HAVIT OpenBuds Open-Ear FreeClip Headphones

User Manual - Model OWS916 LITE

Introduction

The HAVIT OpenBuds Open-Ear FreeClip Headphones (Model OWS916 LITE) offer a unique open-ear audio experience with advanced features. These true wireless stereo (TWS) earbuds are designed for comfort and high-quality sound, allowing you to stay aware of your surroundings while enjoying your audio. Key features include Bluetooth V5.3 connectivity, AI Noise Cancelling for clear calls, dual-device connections, and smart touch controls.

Setup

Package Contents

Before you begin, ensure all components are present in the package:

- HAVIT OpenBuds Open-Ear FreeClip Headphones (Left and Right earbuds)
- Charging Case
- USB Type-C Charging Cable
- User Manual

Charging the Earbuds and Case

For first-time use, fully charge the earbuds and the charging case. The charging case provides extended battery life for your earbuds.

1. Place the earbuds into the charging case, ensuring they are correctly seated in their respective L (Left) and R (Right) slots.
2. Connect the USB Type-C charging cable to the charging port on the case and the other end to a USB power source (e.g., wall adapter, computer USB port).
3. The indicator light on the charging case will show the charging status. Once fully charged, the indicator light will behave according to the specific model's design (e.g., turn solid, turn off).

Image: HAVIT OpenBuds Open-Ear FreeClip Headphones placed inside their charging case, with the lid open, showing the earbuds and the charging contacts. The earbuds are beige with a subtle gradient on the touch sensitive area.

Image: The HAVIT OpenBuds charging case with the earbuds removed, showing the empty slots with charging pins. The earbuds are shown separately next to the case, highlighting their design.

Bluetooth Pairing

To connect your HAVIT OpenBuds to your device:

1. Ensure earbuds are charged.
2. Open the charging case. The earbuds will automatically enter pairing mode, indicated by a flashing light on the earbuds.
3. On your device (smartphone, tablet, computer), go to Bluetooth settings and turn Bluetooth on.
4. Search for available devices. Select "HAVIT OpenBuds" (or similar name) from the list.
5. Once connected, the earbud indicator lights will stop flashing. You will hear an audio prompt confirming the connection.

For dual-device connections, refer to your device's Bluetooth settings or the HAVIT app for specific instructions on managing multiple paired devices.

HAVIT App Integration

Enhance your experience by downloading the official HAVIT app. The app allows for audio customization, touch control configuration, and access to additional settings.

- Download the "HAVIT" app from your device's app store (App Store for iOS, Google Play Store for Android).
- Open the app and follow the on-screen instructions to connect your OpenBuds.

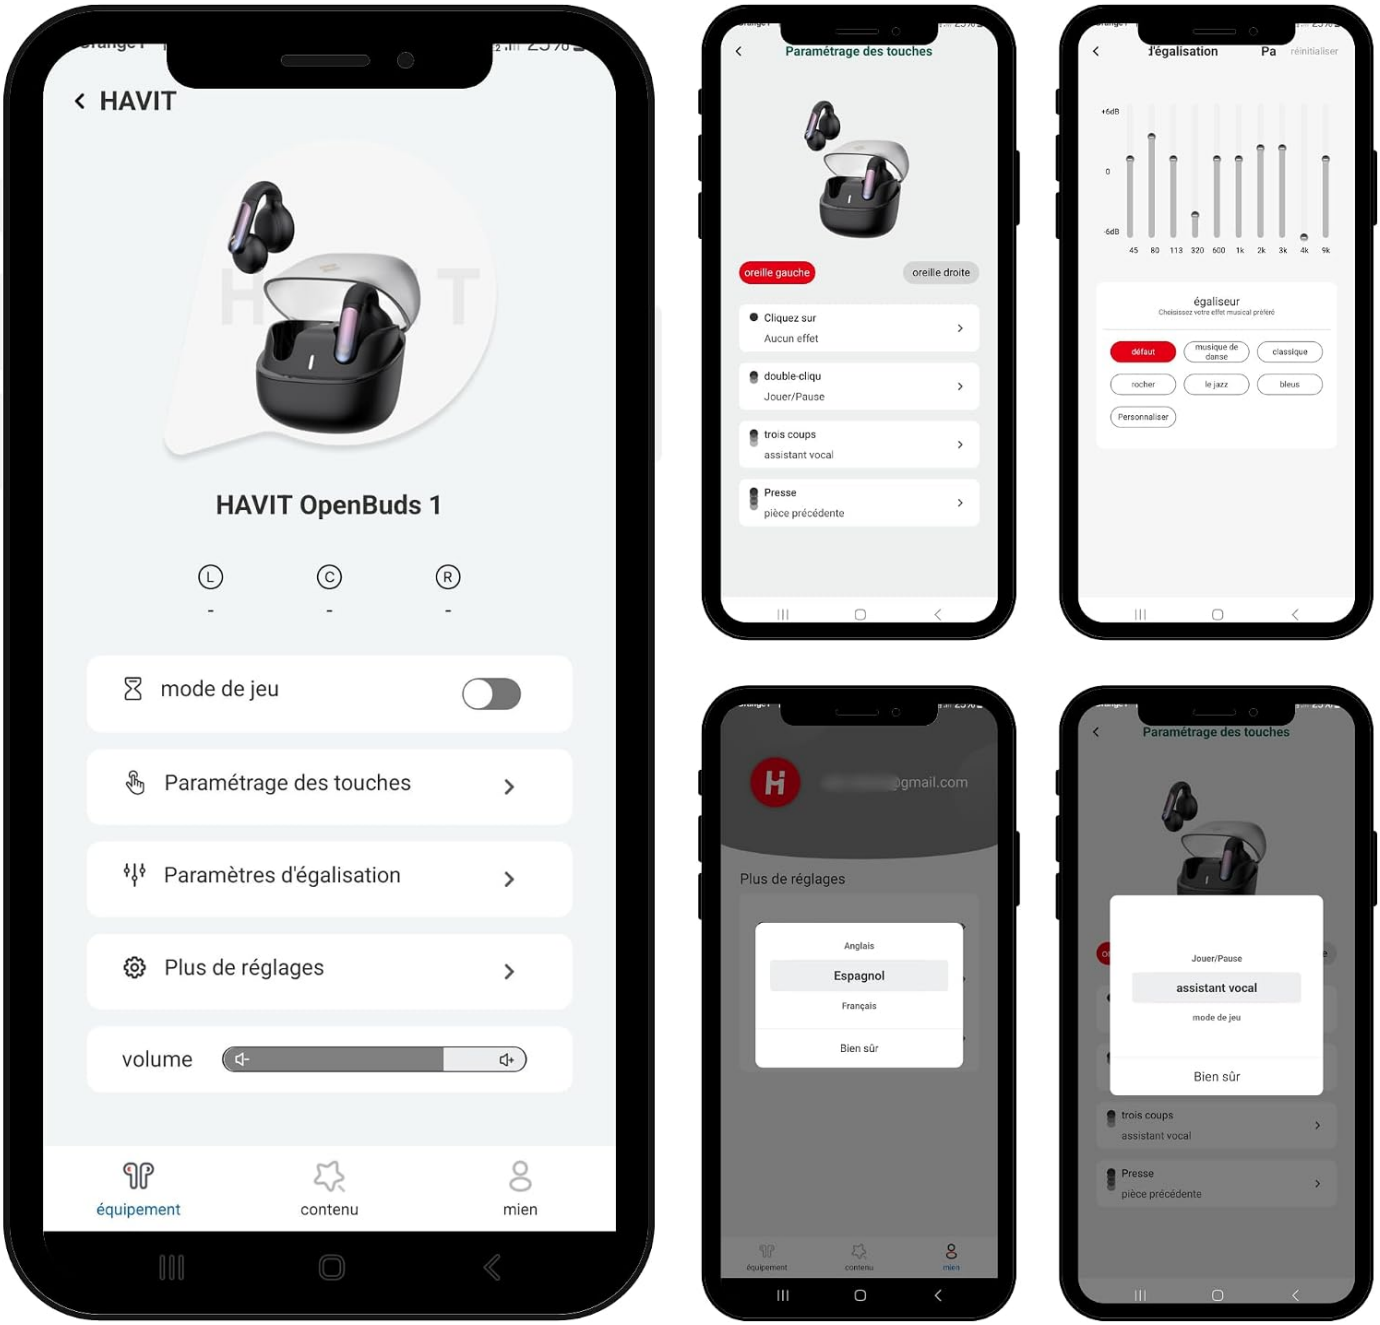

Image: A collage of screenshots showing the user interface of the HAVIT mobile application. The screens display options for managing earbuds, customizing touch controls, and adjusting equalizer settings.

Operating the Headphones

Wearing the Earbuds

The OpenBuds feature an open-ear design for comfortable and secure wearing, allowing ambient sound awareness.

- Identify the Left (L) and Right (R) earbuds.
- Gently place the earbud over your ear, ensuring the speaker portion is positioned correctly near your ear canal without entering it. The memory-rebound arms provide a secure fit.

Image: A pair of HAVIT OpenBuds Open-Ear FreeClip Headphones, showcasing their unique design that clips onto the ear without entering the ear canal, emphasizing the open-ear listening experience.

Image: A close-up of a HAVIT OpenBuds earbud being worn on a person's ear, demonstrating how the open-ear design sits comfortably and securely without obstructing the ear canal.

Image: A diagram illustrating the ergonomic flexibility and memory-rebound feature of the HAVIT OpenBuds, showing how the earbud can adapt to different ear shapes for a secure and comfortable fit.

Smart Touch Controls

The earbuds feature intuitive touch controls on their surface. The specific functions can often be customized via the HAVIT app.

Action	Function
Single Tap	Play/Pause music, Answer/End call
Double Tap (Left Earbud)	Previous Track
Double Tap (Right Earbud)	Next Track
Triple Tap	Activate Voice Assistant
Long Press (Left Earbud)	Volume Down

Action	Function
Long Press (Right Earbud)	Volume Up
Long Press (Incoming Call)	Reject Call

Note: Touch control functions may vary slightly or be customizable via the HAVIT app.

AI Noise Cancelling (for Calls)

The integrated dual-microphone AI technology helps to reduce ambient noise during calls, ensuring clearer communication for both you and the person you are speaking with.

Directional Sound Technology

These headphones utilize directional sound technology to deliver audio directly to your ears while minimizing sound leakage, providing an immersive audio experience without fully blocking external sounds.

Maintenance

Cleaning

- Use a soft, dry, lint-free cloth to clean the earbuds and charging case.
- Do not use abrasive cleaners, alcohol, or chemical sprays.
- Keep the charging contacts on both the earbuds and the case clean and dry to ensure proper charging.

Storage

When not in use, store the earbuds in their charging case to protect them from dust and damage.
Store the device in a cool, dry place, away from extreme temperatures and direct sunlight.

Battery Care

- Avoid fully discharging the battery frequently.
- Charge the device regularly, even if not in frequent use, to maintain battery health.
- Use only the provided Type-C cable or a certified equivalent for charging.

Troubleshooting

Common Issues and Solutions

- **Earbuds not pairing with device:**
    - Ensure earbuds are charged.
    - Turn off and on your device's Bluetooth.
    - Forget "HAVIT OpenBuds" from your device's Bluetooth list and try pairing again.
    - Ensure earbuds are in pairing mode (flashing indicator).
- **Only one earbud working:**
    - Place both earbuds back into the charging case, close the lid, wait a few seconds, then open the lid and take them out.
    - Check battery level of both earbuds.
    - Perform a factory reset (refer to manufacturer's website or app for specific instructions if not detailed here).

- **Low volume or poor sound quality:**
  - Adjust volume on both your device and the earbuds.
  - Ensure earbuds are worn correctly.
  - Check for obstructions or debris on the speaker grilles.
  - Move closer to your connected device to avoid interference.
- **Charging issues:**
  - Ensure the charging cable is securely connected to both the case and the power source.
  - Try a different USB port or power adapter.
  - Clean the charging contacts on the earbuds and inside the case.
