Furniture of America AMJEG-9325BL-U

Furniture of America Corwin Twin Captain Bed Instruction Manual

Model: AMJEG-9325BL-U

Brand: Furniture of America

1. PRODUCT OVERVIEW

The Furniture of America Corwin Captain Bed is a twin-sized bed designed for functionality and space-saving. It features a solid rubberwood construction with mortise and tenon joints for durability. The bed includes a pull-out trundle, integrated USB-A and USB-C charging ports in the headboard, and a sliding-door storage compartment beneath the trundle.

This bed is mattress-ready with a slat kit, eliminating the need for a box spring. A bunkie board is recommended for additional mattress support. The design incorporates a light oak finish with white accents on the storage doors, providing a modern aesthetic suitable for various bedroom settings.

2. SETUP AND ASSEMBLY

Assembly of the Corwin Captain Bed is required. Please follow the detailed instructions provided in the included assembly guide. Ensure all components are present before beginning assembly. It is recommended to assemble the bed in the room where it will be used.

2.1. Unpacking and Component Check

- Carefully unpack all parts from the packaging.
- Refer to the assembly guide's parts list to verify all components (headboard, footboard, side rails, slats, trundle unit, storage doors, hardware) are present and undamaged.
- Keep small parts out of reach of children.

2.2. Assembly Steps

Follow the step-by-step diagrams and instructions in the assembly guide. Typically, assembly involves:

1. Attaching side rails to the headboard and footboard.
2. Assembling the trundle unit.
3. Installing the slat kit for both the main bed and the trundle.
4. Attaching the USB charging module to the headboard and connecting it to a power source.
5. Installing the sliding storage doors.

Ensure all connections are secure before use. Do not overtighten screws.

3. OPERATING INSTRUCTIONS

3.1. Trundle Bed Operation

The trundle bed is designed to slide out from under the main bed. To extend the trundle, gently pull the front panel outwards. To retract, push the trundle back into its position under the main bed until it is fully nested. Ensure the area around the bed is clear before extending or retracting the trundle.

3.2. USB Charging Ports

The headboard features built-in USB-A and USB-C charging ports. Connect the bed's power cord to a standard electrical outlet. Once connected, these ports can be used to charge compatible electronic devices. Ensure devices are properly connected to the correct port type.

3.3. Storage Compartment

The storage compartment under the trundle features sliding doors. To access the storage, slide the doors horizontally. Close the doors securely after use to keep items neatly stored.

4. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Corwin Captain Bed.

- **Cleaning:** Wipe surfaces with a dry or damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Hardware:** Periodically check all bolts and screws to ensure they remain tight. Retighten as necessary to maintain structural integrity.
- **Spills:** Immediately wipe any spills with a soft, dry cloth to prevent staining or damage to the wood finish.
- **Placement:** Avoid placing the bed in direct sunlight or near heat sources, as this can cause wood to dry out, crack, or fade.

5. TROUBLESHOOTING

If you encounter any issues with your Corwin Captain Bed, refer to the following common solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed feels wobbly or unstable.	Loose hardware.	Check and tighten all bolts and screws. Ensure all connections are secure.
Trundle does not slide smoothly.	Obstruction or misaligned rollers.	Clear any debris from the trundle's path. Inspect rollers for damage or misalignment. Ensure the trundle is assembled correctly.
USB ports are not charging devices.	Power cord disconnected or faulty device/cable.	Ensure the bed's power cord is securely plugged into a working electrical outlet. Test with a different device or charging cable.
Storage doors stick or are difficult to slide.	Track obstruction or misalignment.	Check the sliding tracks for any debris. Ensure the doors are properly seated in their tracks.

If the issue persists after attempting these solutions, please contact customer support for further assistance.

6. SPECIFICATIONS

Feature	Detail
Model Number	AMJEG-9325BL-U
Size	Twin
Product Dimensions (L x W x H)	81.5" x 43" x 44"
