3. Product Overview

Familiarize yourself with the camera's components and controls:

Figure 3.1: Detailed view of the camera's components and dimensions.

- **Lens:** Captures images and videos.
- **Flash:** Provides illumination in low-light conditions.
- **180° Flip Screen:** 3-inch IPS display for viewing and selfies.
- **Control Buttons:** Navigate menus, adjust settings, and control playback.
- **Shutter Button:** To take photos or start/stop video recording.
- **Power On/Off Button:** To turn the camera on or off.

- **Rotating Function Dial:** Selects different shooting modes.
- **USB-C Port:** For charging and data transfer.
- **Battery Compartment:** Houses the rechargeable battery.
- **TF Card Slot:** For inserting the 32GB TF memory card.

4. Setup

4.1. Battery Installation

Ensure the battery is inserted correctly to power on the camera.

Video 4.1: Important Point - Battery Installation. This video demonstrates the correct orientation for inserting the battery into the camera.

Figure 4.1: Correct battery installation procedure. Note: The batteries are oriented with the positive and negative terminals toward the bottom of the camera.

4.2. Memory Card Installation

Insert the provided 32GB TF card into the designated slot. Ensure it clicks into place. Please format the TF card before first use and test whether it can store files normally.

4.3. Charging the Camera

Connect the camera to a power source using the included Type C USB cable. The camera supports charging via a wall adapter or computer USB port.

Figure 4.2: The camera comes with two 1150mAh batteries, providing over 70 minutes of recording time per battery.

5. Operating Instructions

5.1. Power On/Off

Press and hold the Power On/Off button located on the top of the camera until the screen illuminates or turns off.

5.2. Photo Modes

The camera offers four distinct photo modes to suit various shooting scenarios:

- **Continuous Shooting:** Captures a rapid sequence of photos.
- **Timed Shooting:** Sets a delay before taking a photo (e.g., 2s, 5s, 10s).
- **Auto Photo Mode:** Automatically adjusts settings for optimal results.
- **Normal Photo Mode:** Standard photo capture.

Figure 5.1: Explore various photo modes for diverse photographic needs.

5.3. Video Modes

Record high-quality videos with multiple specialized modes:

- **Time Lapse Recording:** Captures frames at set intervals to create a sped-up video.
- **Loop Recording:** Continuously records, overwriting older footage when memory is full.

- **Slow Motion Recording:** Captures video at a higher frame rate for slow-motion playback.
- **Normal Video Mode:** Standard video recording.

Video 5.1: 4K Vlogging Camera for YouTube. Demonstrates the camera's video capabilities for vlogging.

Figure 5.2: Record every wonderful moment in your life with diverse video options.

5.4. Autofocus & Digital Zoom

The camera features autofocus, manual focus, and fixed focus modes, allowing you to select the best option for your subject. It also supports 18X digital zoom for bringing distant subjects closer.

Compact and Portable

Figure 5.3: Utilize the 18X digital zoom to capture details from a distance. Note: Digital zoom affects picture quality; the more you zoom in, the blurrier it gets.

Figure 5.4: Choose between auto focus and fixed focus for optimal clarity.

5.5. Wi-Fi & Webcam Functionality

The built-in Wi-Fi allows for instant sharing of photos and videos to your smartphone. The camera can also

function as a webcam for live streaming and video calls.

Video 5.2: Camera as a Webcam. Demonstrates how to use the camera as a webcam for various applications.

Wireless WIFI Function

The camera has built-in wireless WIFI function, you could use your mobile phone to instantly share videos and photos online.

Figure 5.6: The camera can be used as a webcam for video calls, live broadcasts, and vlogging.

5.6. 180° Flip Screen

The 3-inch IPS flip screen allows for easy selfies and vlogging, providing a clear view of yourself while recording.

Figure 5.7: The 180° flip screen enhances usability for self-recording and unique angles.

5.7. Built-in Fill Light

The camera is equipped with a high-brightness fill light to capture clear images even in dark environments.

Figure 5.8: Activate the built-in fill light for brighter photos in low-light conditions.

5.8. Filters & Exposure Compensation

Enhance your photos with a variety of built-in filters and adjust exposure settings for perfect lighting.

Figure 5.9: Apply different filters to make your photos more unique.

Figure 5.10: Adjust exposure compensation and ISO for optimal image brightness.

5.9. Image Quality

The camera captures stunning 64MP UHD pictures and 4K videos, ensuring every memorable moment is recorded with clarity.

Figure 5.11: Experience high-quality imaging with 4K video and 64MP photo resolution.

6. Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the camera body and screen. For the lens, use a specialized lens cleaning cloth and solution.
- **Storage:** Store the camera in a cool, dry place away from direct sunlight and extreme temperatures. Use the provided camera bag for protection.
- **Battery Care:** Remove batteries if the camera will not be used for an extended period. Charge batteries fully before storage and periodically to maintain their lifespan.

7. Troubleshooting

Problem	Possible Cause	Solution
Camera does not power on	Low or uncharged battery; incorrectly inserted battery.	Charge the battery fully. Ensure battery is inserted with correct polarity.
Cannot take photos/videos	Memory card full or not inserted; incorrect mode selected.	Insert/replace memory card. Ensure sufficient space. Select appropriate photo/video mode.
Poor image quality	Low light; dirty lens; digital zoom used excessively.	Use flash/fill light. Clean the lens. Avoid excessive digital zoom.
Wi-Fi connection issues	Incorrect password; distance from device.	Verify Wi-Fi password. Reduce distance between camera and device.

For further assistance, please refer to the detailed troubleshooting section in the full user manual or contact customer support.
