Hulaed Q26S

Hulaed Q26S Invisible Sleep Earbuds User Manual

Model: Q26S

Brand: Hulaed

1. Introduction

Thank you for choosing the Hulaed Q26S Invisible Sleep Earbuds. These earbuds are designed to provide a comfortable and discreet audio experience, especially for sleep and various daily activities. This manual provides detailed instructions on how to set up, operate, and maintain your earbuds to ensure optimal performance and longevity.

2. Product Features

- **Invisible Design:** Smallest earbuds designed to sit discreetly in your ears, ideal for use during work or sleep.
- **Comfortable for Sleep:** Features skin-soft silicone eartips and caps for a comfortable wearing experience, especially for side sleepers.
- **Bluetooth 5.3 Connectivity:** Ensures a stable and low-latency wireless connection with your devices.
- **IPX6 Waterproof Rating:** Protects against sweat and rain, suitable for swimming, surfing, snorkeling, and other sports.
- **Enhanced Audio:** 3D surround sound with binaural chip technology and dynamic drivers for clear and balanced audio.
- **Noise Reduction Microphone:** Built-in microphone for clearer call quality.
- **Individual Earbud Use:** Each earbud can be used independently.
- **Sleep Mode:** Activated by four quick taps to prevent accidental touches and stop indicator lights from flashing, ensuring an undisturbed sleep.

Visual Overview

Figure 2.2: A woman sleeping on her side, demonstrating the comfortable and discreet fit of the earbuds for side sleepers.

Figure 2.3: A man wearing the earbuds, highlighting their tiny size and comfortable, almost invisible fit.

Figure 2.4: A woman cycling, demonstrating the secure and comfortable fit of the earbuds during sports activities.

Figure 2.5: An earbud in an ear with water droplets, illustrating the IPX6 water resistance feature, protecting against sweat and rain.

Figure 2.6: The earbuds depicted with sound wave graphics, emphasizing their dynamic drivers and ability to produce sleep-inducing sound.

Figure 2.7: A single earbud glowing, symbolizing the unlimited audio enjoyment via Bluetooth connectivity.

3. Setup and Pairing

3.1 Initial Charging

Before first use, fully charge the earbuds and the charging case. Place the earbuds into the charging case. Connect the charging case to a power source using the provided USB cable. The indicator lights on the case will show the charging status.

3.2 Pairing with a Device

1. Ensure the earbuds are charged and inside the charging case.
2. Open the charging case. The earbuds will automatically enter pairing mode, indicated by a flashing light (if not in sleep mode).
3. On your device (smartphone, tablet, etc.), go to Bluetooth settings and turn Bluetooth on.

4. Search for available devices and select "Hulaed Q26S" from the list.
5. Once connected, a voice prompt will confirm successful pairing.
6. For subsequent uses, the earbuds will automatically connect to the last paired device when removed from the case.

4. Operation

The Hulaed Q26S earbuds feature touch controls for easy management of audio and calls.

- **Power On/Off:** Earbuds power on automatically when removed from the case and power off when placed back in the case.
- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud.
- **Reject Call:** Press and hold either earbud for 2 seconds.
- **Activate Voice Assistant:** Triple tap on either earbud.
- **Sleep Mode:** Tap either earbud four times quickly to activate sleep mode. This disables accidental touches and stops indicator lights from flashing, ensuring an undisturbed sleep.

5. Charging

5.1 Charging the Earbuds

Place the earbuds into the charging case. They will automatically begin charging. The indicator lights on the case will show the charging status of the earbuds.

5.2 Charging the Case

Connect the charging case to a USB power adapter (not included) or a computer's USB port using the provided USB cable. The indicator lights on the case will illuminate to show the charging progress. A full charge provides approximately 8 hours of continuous playback at medium volume.

6. Maintenance and Care

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- **Water Resistance:** The earbuds are IPX6 waterproof, meaning they can withstand strong jets of water. They are suitable for swimming and snorkeling but should not be submerged for more than 6 hours continuously. Ensure they are dry before placing them back in the charging case to prevent damage.
- **Storage:** Store the earbuds in their charging case when not in use to protect them and keep them charged. Avoid extreme temperatures.
- **Battery Life:** To preserve battery life, fully charge the earbuds and case at least once every three months if not used regularly.

7. Troubleshooting

Problem	Solution
Earbuds not pairing.	Ensure earbuds are charged. Turn off and on Bluetooth on your device. Forget "Hulaed Q26S" from your device's Bluetooth list and re-pair.
No sound or low volume.	Check device volume and earbud volume. Ensure earbuds are properly seated in your ears. Recharge earbuds.
Earbuds not charging.	Ensure the charging cable is securely connected. Check the power source. Clean charging contacts on earbuds and case.
Intermittent connection.	Ensure no obstacles between earbuds and device. Keep device within 30 meters range. Avoid strong electromagnetic interference.
Accidental touches during sleep.	Activate Sleep Mode by tapping either earbud four times quickly. This disables touch controls.
