

Milex 2 Burner Gas Braai

Milex 2 Burner Gas Braai

Instruction Manual

INTRODUCTION

Thank you for choosing the Milex 2 Burner Gas Braai. This manual provides essential information for the safe assembly, operation, and maintenance of your new gas braai. Please read these instructions thoroughly before use and retain them for future reference.

The Milex 2 Burner Gas Braai features powerful burners for precise heat control, a sleek design, and high-quality materials for durability. It includes convenient features such as a warming rack, automatic ignition, and a gas bottle hook.

IMPORTANT SAFETY INFORMATION

- **Outdoor Use Only:** This appliance is designed for outdoor use only. Do not operate indoors.
- **Ventilation:** Ensure adequate ventilation. Do not operate in an enclosed area.
- **Gas Cylinder:** Store gas cylinders in a well-ventilated area, away from heat sources.
- **Flammable Materials:** Keep flammable materials, liquids, or aerosols away from the appliance.
- **Leak Test:** Always perform a leak test on all gas connections before first use and after any gas cylinder change.
- **Children and Pets:** Keep children and pets away from the hot appliance.
- **Supervision:** Never leave the appliance unattended while in use.
- **Read Instructions:** Always read and follow all instructions in this booklet before operating the appliance.

SETUP AND ASSEMBLY

Carefully unpack all components and ensure all parts are present before beginning assembly. Refer to the included assembly diagram for detailed steps.

1. **Assemble the Main Body:** Follow the instructions to connect the base and main grill housing.
2. **Attach Side Shelves:** Secure the side shelves to the main body using the provided hardware. These shelves offer convenient space for utensils and platters.

3. **Install Wheels:** Attach the wheels to the designated locations on the base for easy mobility.
4. **Place Cooking Grills and Warming Rack:** Position the black matte enamel cast iron cooking grill and the iron wire warming rack inside the braai.
5. **Connect Gas Regulator and Hose:** The braai comes with a ZA regulator and 60cm PVC hose. Connect the hose to the braai's gas inlet and the regulator to your gas bottle. Ensure all connections are tight.
6. **Perform Leak Test:** Before first use, apply a soapy water solution to all gas connections. Bubbles indicate a leak. Tighten connections or replace parts as necessary. Do not use the braai if a leak is detected.

OPERATING INSTRUCTIONS

Lighting the Burners:

1. **Open Lid:** Always open the braai lid before lighting.
2. **Turn on Gas Supply:** Ensure the gas bottle valve is fully open.
3. **Ignite First Burner:** Push and turn the control knob for the left burner to the "HIGH" position.

Immediately push and hold the ignitor button for 3-5 seconds. You should hear a click and see the burner ignite.

4. **Ignite Second Burner:** Once the left burner is lit, turn its control knob to "HIGH". The right burner will automatically ignite from the flame of the left burner.
5. **Adjust Heat:** Once both burners are lit, adjust the control knobs to your desired heat level (LOW to HIGH).
6. **Troubleshooting Ignition:** If a burner does not light within 5 seconds, turn off the gas supply, wait 5 minutes, and repeat the lighting procedure. If ignition issues persist, refer to the Troubleshooting section.

Cooking with Your Braai:

- **Preheating:** Close the lid and allow the braai to preheat for 10-15 minutes on medium heat before placing food on the grill.
- **Temperature Control:** Use the control knobs to adjust the flame intensity for different cooking requirements. The integrated thermometer in the hood allows for accurate temperature monitoring.
- **Warming Rack:** Utilize the warming rack to keep cooked food warm or to gently toast buns.
- **Even Cooking:** The black matte enamel cast iron cooking grill ensures even heat distribution for consistent results.

This video provides a visual overview of the Milex 2 Burner Gas Braai, showcasing its design, features, and ease of use, including the push-button ignition and cooking capabilities.

MAINTENANCE AND CARE

- **Cleaning Grill Grates:** After each use, once the braai has cooled, clean the black matte enamel cast iron cooking grill. The product care instructions specify "Hand Wash Only" for these components. Use a grill brush to remove food residue.
- **Exterior Cleaning:** Wipe down the steel hood and front panel with a damp cloth and mild detergent. Avoid abrasive cleaners that could damage the finish.
- **Burner Maintenance:** Periodically check burner ports for blockages (e.g., from food debris or insects). Clean with a wire brush if necessary.
- **Storage:** When not in use for extended periods, store the braai in a dry, protected area. Disconnect the gas bottle.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Burner does not light	Gas bottle empty or valve closed; Ignitor not sparking; Blocked burner ports.	Check gas level and open valve; Check ignitor battery (if applicable) or connection; Clean burner ports.
Uneven heating	Blocked burner ports; Incorrect gas pressure.	Clean burner ports; Ensure regulator is correctly attached and gas flow is adequate.
Gas leak detected (soapy water test)	Loose connections; Damaged hose or regulator.	Tighten all gas connections; Replace damaged hose or regulator immediately. Do not use the braai until the leak is fixed.

PRODUCT SPECIFICATIONS

Brand: Milex

Model: 2 Burner Gas Braai

Colour: Black

Material: Stainless Steel (Burner, Thermometer, Handle), Steel (Hood & Front Panel), Cast Iron (Cooking Grill), Iron Wire (Warming Rack)
