Beats iPhone 16 Case User Manual

MagSafe, Scratch-Resistant Protective Cover

PRODUCT OVERVIEW

The Beats iPhone 16 Case is designed to provide robust protection and enhanced functionality for your iPhone 16 series device. This case has undergone extensive testing to ensure durability and a precise fit. It features MagSafe compatibility, a scratch-resistant coating, and a slim profile.

Key features include a hardshell polycarbonate back with flexible sidewalls for shock absorption, a smooth outer surface with a glossy scratch-resistant coating, and a microfibre lining for interior protection. The case is available in four sizes, each specifically crafted to fit the design and buttons of its corresponding iPhone 16 model.

INSTALLATION GUIDE

Follow these steps to properly install the Beats iPhone 16 Case on your device:

1. Ensure your iPhone 16 is clean and free of dust or debris.
2. Align the top edge of your iPhone with the top opening of the case.
3. Gently push your iPhone into the case, starting from the top, ensuring all corners and edges are securely seated within the flexible sidewalls.
4. Verify that all buttons and ports are correctly aligned with the case cutouts.

OPERATING INSTRUCTIONS

MagSafe Compatibility

The Beats iPhone 16 Case is fully compatible with MagSafe accessories. Built-in magnets within the case align perfectly with your iPhone 16, allowing for easy attachment of MagSafe chargers, wallets, and other accessories. This ensures efficient pass-through wireless charging without needing to remove the case.

MAINTENANCE

To maintain the appearance and protective qualities of your Beats iPhone 16 Case, follow these simple cleaning guidelines:

- Gently wipe the exterior of the case with a soft, damp, lint-free cloth.
- For stubborn marks, a small amount of mild soap can be used, followed by wiping with a clean, damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or solvents, as these may damage the scratch-resistant coating or the case material.
- Ensure the case is completely dry before reattaching it to your iPhone.

TROUBLESHOOTING

If you encounter any issues with your Beats iPhone 16 Case, consider the following:

- **Case not fitting correctly:** Ensure you have the correct size case for your specific iPhone 16 model. The case is designed for a precise fit.
- **MagSafe accessories not attaching:** Verify that the MagSafe accessory is properly aligned with the magnetic ring on the back of the case. Ensure there are no obstructions between the case and the accessory.
- **Wireless charging issues:** Confirm that your wireless charger is MagSafe compatible and properly connected to a power source. Ensure the iPhone is centered on the charging pad.
