Chicco Good Night Travel Cot User Manual

Brand: Chicco | Model: 04087029460000

1. INTRODUCTION

The Chicco Good Night Travel Cot is designed to provide a comfortable and secure sleeping and play area for your baby, both at home and during travel. This cot is suitable from birth up to 15 kg. It features a practical umbrella-fold mechanism for easy portability and compact storage.

2. SAFETY INFORMATION

WARNING: Always read and follow all instructions carefully before assembly and use. Failure to do so could result in serious injury or death.

- Ensure all locking mechanisms are engaged before placing a child in the cot.
- Never leave a child unattended in the cot.
- Do not use the cot if any parts are broken, torn, or missing.
- Only use the mattress provided by the manufacturer or a mattress of the correct size and thickness.
- Keep the cot away from open flames, heaters, and other sources of strong heat.
- The cot is equipped with a double safety device to prevent accidental closure. Always ensure this is engaged.
- The cot features rounded corners and stable feet for enhanced safety.

3. PACKAGE CONTENTS

- Chicco Good Night Travel Cot frame
- Folding mattress
- Travel bag with handle

4. SETUP INSTRUCTIONS

4.1 Unfolding the Travel Cot

1. Remove the travel cot from its carry bag.
2. Stand the folded cot upright on its feet.
3. Pull the two short sides of the cot upwards until they lock into place. You should hear a 'click'.
4. Repeat this process for the two long sides, ensuring all four sides are fully extended and locked.
5. Push down the center of the cot base until it lies flat and is securely in position.
6. Place the folding mattress inside the cot, ensuring it lies flat at the bottom.

4.2 Mattress Installation

The cot includes a comfortable folding mattress designed for the child's comfort. An optional thicker mattress can be purchased separately for enhanced comfort.

2 finestre in rete

Image: The Chicco Good Night Travel Cot features two large mesh windows on the longer sides, ensuring optimal ventilation and visibility of the child.

5. OPERATING INSTRUCTIONS

5.1 Using the Cot

Once assembled, the Chicco Good Night Travel Cot provides a safe and comfortable environment for your child to sleep or play. The mesh windows allow for good air circulation and enable parents to keep an eye on their child.

5.2 Folding the Travel Cot for Storage/Transport

1. Remove the mattress from the cot.
2. Pull the central strap on the base of the cot upwards.
3. Locate the release buttons on the middle of each of the four top rails. Press these buttons to unlock the rails and fold them downwards.
4. Bring the four corners of the cot together, allowing the frame to collapse into an umbrella fold.
5. Wrap the mattress around the folded cot and secure it with the attached straps.
6. Place the folded cot into the provided travel bag.

6. MAINTENANCE

- **Cleaning:** The fabric parts of the cot can be cleaned with a damp cloth and mild soap. Do not use abrasive cleaners or bleach.
- **Frame:** Wipe the metal and plastic parts of the frame with a damp cloth.
- **Storage:** When not in use, store the cot in its travel bag in a dry place, away from direct sunlight and extreme temperatures.
- **Inspection:** Regularly check all components for wear, damage, or loose parts. Discontinue use if any damage is found.

7. TROUBLESHOOTING

- **Cot not opening/closing easily:** Ensure that the central base is not pushed down before attempting to lock the side rails. The side rails must be locked first, then the base pushed down. When folding, pull the central strap up first, then release the side rails.
- **Side rails not locking:** Make sure the side rails are pulled up firmly until you hear a 'click'. If they still don't lock, check for any obstructions in the locking mechanism.
- **Unstable cot:** Verify that all four side rails are securely locked and the central base is fully pushed down and flat. Ensure the feet are stable on a flat surface.

Image: Key safety features include stable feet, rounded corners, and a double safety lock to prevent accidental closure.
