SETUP & INSTALLATION

This unit is designed for 100% plug-and-play installation. Professional installation is recommended for optimal results.

Compatibility Check

Ensure your Honda Accord model is between 2008 and 2013. Verify the dimensions and shape of your vehicle's center console against the product images. If unsure, consult the seller with a message or picture of your console.

MAINTENANCE

Keep the screen clean using a soft, dry cloth. Avoid abrasive cleaners or solvents. Ensure all cables are securely connected to prevent signal loss or damage.

TROUBLESHOOTING

Common Issues & Solutions

- **No Power:** Check all power cable connections. Ensure the vehicle's ignition is on.
- **No Sound:** Verify speaker connections and audio input cables. Ensure the AUX input is correctly selected if using an external audio source.
- **Touchscreen Unresponsive/Inaccurate:** Perform screen calibration. To calibrate, use all five fingers to tap and hold on the screen for about 10 seconds until a prompt appears. Follow the on-screen instructions to tap the 'X' marks.
- **Steering Wheel Controls Not Working:** Ensure the SWC Type is set to "Learning Type" in Car Settings. Then, enter the SWC setting interface to program each button.
- **CarPlay/Android Auto Connection Issues:** Ensure Bluetooth is enabled and paired correctly. For wired connections, check the USB cable.
