TORRAS WX3

TORRAS PolarCircle Qi2 Wireless Charger

Model: WX3

1. INTRODUCTION

The TORRAS PolarCircle Qi2 Wireless Charger is an innovative magnetic charging pad designed to provide efficient and cool wireless charging for compatible smartphones. It integrates advanced semiconductor cooling technology with a versatile 360-degree rotating stand, ensuring optimal performance and extended battery life for your device.

2. KEY FEATURES

- **Qi2 Certified 15W Fast Charging:** Delivers reliable and fast wireless charging, ensuring your device powers up quickly and efficiently.
- **Semiconductor Cooling Technology:** Utilizes Tora-ice technology with advanced TEC semiconductor cooling to reduce charging temperature by up to 77°F, preventing overheating and battery degradation.

- **Multi-functional 360° Rotating Stand:** Features a built-in stand that rotates 360 degrees, allowing for flexible viewing angles in both horizontal and vertical orientations during charging.
- **Strong Magnetic Connection:** Provides an 11N strong magnetic connection for secure attachment and reduced wireless charging loss.
- **Enhanced Battery Health:** By maintaining lower temperatures, the charger helps protect your phone's battery and extends its lifespan.

3. WHAT'S IN THE BOX

- TORRAS PolarCircle Qi2 Wireless Charger (Model: WX3)
- 5ft Type-C Cable

Please note that a 30W or higher wall plug is required for optimal performance and effective cooling, and is not always included.

4. SETUP INSTRUCTIONS

1. **Connect to Power:** Plug the provided 5ft Type-C cable into the TORRAS PolarCircle charger. Connect the other end of the cable to a wall adapter with a power output of 30W or more. A 30W+ adapter is crucial for activating the internal cooling chip and fan to effectively cool your phone's battery area.
2. **Attach to Device:** Align the TORRAS PolarCircle charger with the back of your compatible smartphone. The strong magnetic connection will securely attach the charger to your device.
3. **Activate Cooling:** The cooling fan will automatically activate upon connection if sufficient power is supplied. To manually switch the fan on/off, press and hold the designated button for 3 seconds.

5. OPERATING INSTRUCTIONS

5.1 Wireless Charging

Once connected to a power source and attached to your device, the PolarCircle charger will begin 15W Qi2 certified fast wireless charging. The integrated cooling system will work to maintain a low temperature, ensuring consistent charging speed and protecting your device.

5.2 Using the 360° Rotating Stand

The charger features a built-in 360° rotating stand. Gently pull out the ring stand from the back of the charger. You can then rotate your phone to any desired angle, supporting both vertical upright and lateral floating positions. This is ideal for watching videos, playing games, or participating in video calls while charging.

8. MAINTENANCE

- Keep the charger clean and free from dust, especially around the fan vents, to ensure optimal cooling performance.
- Avoid exposing the device to extreme temperatures, direct sunlight, or moisture.
- Do not attempt to disassemble or repair the charger yourself. Contact customer support for assistance.
- Use only the provided Type-C cable and a compatible 30W or higher power adapter for safe and efficient operation.

9. TROUBLESHOOTING

- **Device not charging:** Ensure the charger is properly connected to a 30W or higher power adapter and that your phone is correctly aligned on the magnetic pad. Check if your phone case is compatible with wireless charging and MagSafe.
- **Cooling fan not working or phone still hot:** Verify that the charger is connected to a 30W or higher power adapter. Press and hold the fan control button for 3 seconds to ensure the fan is activated. Clean any dust from the fan vents.
- **Slow charging:** Ensure you are using a 30W or higher power adapter. Lower wattage adapters may result in slower charging speeds, especially when the cooling function is active.
- **Magnetic attachment is weak:** Ensure your phone or phone case is MagSafe compatible. Thicker cases may interfere with the magnetic connection.

10. WARRANTY & SUPPORT

TORRAS offers an 18-month warranty for the PolarCircle Qi2 Wireless Charger. Additionally, customers benefit from 7x24 hours lifetime professional support, along with free returns and exchanges on TORRAS magnetic accessories. The product is guaranteed by FCC, UL, TUV, DOE, CEC, UN, and RoHS certificates, ensuring peace of mind regarding its quality and safety.

11. SAFETY INFORMATION

- Do not place metal objects or magnetic cards between the charger and your device during charging, as this may interfere with charging or damage the items.
- Keep the charger away from water and other liquids.
- Avoid dropping or subjecting the charger to strong impacts.

- This product is intended for indoor use only.
- Keep out of reach of children.
