Kuulaa KL-CD71-C

Kuulaa 35W Portable Charger User Manual

Brand: Kuulaa | Model: KL-CD71-C

1. PRODUCT OVERVIEW

The Kuulaa 35W Portable Charger is a versatile 5000 mAh mini power bank designed for on-the-go charging. It features a built-in foldable AC wall plug and an integrated Type-C cable, eliminating the need for additional accessories. This device supports PD 30W fast charging, enabling rapid power delivery to compatible smartphones and tablets. Its compact form factor and smart digital LED display enhance user convenience and portability.

2. SETUP AND INITIAL USE

Before first use, it is recommended to fully charge your Kuulaa portable charger. The device offers two convenient ways to recharge:

- **Via Built-in AC Wall Plug:** Simply unfold the integrated AC plug and insert it into a standard wall outlet. The power bank will begin recharging. This method takes approximately 2 hours for a full charge.
- **Via USB-C Input Port:** Connect a compatible USB-C cable to the power bank's USB-C input port and an appropriate power adapter (9V/3A adapter needed for 1-hour full recharge).

2 Ways to Recharge

1 hrs 
USB C Port (Out/In)

2 hrs 
AC Wall Plug

3. OPERATING INSTRUCTIONS

The Kuulaa portable charger is designed for intuitive use, providing power to your devices efficiently.

3.1 Charging Your Devices

- **Using the Built-in Type-C Cable:** Extend the integrated Type-C cable and connect it directly to your compatible device's charging port.
- **Using the USB-C Output Port:** For devices requiring a different cable or for charging a second device simultaneously, use your own USB-C cable and connect it to the power bank's USB-C output port.

The power bank supports PD 30W fast charging, capable of charging an iPhone 15 from 0% to 60% in 30 minutes, and Samsung phones from 0% to 80% in 30 minutes, which is approximately 3 times faster than standard 2.4A chargers.

PD 30W Bi-Directional Fast Charging

Both USB C port & cable support PD 30W fast charging,
nearly 3X faster than original 2.4A chargers

3.3 Wide Compatibility and Portability

With a 5000mAh capacity, the power bank provides sufficient power for approximately 1.2 charges for most cellphones. It is compatible with a wide range of devices, including iPhone series, Samsung series, Google Pixel series, other Android phones, tablets, and more. Its stylish and simple appearance, combined with a lanyard cable design, makes it easy to carry and match with your mobile devices.

Wide Compatibility

PD35W	15W-PD30W
 MacBook Air	 Samsung
 iPad Air	 Google
5W-PD20W	5W-PD18W
 for iPhone 12-15 Series	 for iPhone 8-11 Series
	 AirPods Pro

4. MAINTENANCE

To ensure the longevity and optimal performance of your Kuulaa portable charger, follow these maintenance guidelines:

- Keep the device dry and away from moisture.
- Avoid exposing the power bank to extreme temperatures (hot or cold).
- Clean the device with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Store in a cool, dry place when not in use.

The power bank is equipped with an advanced intelligent chip that provides multiple safety protections, including short circuit protection, over-discharge protection, over-voltage protection, over-temperature protection, over-current protection, and load protection.

5. TROUBLESHOOTING

If you encounter issues with your Kuulaa portable charger, please refer to the following common problems and solutions:

- **Device not charging:**
 - Ensure the power bank itself is charged. Check the LED display.
 - Verify that the charging cable (built-in or external) is securely connected to both the power bank and your device.
 - Try a different wall outlet or USB-C adapter if recharging the power bank.
 - Ensure your device is compatible with the power bank's output.
- **Slow charging:**
 - Confirm that your device supports fast charging and that you are using a compatible cable.
 - When using as a wall charger, ensure it's plugged into an outlet and paired with a 35W cable for maximum speed.
 - Background apps on your device can affect charging speed. Close unnecessary applications.
- **LED display not working:**
 - Press the power button briefly to activate the display.
 - If the power bank is completely depleted, the display may not light up until it receives some charge.

If the issue persists after trying these steps, please contact customer support for further assistance.

6. SPECIFICATIONS

Feature	Detail
Brand	Kuulaa
Model Number	KL-CD71-C
Battery Capacity	5000 Milliamp Hours (mAh)
Product Dimensions	3.93 x 1.98 x 0.78 inches
Item Weight	6.9 ounces
Connector Type	USB Type C
Special Features	LED Indicator Lights, Built-in Wall Plug
Color	Black
Manufacturer	Shenzhen Kula Technology Co., Ltd.
Country of Origin	China

7. WARRANTY AND SUPPORT

Your Kuulaa 35W Portable Charger comes with a **12-month replacement service** from the date of purchase. This warranty covers manufacturing defects and ensures peace of mind regarding your product's quality and performance.

For any support inquiries, technical assistance, or to claim warranty service, please contact the seller or manufacturer directly through the platform where you purchased the product. Please have your purchase details and model number (KL-CD71-C) ready when contacting support.

This device uses a battery with higher safety performance and is equipped with fast charging function. It has multiple safety certifications.

Image: The power bank is designed to be safe for air travel, adhering to relevant regulations for portable electronic devices.
