3. SETUP AND ASSEMBLY

Assembly of the Globlazer F80 Cat Tower typically requires following the detailed instructions provided in the included manual. Ensure all components are present before beginning assembly.

3.1 Important Assembly Notes

- Identify all parts and hardware according to the packing list.
- Follow the step-by-step diagrams in the separate assembly manual.
- Ensure all screws are tightened securely during assembly to maintain stability.
- Utilize the provided anti-tip kit to secure the cat tower to a wall, especially in households with active or multiple cats, to prevent accidental tipping.

4. OPERATING AND USAGE

The Globlazer F80 Cat Tower is designed for indoor use and provides a stimulating environment for cats of all breeds and sizes. Its multi-level design encourages natural climbing, jumping, and scratching behaviors.

4.1 Recommended Use

- Place the cat tower in a stable, level area indoors.
- Encourage your cats to explore the different levels, perches, and condos.
- The sisal scratching posts are intended for claw maintenance; redirect your cat to these posts if they scratch furniture.
- The various platforms and enclosed spaces offer options for both active play and quiet rest.

Suitable for Multi-Cat Households

5. MAINTENANCE

Regular maintenance ensures the longevity and safety of your Globlazer F80 Cat Tower.

- **Screw Firmness:** Check the firmness of all screws at least once a month. Tighten any loose screws to maintain structural integrity.
- **Fabric Components:** Hand wash or spot clean fabric components as needed. The removable covers on the top perches can be easily cleaned.
- **Indoor Use:** Keep the product indoors.
- **Environmental Conditions:** Avoid exposure to excessive moisture or direct sunlight, which can degrade materials over time.
- **General Cleaning:** Regularly vacuum or brush the plush surfaces to remove cat hair and dust.

6. TROUBLESHOOTING

This section addresses common concerns you might encounter with your cat tower.

6.1 Stability Issues

- **Wobbling:** If the tower wobbles, ensure all screws are securely tightened. Re-check the assembly steps to confirm correct installation of all parts.
- **Tipping Hazard:** For maximum safety, especially with active or multiple large cats, ensure the anti-tip kit is properly installed and anchored to a wall.

6.2 Cat Disinterest

- **Lack of Use:** Place the tower in a prominent area where your cat enjoys spending time, such as near a window.
- **Encouragement:** Use catnip, treats, or favorite toys to encourage your cat to explore and interact with the tower's features.
