Globlazer FC50

Globlazer FC50 50-inch Cat Tree Tower Instruction Manual

Model: FC50

1. INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, maintenance, and troubleshooting of your Globlazer FC50 50-inch Cat Tree Tower. Please read this manual thoroughly before assembly and retain it for future reference.

Safety Information

- Ensure all components are securely fastened during assembly.
- Keep small parts away from children and pets before and during assembly.
- Place the cat tree on a flat, stable surface.
- Regularly inspect the cat tree for loose parts or damage.

2. PACKAGE CONTENTS

Before beginning assembly, verify that all parts are present and undamaged. Refer to the included parts list in your product packaging for a detailed inventory.

3. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your Globlazer FC50 Cat Tree Tower. It is recommended to have a clear workspace.

General Assembly Tips

- Identify all parts and hardware before starting.
- Do not overtighten screws until all components are loosely connected.
- Use the provided anti-tip kit for enhanced stability, especially for larger cats or active play.

Double-Layer Cat Condo Installation

The double-layer cat condo requires specific attention during installation to ensure proper fit and stability.

Figure 3.1: Visual guide for assembling the double-layer cat condo structure, showing four distinct steps.

1. **Step 1:** Identify the base (A), middle platform (B), and top platform (C) of the condo structure.
2. **Step 2:** Place the plush covering (J) over the middle platform (B).
3. **Step 3:** Carefully align and attach the side panels of the condo, ensuring the openings face the desired direction.
4. **Step 4:** Secure all connections with the provided screws, then attach the top platform (C).

Anti-Tip Kit Installation

For maximum safety and stability, especially with active or multiple cats, install the anti-tip kit.

- **Scratching Posts:** Multiple sisal-wrapped posts encourage natural scratching behavior, protecting your furniture.
- **Dangling Toys:** Integrated toys provide entertainment and stimulate natural hunting instincts.

Figure 4.1: The Globlazer FC50 Cat Tree Tower in use, showcasing its various levels, condos, and perches with multiple cats.

Placement Considerations

The innovative design allows for versatile placement within your home.

- Ideal for windowsills, against walls, or in room corners to maximize space utilization.
- Ensure the chosen location is stable and free from obstructions.

Video 4.2: A short preview highlighting the interactive features and comfortable resting spots of the cat tree.

5. MAINTENANCE

Regular maintenance ensures the longevity and safety of your cat tree.

- **Screw Tightness:** Check the firmness of all screws at least once a month. Tighten any loose screws to maintain structural integrity.
- **Cleaning:** The plush material can be spot cleaned. For deeper cleaning, hand wash only. Avoid harsh chemicals that may irritate your cat.
- **Inspection:** Periodically inspect sisal scratching posts for wear and tear. Replace dangling toys if they become damaged or detached.

6. TROUBLESHOOTING

If you encounter any issues with your Globlazer FC50 Cat Tree Tower, refer to the following common solutions:

- **Instability:** Ensure the cat tree is placed on a level surface. Re-check all screw connections and tighten them. Verify the anti-tip kit is correctly installed and secured to a wall stud.
- **Parts Missing/Damaged:** If you find any parts missing or damaged upon arrival, please contact Globlazer customer support immediately for assistance.
- **Cat Not Using Tree:** Encourage your cat with treats, catnip, or by placing familiar bedding on the perches. Spend time playing with your cat near the tree to associate it with positive experiences.
