Select 'Add Device' or similar option within the app and choose your Fastrack Astor FR2 Pro from the list of available devices.
5. Confirm the pairing request on both your smartphone and the smartwatch.

4. OPERATING INSTRUCTIONS

4.1 Display and Navigation

- **Touchscreen:** Swipe up, down, left, or right to navigate through menus and notifications. Tap to select items.
- **Functional Crown:** Rotate the crown to scroll through lists or adjust settings. Press the crown to return to the home screen or confirm selections.
- **Dual Menu Styles:** Customize the appearance of your app menu through the watch settings.
- **Adaptive Always-On Display (AOD):** The display can show essential information even when not actively in use, adapting to save battery.

4.2 Bluetooth Calling (SingleSync)

With SingleSync Bluetooth Calling, you can make and receive calls directly from your watch.

- **Making Calls:** Access the dialer or contacts from your watch to initiate a call.
- **Receiving Calls:** Answer or reject incoming calls directly on your watch screen.
- **AI Voice Assistant:** Use voice commands for various functions, including initiating calls.
- **Quick Replies:** Send pre-set quick replies to messages directly from your watch.
- **SOS Calling:** In emergencies, activate the SOS feature to call a pre-designated contact.

calling features.

4.3 Health and Fitness Tracking

The watch offers comprehensive health and fitness monitoring features:

- **Heart Rate Monitor:** Continuously tracks your heart rate throughout the day.
- **SpO2 Tracking:** Measures your blood oxygen saturation levels.
- **Sleep Tracking:** Monitors sleep patterns, including REM sleep, to provide insights into sleep quality.
- **Stress Tracking:** Helps you monitor and manage stress levels.
- **Breathe Exercise:** Guided breathing exercises to help you relax.
- **Activity Tracker:** Records steps, distance, and calories burned.
- **100+ Sport Modes:** Track various sports and workouts with dedicated modes.

4.4 Customization and Other Features

- **Watch Faces:** Choose from over 100 watch faces to personalize your device's appearance.
- **In-Built Games:** The watch includes several pre-installed games for entertainment.
- **Multiple Menu:** Navigate through different menu styles for a personalized user experience.

5. MAINTENANCE

5.1 Cleaning

Regularly clean your watch and strap to prevent skin irritation and maintain device functionality. Use a soft, lint-free cloth. If necessary, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.

5.2 Water Resistance

The Fastrack Astor FR2 Pro is rated IP68 for water and dust resistance. This means it can withstand immersion in water up to 1.5 meters for up to 30 minutes. It is suitable for daily use and activities like hand washing or light rain. Avoid using it during swimming, diving, or in hot water/steam environments (e.g., saunas, hot showers) as this may compromise the water seal.

5.3 Battery Care

- To prolong battery life, avoid fully discharging the watch frequently.
- Charge the watch using only the provided magnetic charging cable.
- Store the watch in a cool, dry place when not in use for extended periods.

6. TROUBLESHOOTING

If you encounter issues with your Fastrack Astor FR2 Pro, refer to the following common solutions:

Problem	Solution
Watch does not power on	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Cannot pair with smartphone	Ensure Bluetooth is enabled on your phone and the watch. Restart both devices. Make sure the Fastrack Smart World App is updated.
Inaccurate health/fitness data	Ensure the watch is worn snugly on your wrist, about one finger-width above the wrist bone. Clean the sensor on the back of the watch.
Bluetooth disconnects frequently	Keep your watch within close proximity to your smartphone. Check for app updates. Restart both devices.

Problem	Solution
Touchscreen unresponsive	Restart the watch. If the issue persists, perform a factory reset (note: this will erase all data).

For further assistance, refer to the support section or contact customer care.
