NOENNULL Smart Bracelet User Manual

Model: NOENNULLqgynv514e0-11

1. Introduction

Thank you for choosing the NOENNULL Smart Bracelet. This device is designed to enhance your daily life by providing fitness tracking, smart notifications, and health monitoring features. Equipped with a high-definition color screen and responsive touch sensitivity, it offers a clear and intuitive user experience. This manual provides essential information on setting up, operating, and maintaining your smart bracelet.

2. Package Contents

Please verify that all items are present in your package:

- 1 x Smart Watch
- 2 x Watch Straps (one pre-attached, one spare)
- 1 x User Manual

3. Product Overview

Familiarize yourself with the components of your NOENNULL Smart Bracelet.

Figure 3.1: Overall view of the Smart Bracelet.

Figure 3.2: Smart Bracelet components: watch module and detachable straps.

Figure 3.3: USB charging interface located on the watch module.

Figure 3.4: Rear view of the watch module, highlighting the health sensor.

4. Setup

4.1 Initial Charging

Before first use, fully charge your smart bracelet. The device charges via USB. Locate the USB charging contacts on the watch module (refer to Figure 3.3). Plug the module directly into a standard USB port (e.g., computer, USB wall adapter). Charging typically takes approximately 2 hours.

4.2 App Installation and Bluetooth Pairing

To unlock the full functionality of your smart bracelet, you need to download and install the companion application on your smartphone. Refer to the quick start guide or packaging for the app name and QR code. Once installed:

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the smart bracelet application.
3. Follow the in-app instructions to search for and pair with your smart bracelet. The device name will typically appear as 'Smart Bracelet' or a similar identifier.
4. Confirm the pairing request on both your phone and the smart bracelet if prompted.

Once paired, the time and date on your smart bracelet will synchronize with your phone, and you will begin receiving notifications and data tracking.

5. Operating Instructions

5.1 Navigating the Display

The smart bracelet features a 1.44-inch HD color screen with highly responsive touch sensitivity. Swipe left, right, up, or down to navigate through different menus and functions. Tap to select an option or confirm an action.

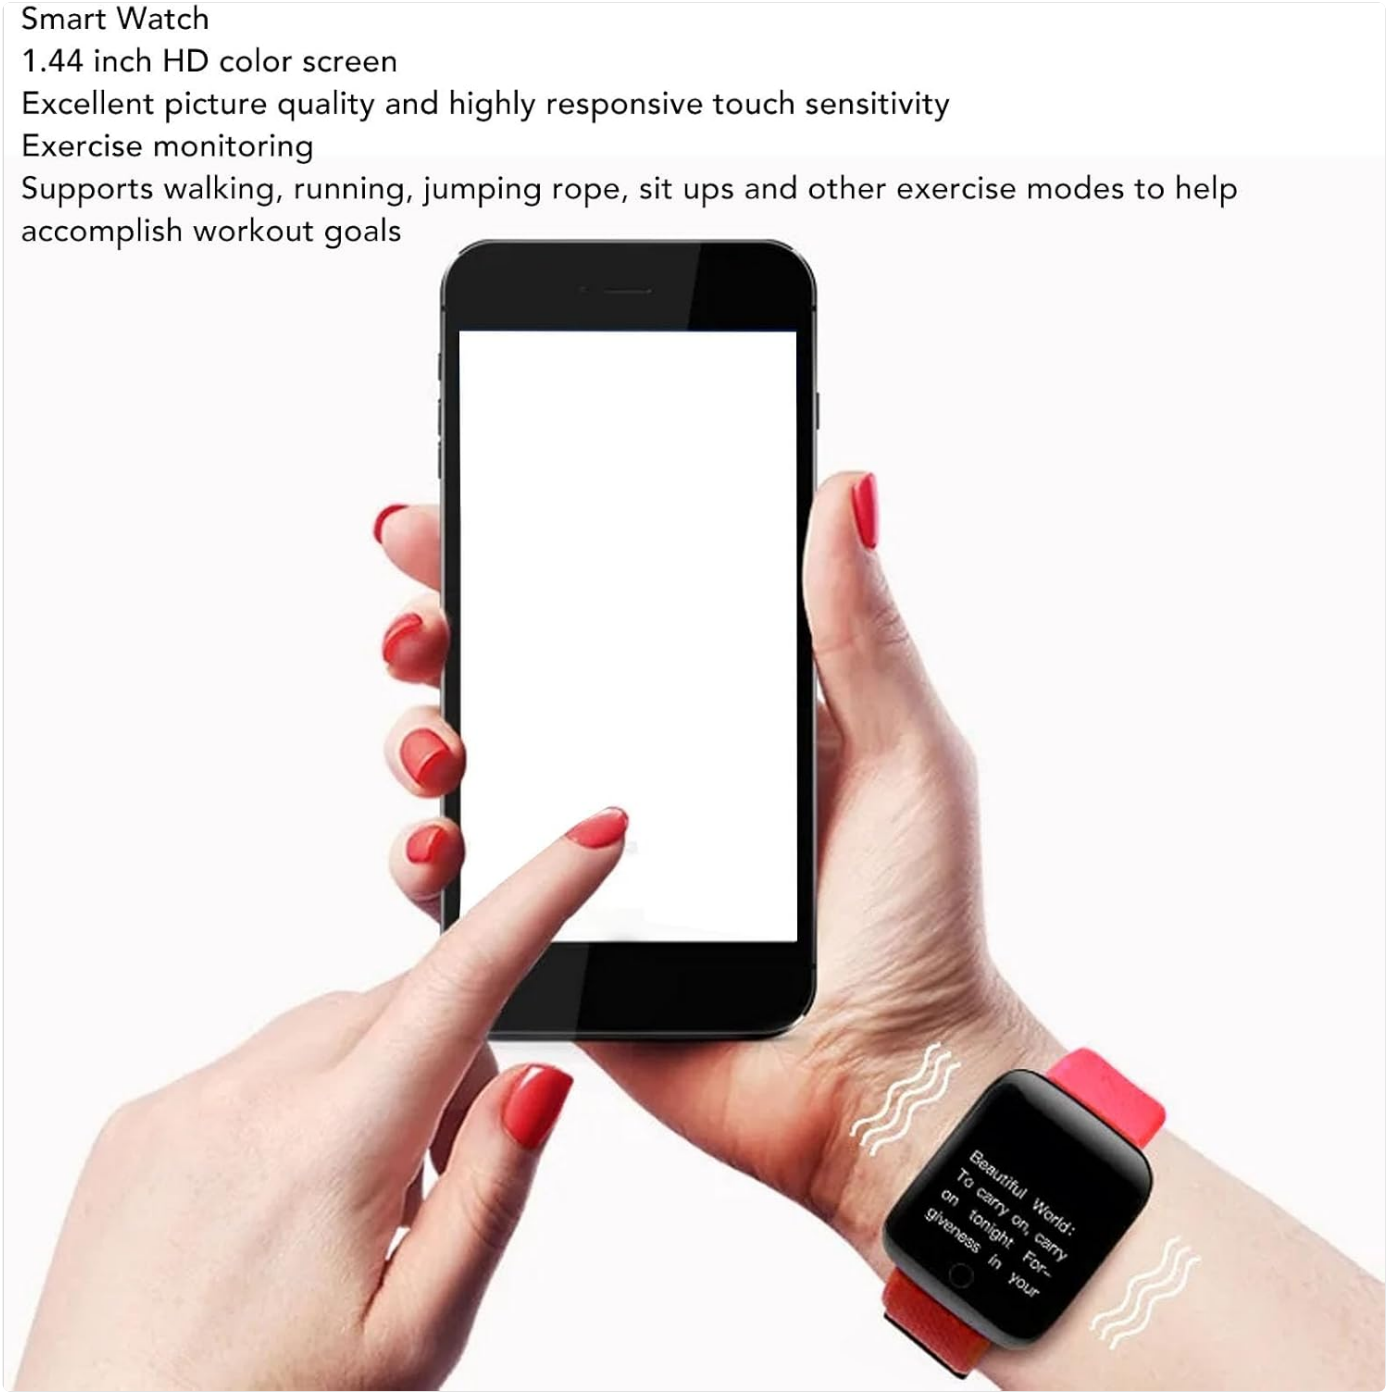

Figure 5.1: Interacting with the smart bracelet and its companion app.

5.2 Fitness Tracking Modes

Your smart bracelet supports various training modes to help you track your physical activity. These include:

- Walking
- Running

- Jumping Rope
- Sit-ups
- And more (check your device's specific modes)

To start a workout, navigate to the 'Sports' or 'Workout' section on your bracelet, select your desired activity, and tap to begin. The bracelet will track your steps, distance, and calories burned during the activity.

5.3 Intelligent Assistant Features

When connected to your phone via Bluetooth, the smart bracelet provides several convenient features:

- **App Notifications:** Receive alerts for incoming calls, messages, and notifications from social media apps (e.g., Instagram) directly on your wrist.
- **Camera Control:** Use your bracelet as a remote shutter for your phone's camera.
- **Find My Phone:** Activate a sound alert on your phone from your bracelet to help locate it.

5.4 Sleep Monitoring

The smart bracelet automatically monitors your sleep quality throughout the night. It analyzes different sleep stages (deep sleep, light sleep, awake time) and provides a sleep score and detailed insights in the companion app. Wear the bracelet comfortably on your wrist while sleeping for accurate data collection.

6. Maintenance

6.1 Cleaning

To maintain the appearance and functionality of your smart bracelet:

- Wipe the screen and strap regularly with a soft, damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or solvents.
- Ensure the charging contacts are clean and dry before charging.

6.2 Water Resistance

The smart bracelet features a sweat-proof surface and is designed to be waterproof for daily use, such as hand washing or light rain. However, it is not recommended for swimming, showering with hot water, or prolonged submersion. Avoid exposing the device to high-pressure water or corrosive liquids.

6.3 Battery Care

The smart bracelet is equipped with a long-lasting battery, offering up to 30 days of standby time. To prolong battery life:

- Charge the device fully before first use.
- Avoid extreme temperatures (hot or cold) which can affect battery performance.
- If storing the device for an extended period, charge it to about 50% before storage.

7. Troubleshooting

If you encounter issues with your smart bracelet, try the following solutions:

- **Device not turning on:** Ensure the device is fully charged. Connect it to a USB power source and wait a few minutes before attempting to turn it on again.
- **Cannot pair with phone:**
    a. Ensure Bluetooth is enabled on your phone and the bracelet is within range.
    b. Restart both your phone and the smart bracelet.

c. Clear the Bluetooth cache on your phone (if applicable) and try pairing again.
d. Ensure the companion app is updated to the latest version.

- **Inaccurate tracking data:**

a. Ensure the bracelet is worn snugly on your wrist, about one finger's width above your wrist bone.
b. Check for any obstructions between the sensor and your skin.
c. Calibrate the device through the companion app if a calibration option is available.

- **Notifications not appearing:**

a. Verify that the bracelet is successfully paired with your phone.
b. Check notification settings within the companion app to ensure desired app notifications are enabled.
c. Ensure your phone's notification settings allow the companion app to display notifications.

If the issue persists after trying these steps, please contact customer support.

8. Specifications

Detailed technical specifications for the NOENNULL Smart Bracelet:

Feature	Specification
Item Type	Smart Watch
Brand	NOENNULL
Model Name	NOENNULLqgynv514e0-11
