Ytonet Laptop Sleeve

Ytonet 15.6-inch Laptop Sleeve Instruction Manual

Model: Laptop Sleeve

1. INTRODUCTION

The Ytonet Laptop Sleeve is designed to provide protection and organization for your 15 to 16-inch laptop, notebook, or ultrabook. This sleeve features a water-resistant exterior, shock-absorbing padding, and a TSA-friendly design for convenient travel. It includes multiple compartments to keep your device and accessories organized.

2. SETUP

2.1 Unpacking and Initial Inspection

Carefully remove the laptop sleeve from its packaging. Inspect the sleeve for any signs of damage or manufacturing defects. If any issues are found, please refer to the warranty and support section.

2.2 Inserting Your Laptop

Before inserting your laptop, ensure its dimensions are compatible with the sleeve's internal compartment. The laptop compartment dimensions are 14.6 x 10.6 x 1.6 inches (L x W x H). Do not rely solely on diagonal screen size; measure your device for an accurate fit.

- Open the main zipper of the sleeve completely.
- Gently slide your laptop into the dedicated padded compartment.
- Ensure the laptop sits securely without excessive force.
- Close the zipper smoothly.

3. OPERATING INSTRUCTIONS

3.1 Organizing Accessories

The sleeve features additional mesh pockets and compartments for organizing various accessories:

- Use the mesh pockets for smaller items like pens, cables, earphones, or a mouse.
- Larger pockets can accommodate mobile phones, iPads, or other laptop accessories.

3.2 Carrying the Case

The Ytonet Laptop Sleeve is designed for portability:

- Use the sturdy handle for hand-carrying.
- Its slim and lightweight design allows it to easily slide into a larger briefcase, backpack, or travel bag without adding significant bulk.

3.3 TSA Friendly Design

The sleeve's design facilitates easier security checks at airports:

- The top-opening double zippers allow the sleeve to open 90-180 degrees, providing convenient access to your devices.
- This feature enables quick removal and re-insertion of laptops, tablets, and charger cables during TSA screening.

TSA

Easy and Quick to put your laptops, tablets, charger cables and other accessories into and out of this laptop case

4. MAINTENANCE

4.1 Cleaning Instructions

To maintain the appearance and longevity of your laptop sleeve:

- Wipe the exterior with a damp cloth and mild soap if necessary.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the water-resistant nylon fabric.
- Allow the sleeve to air dry completely before reuse.

4.2 General Care

- Avoid exposing the sleeve to extreme temperatures or direct sunlight for prolonged periods.
- Do not overfill the sleeve, as this can strain zippers and seams.
- Keep sharp objects away from the sleeve to prevent punctures or tears.

5. TROUBLESHOOTING

5.1 Laptop Does Not Fit

- Re-verify your laptop's exact dimensions against the internal compartment size (14.6 x 10.6 x 1.6 inches).
- Ensure no bulky accessories are attached to the laptop that might prevent it from fitting.

5.2 Zipper Issues

- If a zipper is stuck, gently try to move it back and forth. Do not force it.
- Check for any fabric or foreign objects caught in the zipper teeth.

For any persistent issues not covered here, please contact Ytonet customer support.
