---

## 1. Connect to Power Source

Insert the USB-C end of the provided charging cable into the USB-C port located on the back of the lamp. Insert the other end into any 5V 2A USB power source (USB adapter, power bank, etc.). A red power indicator light will turn on, indicating the unit is receiving power.

## 2. Connect to Bluetooth / Set the Clock

Remove the protective film from the front of the display prior to use.

1. Power up the Speaker Charging Lamp.
2. Press the Bluetooth button to turn on the unit's Bluetooth. "BT" will flash on the display, indicating it is waiting to be paired.
3. Turn on your phone's Bluetooth function by accessing the Settings menu. Select "B+H Speaker Charging Lamp" from the Bluetooth device list and connect to it. Once connected, a chime will sound.
4. Once paired with your phone, the clock will be synchronized with your phone's time setting automatically.

## MAINTENANCE

To ensure the longevity and optimal performance of your Bell+Howell Digital Alarm Clock, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe down the device. Avoid using abrasive cleaners, solvents, or harsh chemicals, as these can damage the surface.
- **Placement:** Place the device on a stable, flat surface away from direct sunlight, excessive heat, and moisture.
- **Storage:** If storing the device for an extended period, disconnect it from the power source and store it in a cool, dry place.

## TROUBLESHOOTING

If you encounter any issues with your Bell+Howell Digital Alarm Clock, please refer to the following common solutions:

Problem	Possible Cause	Solution
Device does not power on.	Not connected to power, faulty cable/adapter.	Ensure the USB-C cable is securely connected to both the device and a working 5V 2A USB power source. Try a different cable or adapter.
Bluetooth not connecting.	Device not in pairing mode, phone's Bluetooth off, interference.	Press the Bluetooth button on the unit to ensure "BT" is flashing. Make sure Bluetooth is enabled on your phone and select "B+H Speaker Charging Lamp" from the device list. Move closer to the device.
Wireless charging not working.	Phone not Qi-enabled, phone case too thick, improper placement.	Ensure your phone supports Qi wireless charging. Remove thick phone cases. Re-position your phone centrally on the charging pad.
Clock time is incorrect.	Not synced with phone, manual setting error.	Ensure Bluetooth is connected for automatic sync. If manually setting, follow the instructions carefully for hour and minute adjustment.
