Osim OS-8218

OSIM uLove 3 Full Body Massage Chair User Manual

MODEL: OS-8218

Introduction

Welcome to the world of ultimate relaxation and well-being with your new OSIM uLove 3 Full Body Massage Chair. This manual provides essential information for the safe and effective operation, maintenance, and care of your massage chair. Please read it thoroughly before initial use and keep it for future reference.

Safety Information

To ensure safe operation and prevent injury or damage, please observe the following precautions:

- Always place the massage chair on a flat, stable surface.
- Do not use the chair if the power cord is damaged or frayed.
- Keep children and pets away from the chair's moving parts.
- Consult a physician before use if you have pre-existing medical conditions, are pregnant, or have a pacemaker.
- Do not attempt to disassemble or repair the chair yourself. Contact authorized service personnel.
- Unplug the chair from the power outlet when not in use or before cleaning.

What's in the Box

Upon unpacking, please verify that all the following components are included:

- Massage Chair Unit
- Remote Control
- Power Cord
- User Manual (this document)
- Warranty Card

Setup

Follow these steps for initial setup of your OSIM uLove 3 Massage Chair:

1. **Unpacking:** Carefully remove all packaging materials. Retain packaging for future transport or storage.
2. **Placement:** Position the chair in a suitable location, ensuring adequate space around it for recline and leg rest extension. The chair dimensions are approximately 148D x 82W x 122H Centimeters. Ensure there is enough clearance behind the chair for full recline.
3. **Power Connection:** Connect the power cord to the chair's power inlet, then plug it into a grounded electrical outlet.
4. **Remote Control:** Ensure the remote control is properly connected or has fresh batteries if wireless.

Operating Instructions

The OSIM uLove 3 offers a range of advanced features for a personalized massage experience. Use the remote control to navigate through the programs and settings.

AI Stress Analysis Technology

This innovative technology analyzes your stress levels by measuring your heart rate and respiratory rate. It activates your sympathetic nervous system (SNS) and triggers internal stress responses, providing a holistic view of your well-being. The chair uses this data to customize your massage experience.

Well-Being Innovation Powered by Science For Your Whole Family

uLove 3 blends together three elements

1. AI Stress Analysis
2. Personalized Body Tension Programs
3. Specialized Massage Programs

to relieve stress and deliver exceptional wellness experience that will uplift and enhance your family's well-being.

V-Hand Plus Massage

Experience a massage that mimics the agile hands of a skilled masseuse. The V-Hand Plus technology features an enhanced 720° roller design that follows your body's contours in fluid motions, providing a deep and precise massage.

4-Hand Plus Massage

Engineered with four sets of powerful massage rollers, this feature moves in perfect synchronicity, simulating the effect of two masseuses working on your upper and lower body simultaneously, including the butt and thigh area.

uLove 3 signature & patented massage technologies

1. V-Hand™ Plus Massage (Patented)
2. 4-Hand™ Plus Massage (Patent Pending)
3. Body-Warmth Tech (Patented)
4. Leg-Reflex Massage (Patented)
5. Other Innovations

Image: A diagram highlighting the key massage points and roller paths on the back, glutes, and legs, demonstrating the V-Hand Plus and 4-Hand Plus massage technologies.

Leg-Reflex Massage

Designed to accommodate both wide and narrow calf widths, the Leg-Reflex feature delivers a comprehensive calf-ankle-feet kneading massage and foot reflexology, ensuring head-to-toe enjoyment.

Body-Warmth Technology

Soothing warmth technology envelops your entire back and calves, enhancing circulation and relieving stiff, aching muscles. The added heat also improves comfort, especially in cooler environments.

Personalized Body Tension Programs

Based on your Body Tension Score, derived from the AI Stress Analysis, the uLove 3 customizes unique Body Tension Programs. Each program features a specific music and massage formula designed to effectively release stress tailored to your individual needs.

Patented technologies, features and designs

1. Patented head support
2. Patented V-Hand™ Plus with 720° roller balls
3. Auto shoulder detection
4. 3D Surround Sound speakers
5. Patented adjustable arm airbag massage
6. Patented Body-Warmth Tech
7. Patent-pending AI Stress Analysis algorithm
8. Patent-pending 4-Hand™ Plus
9. On-board control panels
10. Patented new program download technology
11. Patented Leg-Reflex calf kneading and feet rollers
12. Patented convertible ottoman and leg massager

Specialized Lifestyle Programs

The uLove 3 comes equipped with a variety of programs suitable for every age group and lifestyle, whether you're dealing with stress from long study hours or balancing work and home responsibilities.

Maintenance

Proper maintenance ensures the longevity and optimal performance of your massage chair.

- **Cleaning:** Wipe clean the chair's surfaces with a soft, damp cloth. Do not use abrasive cleaners or solvents. Ensure the chair is unplugged before cleaning.
- **Storage:** If storing the chair for an extended period, cover it to protect from dust and direct sunlight.
- **Inspection:** Periodically check the power cord for any damage.

Troubleshooting

If you encounter any issues with your OSIM uLove 3, refer to the following common solutions:

- **Chair not powering on:** Ensure the power cord is securely plugged into both the chair and a working electrical outlet. Check the circuit breaker.
- **Massage intensity too weak/strong:** Adjust the intensity settings using the remote control.
- **Unusual noises:** Minor operational sounds are normal. If you hear loud or persistent unusual noises, discontinue use and contact customer support.
- **Remote control not responding:** Check if the remote control batteries need replacement or if it's properly connected.

For issues not listed here, please contact OSIM customer support.

Specifications
