TYBERLEY PD1727

TYBERLEY Pagani Design PD1727 Quartz Chronograph Watch Instruction Manual

Model: PD1727

INTRODUCTION

This manual provides essential instructions for the proper use and care of your TYBERLEY Pagani Design PD1727 Quartz Chronograph Watch. Please read this manual thoroughly to ensure optimal performance and longevity of your timepiece.

Image: The TYBERLEY Pagani Design PD1727 Quartz Chronograph Watch, featuring a black dial, three subdials, and a stainless steel case and bracelet.

SETUP

Setting the Time and Date

1. **Pull out the crown:** Gently pull the crown (located on the right side of the watch case) to the second click position.
2. **Set the time:** Rotate the crown to adjust the hour and minute hands to the desired time.
3. **Set the date:** If your watch has a date function, pull the crown out to the first click position and rotate it to set the date. Push the crown back in to the normal position once set.
4. **Push in the crown:** Once the time and date are set, push the crown back into its original position to start the watch movement. Ensure the crown is fully pushed in to maintain water resistance.

Strap Adjustment

The watch comes with a tool for adjusting the stainless steel strap length. Links can be removed or added to achieve a comfortable fit for various wrist sizes. If you are unsure, it is recommended to have a professional jeweler adjust the strap.

OPERATING THE CHRONOGRAPH

Your PD1727 watch features a chronograph function powered by the Japan VK63 movement, allowing for precise timing of events.

- Start/Pause:** Press the button located on the **upper right corner** of the watch case to start the chronograph. Press it again to pause the timing.
- Reset:** While the chronograph is paused, press the button located on the **lower right corner** of the watch case to reset all chronograph hands to their zero positions.

MAINTENANCE AND CARE

- Cleaning:** Regularly clean the watch band and case with a soft, dry cloth to remove dirt and oils. Avoid using harsh chemicals or abrasive materials.
- Water Resistance:** The watch is water resistant to 100 meters (330 feet). This makes it suitable for daily use, such as washing hands, accidental splashes, or washing a car.
- Important Water Resistance Precautions:**
 - Do not press any buttons while the watch is submerged in water.**
 - Avoid exposing the watch to extreme temperatures, such as hot showers, saunas, or very cold environments, as this can compromise the seals.
 - This watch is **not suitable for diving**.
 - Excessive exposure to water, especially hot water, can shorten the lifespan of the watch's seals and components.
- Magnetic Fields:** Keep the watch away from strong magnetic fields (e.g., speakers, refrigerators, certain electronic devices) to prevent timing errors.
- Luminescence:** The hands and hour markers feature an environmentally friendly luminescent coating. For optimal glow, expose the watch to a light source to allow it to absorb and store light energy.

TROUBLESHOOTING

- Watch is not keeping accurate time:** Ensure the crown is fully pushed in. Check if the watch has been exposed to strong magnetic fields. If issues persist, contact customer support.
- Chronograph hands do not reset to zero:** Perform the reset procedure (press the lower right button). If the hands are misaligned, consult the warranty information for service options.
- Condensation under the crystal:** This may indicate a breach in water resistance. Avoid further water exposure and contact customer support immediately.

SPECIFICATIONS

Model Number	PD1727
Movement	Japan VK63 Quartz Chronograph
Case Material	Stainless Steel
Strap Material	Stainless Steel
Crystal	Synthetic Sapphire
Case Diameter	40 mm

Case Thickness	12 mm
Strap Width	20 mm
Strap Length	210 mm
Weight	145 g
Water Resistance	100 meters (330 feet)
Clasp Type	Single-side safety folding clasp

WARRANTY AND SUPPORT

Your TYBERLEY Pagani Design PD1727 Quartz Chronograph Watch comes with a **1-year warranty** covering manufacturing defects. Additionally, a **30-day money-back guarantee** is offered for quality-related issues from the date of purchase.

For any questions regarding the use, maintenance, or warranty claims for your watch, please contact TYBERLEY customer support. Your satisfaction is a priority.
