Introduction

This manual provides comprehensive instructions for the Fila Smart Watch, Model SW27-Black. It covers setup, operation, maintenance, and troubleshooting to ensure optimal performance and user experience. This smartwatch is designed to integrate seamlessly into your daily life, offering advanced features for communication, fitness tracking, and health monitoring.

What's in the Box

Upon unboxing your Fila Smart Watch, please verify that all the following components are included:

- Fila Smart Watch (SW27-Black)
- Charging Cable
- User Manual
- Watch Band

Setup Guide

1. Charging the Device

Before initial use, fully charge your Fila Smart Watch. Connect the included magnetic charging cable to the charging port on the back of the watch and plug the USB end into a standard USB power adapter (not included) or a computer's USB port. The watch display will indicate charging status. A full charge typically takes approximately 2 hours.

Troubleshooting

Connectivity Issues

- **Watch not connecting to phone:** Ensure Bluetooth is on for both devices. Restart both the watch and the phone. Try unpairing and re-pairing the device through the "FILA S-WATCH" app.
- **Notifications not appearing:** Check app permissions on your phone to ensure the "FILA S-WATCH" app has access to notifications. Verify notification settings within the app.

Charging Problems

- **Watch not charging:** Ensure the charging cable is securely connected to both the watch and the power source. Try a different USB port or power adapter. Clean the charging contacts on the watch and cable.

Inaccurate Data

- **Heart rate/sleep data seems incorrect:** Ensure the watch is worn snugly on your wrist, about one finger's width above the wrist bone. Avoid excessive movement during measurements.
- **Step count discrepancies:** Ensure your personal information (height, weight) is accurately entered in the "FILA S-WATCH" app for better calibration.

Maintenance

- **Cleaning:** Regularly clean your watch and band with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the watch in a cool, dry place when not in use. Avoid extreme temperatures.
- **Water Resistance:** While the watch may have some water resistance, avoid prolonged submersion or exposure to high-pressure water jets. Refer to product specifications for exact water resistance ratings.
