Outsunny 295L Galvanized Steel Garden Storage Box

Model: 84G-187V00CG - Instruction Manual

1. PRODUCT OVERVIEW

This Outsunny 295L Galvanized Steel Garden Storage Box is designed for outdoor use, offering a spacious and secure solution for storing various items. Its robust construction ensures durability and protection against environmental elements.

- **Capacity:** 295 Liters, suitable for garden tools, furniture cushions, toys, and accessories.
- **Material:** Constructed from galvanized steel for enhanced weather resistance and longevity.
- **Mobility:** Equipped with 4 wheels (2 with brakes) and 2 integrated handles for easy movement.
- **Security:** Features a lockable lid to keep your stored items safe.
- **Lid Mechanism:** An air pump assisted lid allows for smooth and controlled opening and closing.

2. SAFETY INFORMATION

Please read and understand all safety instructions before assembling and using the storage box. Failure to follow these instructions may result in injury or damage to the product.

- Always read the entire instruction manual before assembly and first use.
- Keep children and pets away from the assembly area. Small parts can be a choking hazard.
- Wear appropriate protective gear, such as gloves, during assembly to prevent cuts from potentially sharp edges of metal components.
- Do not exceed the maximum load capacity of 50 kg (110 lbs). Overloading can cause structural damage or injury.
- Ensure the storage box is placed on a stable, level surface to prevent tipping.
- Do not allow children to play inside the storage box to avoid suffocation hazards.

- Periodically check all fasteners to ensure they remain tight.

3. PACKAGE CONTENTS

Before beginning assembly, ensure all parts listed below are present and undamaged. If any parts are missing or damaged, do not proceed with assembly and contact customer support.

- Side Panels (Left, Right, Front, Back)
- Bottom Panel
- Lid
- 4 Wheels (2 with brakes)
- 2 Handles
- Locking Mechanism with Keys
- Air Pump Assisted Lid Supports
- Assembly Hardware (screws, nuts, washers, etc.)
- Instruction Manual

4. SETUP AND ASSEMBLY

Assembly is required for this product. It is recommended that two people perform the assembly to ensure stability and ease of handling. Please follow the included assembly diagrams carefully.

Tools Required (Not Included):

- Screwdriver (Phillips head)
- Wrench (appropriate size for nuts)
- Protective Gloves

Assembly Steps:

1. **Prepare the Area:** Choose a clean, flat, and spacious area for assembly. Lay out all components and hardware.
2. **Assemble the Base:** Attach the side panels to the bottom panel using the provided hardware. Ensure all connections are secure but do not overtighten initially.
3. **Install Wheels:** Attach the 4 wheels to the designated points on the bottom of the storage box. Ensure the 2 wheels with brakes are positioned correctly for easy access.
4. **Attach Handles:** Secure the two integrated handles to the side panels.
5. **Install Lid and Supports:** Carefully attach the lid to the main body. Then, install the air pump assisted lid supports according to the diagram. Test the lid's opening and closing mechanism.
6. **Mount Locking Mechanism:** Install the lock and ensure it functions correctly with the provided keys.
7. **Final Tightening:** Once all components are in place and aligned, securely tighten all screws and nuts. Do

not overtighten to avoid stripping threads or damaging panels.

5. OPERATING INSTRUCTIONS

Opening and Closing the Lid:

To open the lid, gently lift it. The air pump assisted mechanism will help raise the lid smoothly. To close, gently push the lid down until it rests securely on the box. Avoid forcing the lid.

Moving the Storage Box:

To move the storage box, ensure the brakes on the two braked wheels are disengaged. Use the two integrated handles on the sides to push or pull the box to your desired location. Once in place, engage the wheel brakes to secure the box.

Securing Contents:

The storage box is equipped with a lockable lid. Insert the key into the lock and turn to secure your items. Always remove the key after locking.

6. MAINTENANCE

Regular maintenance will help prolong the life and appearance of your Outsunny Garden Storage Box.

- **Cleaning:** Wipe the exterior and interior surfaces with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used. Rinse thoroughly and dry completely to prevent water spots. Avoid using abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the galvanized steel finish.
- **Weather Protection:** The galvanized steel construction is designed to be water-resistant and rust-resistant. However, regularly inspect the box for any signs of wear, scratches, or damage to the protective coating. Address any damage promptly to prevent corrosion.
- **Moving Parts:** Periodically check the hinges, lid supports, and wheel axles. If they appear stiff or noisy,

apply a small amount of silicone-based lubricant to ensure smooth operation.

- **Fasteners:** Over time, screws and nuts may loosen. Periodically check and tighten all fasteners to maintain structural integrity.

Image 6.1: The galvanized steel frame provides water resistance, rust protection, and long-term durability.

7. TROUBLESHOOTING

If you encounter any issues with your storage box, refer to the following common problems and solutions:

- **Lid not opening/closing smoothly:**
 - Check the air pump assisted lid supports for any obstructions or damage.
 - Ensure hinges are clean and lubricated.
- **Difficulty moving the storage box:**
 - Verify that the brakes on the wheels are fully disengaged.

- Check wheels for any debris (e.g., leaves, small stones) that might be hindering movement.
 - Ensure the box is not overloaded beyond its maximum capacity.
- **Water ingress inside the box:**
 - Confirm that all panels are correctly assembled and that the lid closes tightly.
 - Ensure the storage box is placed on a level surface to prevent water pooling or uneven sealing.
 - Inspect for any visible gaps or damage to the panels or seals.
- **Assembly difficulties:**
 - Refer to the detailed assembly diagrams provided in the manual.
 - Ensure all parts are correctly oriented before tightening fasteners.
 - It is often easier to assemble with two people.

8. SPECIFICATIONS

Feature	Specification
Brand	Outsunny
Model Number	84G-187V00CG
Capacity	295 Liters
Overall Dimensions (L x W x H)	100L x 62W x 65H cm
Internal Dimensions (L x W x H)	89L x 51W x 57.5H cm
Material	Galvanized Steel
Color	Dark Grey
Maximum Load Capacity	50 kg
Special Features	Integrated handles, 4 wheels (2 with brakes), Lockable, Water-resistant, Rust-resistant
Assembly Required	Yes
