Portronics POR-2786

Portronics Toad 34 Wireless Mouse User Manual

Model: POR-2786

1. INTRODUCTION

This manual provides instructions for the proper setup, operation, and maintenance of your Portronics Toad 34 Wireless Mouse. Please read this manual thoroughly before using the product to ensure optimal performance and longevity.

2. PACKAGE CONTENTS

The Portronics Toad 34 Wireless Mouse package includes the following items:

- 1N Wireless Mouse
- 1N USB Receiver (stored inside the mouse)

3. SETUP

Follow these steps to set up your Portronics Toad 34 Wireless Mouse:

1. Insert Batteries:

Locate the battery compartment on the underside of the mouse. Open the cover and insert two AAA batteries (not included), ensuring correct polarity. Close the battery compartment cover.

Image: Underside view of the Portronics Toad 34 Wireless Mouse, detailing the battery compartment for two AAA batteries (not included), the power switch, and the storage slot for the USB receiver.

2. Retrieve USB Receiver:

The USB receiver is stored within the battery compartment for convenience. Carefully remove it from its slot.

2.4 GHz Wireless Connection

Ensures stable, fast, and reliable wireless connectivity

Image: The Portronics Toad 34 Wireless Mouse positioned next to a laptop, demonstrating its 2.4 GHz wireless connection. The USB receiver is shown plugged into the laptop.

3. Connect USB Receiver:

Plug the USB receiver into an available USB port on your computer (laptop or desktop PC). The computer should automatically detect and install the necessary drivers.

4. Power On the Mouse:

Slide the power switch on the underside of the mouse to the 'ON' position. The mouse is now ready for use.

4. OPERATING INSTRUCTIONS

4.1. 2.4 GHz Wireless Connectivity

The Portronics Toad 34 mouse uses a 2.4 GHz wireless connection for communication with your computer. This connection provides a stable link between the mouse and the USB receiver.

4.2. Adjustable DPI Settings

The mouse features adjustable DPI (Dots Per Inch) settings, allowing you to change cursor sensitivity. You can switch between 800, 1200, and 1600 DPI to suit your task requirements, whether for precise work or faster navigation.

Adjustable DPI Settings

Customize sensitivity up to 1600 DPI for precision

Image: The Portronics Toad 34 Wireless Mouse is shown with a graphic illustrating its adjustable DPI settings of 800, 1200, and 1600.

4.3. High Precision Optical Tracking

The mouse utilizes optical tracking technology for accurate cursor movement on various surfaces.

High Precision Tracking

Offers optical tracking technology
for accurate cursor control

Image: The Portronics Toad 34 Wireless Mouse is displayed next to a laptop, highlighting its high precision optical tracking for accurate control.

4.4. Power Efficient Auto Sleep

To conserve battery life, the mouse enters an automatic sleep mode when not in use. To wake the mouse, simply click any button.

Auto Sleep Mode

Automatically saves power with intelligent sleep mode

Image: This illustration shows the mouse in three states: working, auto sleep (indicated by 'Zzz'), and waking up with a click, demonstrating its power-saving feature.

5. KEY FEATURES OVERVIEW

- **Ergonomic Design:** Shaped to fit comfortably in the hand, reducing strain during use.

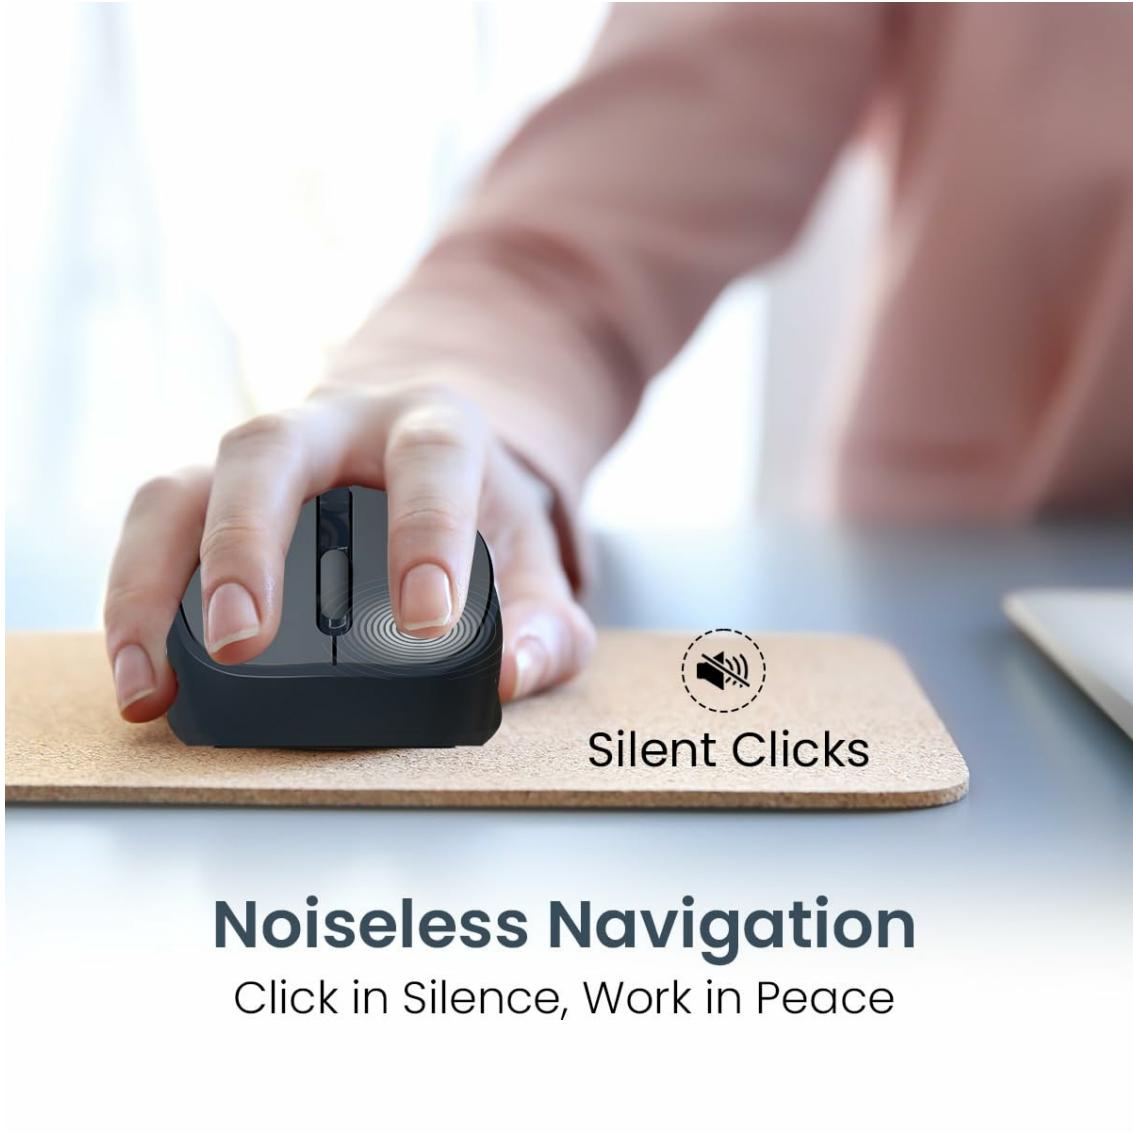

Ergonomic Design Comfort

Provides comfortable grip for extended hours of use

Image: A hand is shown holding the Portronics Toad 34 Wireless Mouse, highlighting its ergonomic shape for comfortable grip.

- **Silent Clicks:** Designed for quiet operation, minimizing click noise.

Noiseless Navigation

Click in Silence, Work in Peace

Image: A hand is shown clicking the Portronics Toad 34 Wireless Mouse, emphasizing its silent click functionality.

- **Universal Compatibility:** Compatible with Windows, macOS, and Linux operating systems.

6. MAINTENANCE

To maintain your Portronics Toad 34 Wireless Mouse:

- Clean the mouse regularly with a soft, dry cloth.
- Avoid using harsh chemicals or abrasive materials.
- Keep the optical sensor clean for accurate tracking.
- When not in use for extended periods, turn off the mouse to conserve battery life.

7. TROUBLESHOOTING

If you encounter issues with your mouse, refer to the following common solutions:

- **Mouse not responding:**

Check if the mouse is powered on. Ensure the batteries are correctly inserted and have sufficient charge. Replace batteries if necessary. Verify the USB receiver is securely plugged into a working USB port.

- **Erratic cursor movement:**

Clean the optical sensor on the underside of the mouse. Ensure you are using the mouse on a suitable surface; avoid highly reflective or transparent surfaces.

- **Connection issues:**

Try plugging the USB receiver into a different USB port on your computer. Ensure there are no strong wireless interference sources nearby.

8. SPECIFICATIONS

Feature	Detail
Brand	Portronics
Model	Toad 34 (POR-2786)
Connectivity Technology	2.4 GHz Wireless
Movement Detection Technology	Optical
Adjustable Sensitivity (DPI)	Up to 1600 DPI (800, 1200, 1600)
Power Source	Battery Powered (2 AAA batteries required)
Operating System Compatibility	Linux, Windows 7, Windows XP, macOS
Item Weight	85 g
Product Dimensions (LxWxH)	14 x 8.5 x 0.1 cm
