

BLITZWILL B0DGQB27FS

User Manual for BLITZWILL Ceiling Fan Light with Remote/APP Control

Model: B0DGQB27FS

1. INTRODUCTION

Thank you for choosing the BLITZWILL Ceiling Fan Light. This innovative fixture combines LED lighting, a summer fan, and a winter air circulator into a single, convenient unit. Designed for ease of use and versatility, it eliminates the need for multiple separate products, providing illumination and airflow efficiently. This manual provides detailed instructions for installation, operation, and maintenance to ensure optimal performance and longevity of your device.

BLITZWILL Ceiling Fans with Lights

One Things, Three Functions

Figure 1: The BLITZWILL Ceiling Fan Light integrates lighting, fan, and air circulation functions into one device.

2. IMPORTANT SAFETY INSTRUCTIONS

Please read all safety instructions carefully before installation and use. Failure to follow these instructions may result in electric shock, fire, or serious personal injury.

- Always disconnect power at the circuit breaker before installing, cleaning, or servicing the unit.
- This product is designed for indoor use and covered outdoor spaces only. Do not expose to direct water or extreme weather conditions.
- Ensure the electrical supply voltage matches the requirements of the fan light.
- Do not insert fingers or any objects into the fan blades while the fan is operating.
- Keep children away from the fan light during operation.
- Do not attempt to repair or modify the unit yourself. Contact qualified service personnel for repairs.
- Ensure the E26/E27 socket is securely mounted and capable of supporting the weight of the fan light.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged before proceeding with installation.

- BLITZWILL Ceiling Fan Light Unit
- Smart Remote Control with Wall Mount
- E26/E27 Socket Extender (if applicable)
- User Manual (this document)

4. SETUP AND INSTALLATION

The BLITZWILL Ceiling Fan Light is designed for quick and easy installation, requiring no special tools or wiring. It fits

most standard E26/E27 bulb sockets.

4.1 Installation Steps:

1. **Power Off:** Before beginning, ensure the power to the light socket is turned off at the circuit breaker to prevent electric shock.
2. **Prepare Socket:** If needed, screw the provided E26/E27 socket extender into your existing light socket.
3. **Install Fan Light:** Carefully screw the BLITZWILL Ceiling Fan Light unit into the E26/E27 socket (or extender) until it is securely fastened.
4. **Attach Fan Blades:** Gently slide the fan blades into their designated slots on the main unit. Ensure they click into place securely.
5. **Power On:** Restore power at the circuit breaker.
6. **Test Functionality:** Use the remote control or app to test the light and fan functions.

Figure 3: Plug-and-Play installation process, showing options with and without the socket extender.

5. OPERATING INSTRUCTIONS

Your BLITZWILL Ceiling Fan Light can be controlled via the included smart remote or a dedicated mobile application.

5.1 Remote Control Functions:

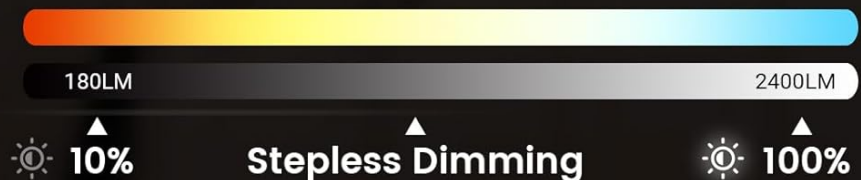

The smart remote allows comprehensive control over all features.

- **Power On/Off:** Turns the light and/or fan on or off.
- **Light Control:**
 - **Color Temperature Adjustment:** Cycle through 3000K (Cozy Romantic), 4000K (Soft Natural), and 6000K (Bright Comfortable).
 - **Brightness Adjustment:** Stepless dimming from 1% to 100%.
 - **Night Light Mode:** Activates a low-intensity light setting.
 - **Memory Function:** The light will recall your last brightness and color temperature setting when turned back on.
- **Fan Control:**
 - **Fan Speed:** Select from 6 wind speeds (1-6).
 - **Reverse Function:** Changes the direction of fan rotation for summer (downward airflow) or winter (upward airflow) modes.
 - **Timer:** Set the fan to turn off automatically after 1 to 8 hours.

5.2 APP Control:

Download the official BLITZWILL app from your smartphone's app store. Follow the in-app instructions to pair your device. The app provides the same comprehensive control as the remote, with an intuitive graphical interface.

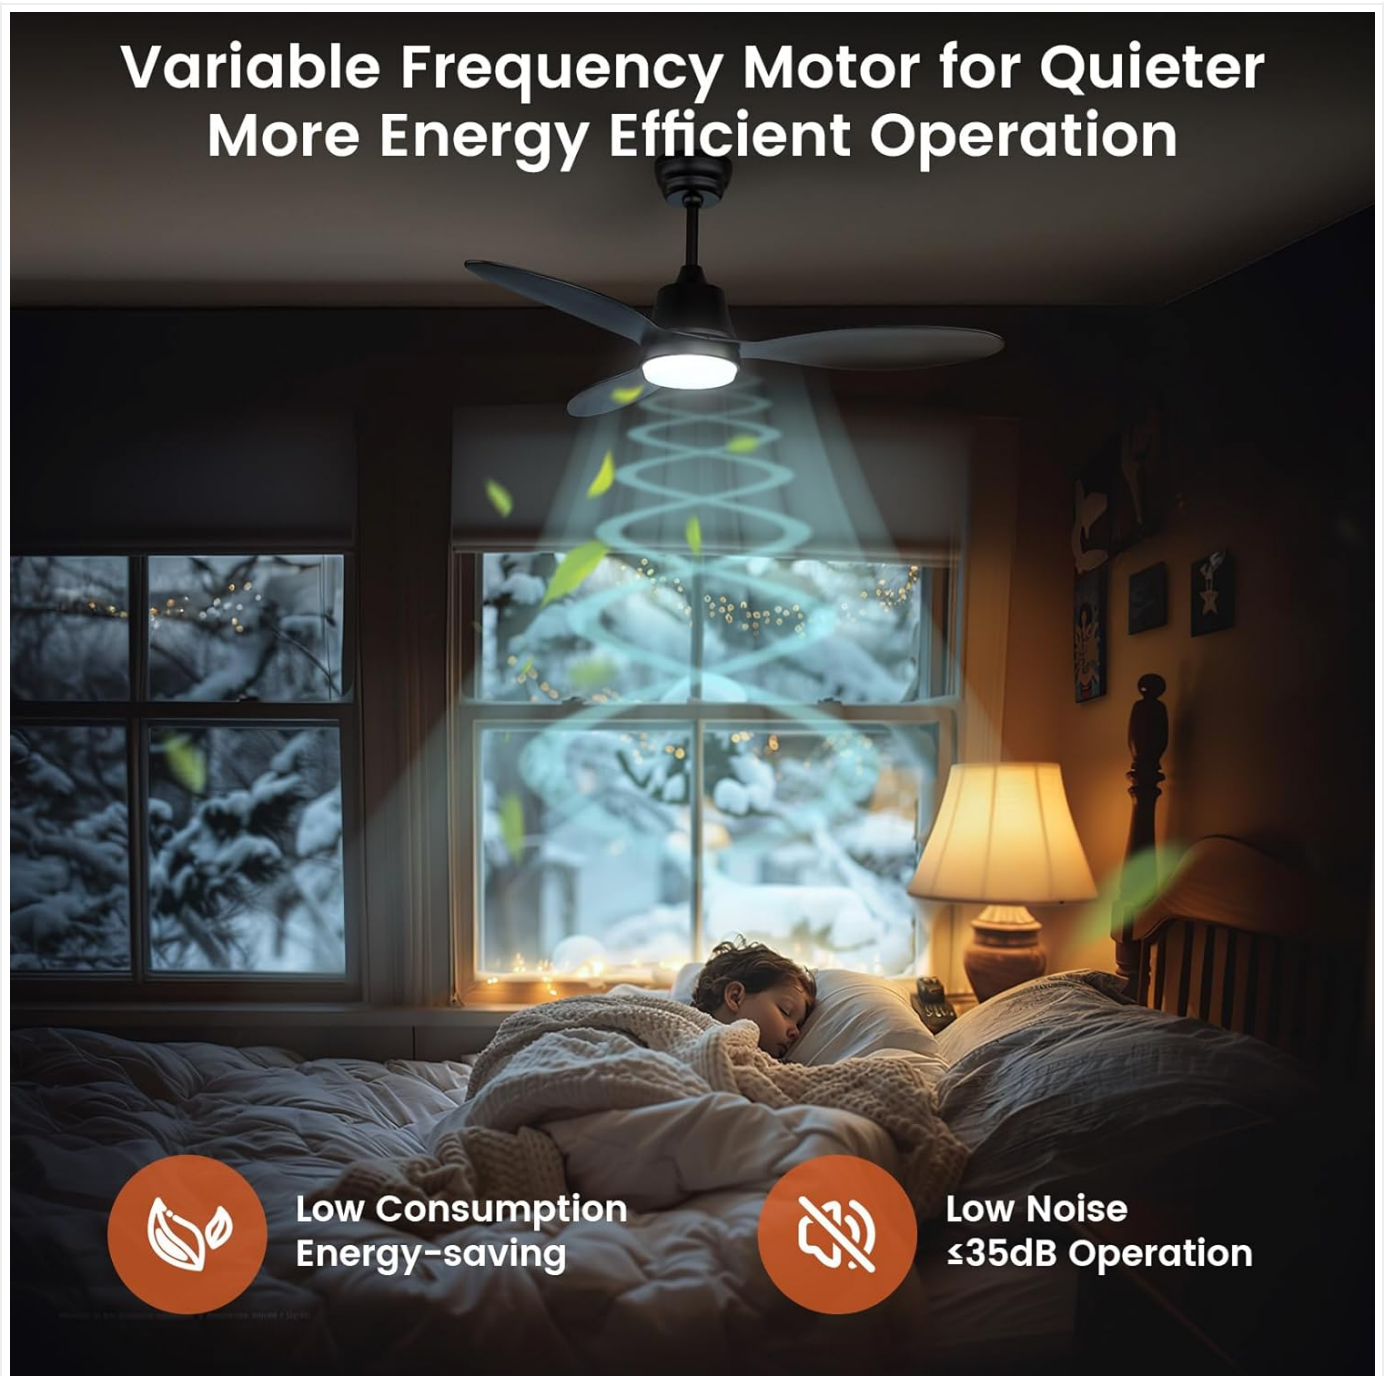

6. KEY FEATURES

- **3-in-1 Functionality:** Combines LED lighting, a cooling fan for summer, and an air circulator for winter, offering a versatile solution for year-round comfort.
- **Easy Installation:** Universal E26/E27 screw base allows for simple, tool-free installation, similar to screwing in a light bulb. Fan blades are easily detachable for cleaning.
- **Customizable Lighting:** Features 3 color temperatures (3000K/4000K/6000K) and stepless dimming (1%-100%). The memory function retains your preferred settings.
- **Quiet & Energy-Efficient DC Motor:** Advanced DC motor provides powerful airflow with minimal noise (under 35

decibels) and reduced energy consumption, ideal for quiet environments.

- **Reversible Motor:** Allows you to switch airflow direction. Downward airflow creates a cooling effect in summer, while upward airflow helps distribute warm air evenly in winter.

Variable Frequency Motor for Quieter More Energy Efficient Operation

**Low Consumption
Energy-saving**

**Low Noise
≤35dB Operation**

Memory Function Recalls Previous Settings

Figure 8: The memory function automatically recalls your last light settings.

7. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your BLITZWILL Ceiling Fan Light.

- **Cleaning:**

- Always turn off power at the circuit breaker before cleaning.
- Wipe the fan light and blades with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- The fan blades can be easily detached for thorough cleaning.

- **Bulb Replacement:** The LED light source is integrated and not user-replaceable. If the light fails, contact customer support.
- **Remote Control:** Replace batteries (not specified type, assume AAA/AA) when the remote's range decreases or it stops responding.

8. TROUBLESHOOTING

If you encounter issues with your BLITZWILL Ceiling Fan Light, refer to the following common problems and solutions:

| Problem | Possible Cause | Solution |
|--|--|--|
| Fan or Light does not turn on. | No power supply; Loose connection; Remote control battery low/dead. | Check circuit breaker; Ensure fan light is securely screwed into socket; Replace remote control batteries. |
| Fan is noisy or wobbles. | Fan blades not securely attached; Unit not securely screwed into socket. | Ensure all fan blades are properly clicked into place; Tighten the fan light unit in the socket. |
| Remote control not responding. | Batteries dead/incorrectly inserted; Remote not paired with unit. | Replace batteries, ensuring correct polarity; Refer to remote pairing instructions (if applicable, usually automatic). |
| Light flickers or changes brightness unexpectedly. | Unstable power supply; Interference. | Ensure stable power; Try resetting the unit by turning power off and on at the circuit breaker. |

9. SPECIFICATIONS

| | |
