KARACA 1000160738001

Karaca Fiona Stainless Steel Turkish Teapot Set XL

MODEL: 1000160738001 | BRAND: KARACA

1. Introduction

This manual provides instructions for the safe and efficient use of your Karaca Fiona Stainless Steel Turkish Teapot Set XL. This set includes a 1-liter teapot and a 2-liter water tank (kettle), crafted from durable 18/10 stainless steel. It is designed for compatibility with all stove types, including induction hobs, and features non-flammable handles for safe handling.

2. Safety Instructions

- Always handle with care, especially when the set contains hot liquids.
- Ensure the teapot and kettle are placed securely on the stove.
- The handles are designed to be non-flammable, but caution should still be exercised around open flames or high heat.
- Do not overfill the kettle or teapot to prevent boiling over.
- Keep out of reach of children.

3. Package Contents

Your Karaca Fiona Teapot Set XL package should contain the following items:

- 1 x 1-Liter Stainless Steel Teapot with Lid

- 1 x 2-Liter Stainless Steel Water Tank (Kettle) with Lid

Image 2: The 1L teapot and 2L kettle of the Karaca Fiona set, shown separately.

4. Setup and First Use

1. **Unpack:** Carefully remove all components from the packaging.
2. **Initial Cleaning:** Before first use, wash both the teapot and kettle thoroughly with warm soapy water. Rinse completely and dry.
3. **Assembly:** The teapot is designed to sit directly on top of the kettle. Ensure both are stable when stacked.

5. Operating Instructions

5.1. Boiling Water

1. Fill the 2-liter water tank (kettle) with fresh water. Do not exceed the maximum fill line.
2. Place the kettle directly onto your stove top (gas, electric, or induction).

3. Heat the water until it boils.

5.2. Brewing Turkish Tea

1. Once the water in the kettle is boiling, reduce the heat to low.
2. Add your desired amount of loose-leaf tea to the 1-liter teapot.
3. Carefully pour some of the hot water from the kettle into the teapot, just enough to cover the tea leaves.
4. Place the teapot on top of the kettle. The steam from the boiling water in the kettle will keep the teapot warm and help steep the tea.
5. Allow the tea to steep for approximately 15-20 minutes, or until it reaches your preferred strength.

5.3. Serving Tea

1. Pour the concentrated tea from the teapot into your tea glass.
2. Dilute the tea with hot water from the kettle to your desired strength.

5.4. Instructional Videos

How to Make Turkish Tea (DESTALYA)

Video 1: A visual guide on preparing Turkish tea using a similar teapot set.

How to Brew Turkish Black Tea (Hakan)

Video 2: Another demonstration of brewing Turkish black tea with a double teapot set.

6. Maintenance and Cleaning

The Karaca Fiona Teapot Set is designed for easy cleaning.

- **Dishwasher Safe:** Both the teapot and kettle are dishwasher safe.
- **Hand Washing:** For best results and to maintain the polished finish, hand washing with warm soapy water and a soft sponge is recommended. Rinse thoroughly and dry immediately to prevent water spots.
- **Stubborn Stains:** For stubborn tea stains, a mixture of baking soda and water can be used. Apply the paste, let it sit for a few minutes, then scrub gently and rinse.

Image 4: The teapot and kettle are suitable for cleaning in a dishwasher.

7. Troubleshooting

- **Leaking from Spout:** Ensure the lid is properly seated on the teapot. Check for any damage to the spout or body of the teapot.
- **Kettle Lacks Separate Lid:** The design of this Turkish teapot set intends for the teapot to sit directly on the kettle, acting as its lid. A separate lid for the kettle is not included as part of the standard design.
- **Water Not Boiling:** Verify that the kettle is correctly placed on the heat source and that the heat source is functioning properly.

8. Specifications

Feature	Detail
Brand	KARACA

Model Number	1000160738001
Color	Metal Grey
Material	18/10 Stainless Steel
Teapot Capacity	1 Liter
