2. SAFETY INFORMATION

To ensure safe operation and prevent injury or damage, please observe the following safety precautions:

- Always place the massage chair on a flat, stable surface.
- Do not use the chair if the power cord is damaged or frayed.
- Keep children and pets away from the chair during operation.
- Do not insert any objects into the chair's openings.
- Consult a physician before use if you have pre-existing medical conditions, are pregnant, or have a pacemaker.
- Unplug the chair from the power outlet when not in use or before cleaning.
- Do not attempt to repair or disassemble the chair yourself. Contact authorized service personnel.

3. PACKAGE CONTENTS

Please verify that all components are present in the package:

- Massage Chair Unit
- Remote Control
- Power Cord
- User Manual (This document)
- Warranty Card

4. SETUP AND ASSEMBLY

The Osim uDivine V2 massage chair typically comes largely pre-assembled. Follow these general steps for setup:

1. **Unpacking:** Carefully remove all packaging materials. Retain packaging for future transport or service if needed.
2. **Placement:** Position the chair in your desired location, ensuring sufficient space around it for reclining and full extension. Refer to the dimensions in the Specifications section.
3. **Connect Power:** Connect the power cord to the chair's power input, then plug it into a suitable electrical outlet.
4. **Remote Control:** Ensure the remote control is properly connected or has fresh batteries (if wireless).

5. OPERATING INSTRUCTIONS

Familiarize yourself with the chair's features and controls for an optimal massage experience.

5.1. Power On/Off

Locate the main power switch, usually at the back or side of the chair. Press the power button on the remote control to turn the chair on or off.

5.2. Zero Gravity Reclining

The uDivine V2 features a Zero Gravity reclining function, which elevates your legs above your heart, distributing body weight evenly and reducing pressure on the spine for a deeper massage.

7. TROUBLESHOOTING

If you encounter issues with your Osim uDivine V2, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Chair does not power on.	Power cord not securely plugged in. Main power switch is off. Power outlet malfunction.	Ensure power cord is fully inserted into chair and wall outlet. Turn on the main power switch. Test the outlet with another device.
Remote control is unresponsive.	Batteries are low or incorrectly inserted. Remote not paired (if wireless).	Replace batteries or ensure correct polarity. Refer to remote control pairing instructions in a separate guide if applicable.
Massage feels weak or inconsistent.	Incorrect program selected. Intensity setting is too low. Obstruction.	Select a different massage program. Increase the massage intensity via the remote control. Ensure no objects are obstructing the massage rollers.

If the problem persists after attempting these solutions, please contact Osim customer support.

8. SPECIFICATIONS

Detailed specifications for the Osim uDivine V2 Massage Chair:

Adjustable recline angles with Zero-Gravity

Recline up to 155° for weightless, zero-gravity relief. This evenly distributed pressure across your spine, joints and muscles provides therapeutic comfort. Ideal for long-day standing or post-workout recovery, the Zero-Gravity position alleviates strain and aids muscle restoration, aligning with the principles of sports massage therapy, for quicker peak performance rebound.
