Vazone R6X

Vazone R6X Corded Stick Vacuum Cleaner

User Manual - Model: R6X

1. INTRODUCTION

Thank you for choosing the Vazone R6X Corded Stick Vacuum Cleaner. This powerful and versatile 2-in-1 vacuum is designed to provide efficient cleaning for various surfaces, including hard floors and carpets, effectively capturing dust, debris, and pet hair. Its lightweight design and extended cord offer convenience and ease of use for whole-home cleaning.

2. IMPORTANT SAFETY INSTRUCTIONS

Before using your vacuum cleaner, please read all instructions carefully. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Always disconnect the power cord from the electrical outlet before cleaning or servicing the vacuum cleaner.
- Do not use outdoors or on wet surfaces.
- Do not allow to be used as a toy. Close attention is necessary when used by or near children.

- Use only as described in this manual. Use only manufacturer's recommended attachments.
- Do not use with damaged cord or plug. If appliance is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, return it to a service center.
- Do not pull or carry by cord, use cord as a handle, close a door on cord, or pull cord around sharp edges or corners. Do not run appliance over cord. Keep cord away from heated surfaces.
- Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.
- Do not handle plug or vacuum cleaner with wet hands.
- Do not put any object into openings. Do not use with any opening blocked; keep free of dust, lint, hair, and anything that may reduce air flow.
- Keep hair, loose clothing, fingers, and all parts of body away from openings and moving parts.
- Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
- Do not use to pick up flammable or combustible liquids, such as gasoline, or use in areas where they may be present.
- Do not use without dust cup and/or filters in place.
- Turn off all controls before unplugging.

3. PACKAGE CONTENTS

Please check the box for the following components:

- Main Motor Unit (Handheld Vacuum)
- Extension Tube / Handle
- Floor Brush
- Crevice Tool
- Square Brush
- HEPA Filter (pre-installed or separate)

4. SETUP AND ASSEMBLY

The Vazone R6X vacuum cleaner is designed for quick and easy assembly without the need for additional tools.

1. **Attach the Floor Brush:** Align the floor brush with the main motor unit (handheld vacuum) and push firmly until it clicks into place.
2. **Connect the Extension Tube:** Insert the extension tube into the designated slot on the main motor unit. Ensure it is securely fastened.
3. **Attach the Handle:** Connect the handle to the top of the extension tube.
4. **Cord Management:** Wrap the 16-foot power cord around the integrated cord wraps on the vacuum for neat storage when not in use.

For a visual guide on assembly, please refer to the official product video below:

5. OPERATING INSTRUCTIONS

5.1 Powering On/Off

To turn the vacuum cleaner ON or OFF, simply press the power button located on the main motor unit. The corded design ensures unlimited vacuuming time without the need for recharging.

5.2 Using as a Stick Vacuum

For floor cleaning, use the vacuum in its stick configuration. The powerful 20,000Pa suction easily captures dust, crumbs, debris, and pet hair from various surfaces.

20000PA POWERFUL SUCTION

Great on tile
marble and hardwood floor.

-  **600W**
MOTOR POWER
-  **16FT**

6. MAINTENANCE

Regular maintenance ensures optimal performance and extends the lifespan of your Vazone R6X vacuum cleaner.

6.1 Dust Cup and Filter Cleaning

The vacuum features a 1L large dust container and a high-efficiency cyclone HEPA filtration system that traps up to 99.99% of tiny dust particles.

5 FILTRATION SYSTEM

Traps **99.99%** of microscopic particles expels cleaner air.

Figure 7: 5-stage HEPA filtration system.

1. **One-Click Disassembly:** Press the release button to detach the dust cup from the main motor unit.
2. **One-Click Emptying:** Position the dust cup over a trash bin and press the bottom release button to empty its contents.
3. **Remove Filter:** Twist and pull to remove the HEPA filter from the dust cup.
4. **Clean Filter:** Gently tap the HEPA filter to remove dust. The HEPA filter is NOT washable. Use the included cleaning brush to remove debris.
5. **Air Dry:** Ensure all washable parts are completely air-dried before reassembling. Do not expose the HEPA filter to water.
6. **Reassemble:** Place the dry filter back into the dust cup, then reattach the dust cup to the main motor unit until it clicks securely.

Regularly cleaning the dust cup and filter will maintain strong suction power and prevent secondary pollution.

7. TROUBLESHOOTING

If you encounter any issues with your Vazone R6X vacuum cleaner, please refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
No Power	Power cord not plugged in securely.	Ensure the power cord is fully inserted into a working electrical outlet.
Reduced Suction	Dust cup is full.	Empty the dust cup.
Reduced Suction	Filter is dirty or clogged.	Clean or replace the HEPA filter.
Reduced Suction	Hose or nozzle is blocked.	Check for and remove any blockages in the hose or floor nozzle.
Unusual Noise	Something is caught in the brush roll (if applicable) or motor.	Turn off and unplug the vacuum. Inspect the brush roll and air pathways for obstructions.

If the problem persists after trying these steps, please contact Vazone Customer Service for assistance.
