SAFETY INFORMATION

Please observe the following safety precautions:

- Avoid exposure to direct sunlight, liquids, and excessive weight.
- Be cautious when using electrical components. Ensure all connections are secure and dry.
- Do not climb or stand on the vanity desk.
- Keep small parts away from children during assembly.

SETUP AND ASSEMBLY

This product requires assembly. All necessary hardware tools and detailed installation instructions are included. Each piece is labeled to facilitate the process.

Unpacking

1. Carefully open the packaging and remove all components.
2. Verify all parts are present against the included parts list. Contact customer support immediately if any parts are missing or damaged.
3. Lay out all components on a clean, soft surface to prevent scratches.

Assembly Steps

Follow the step-by-step instructions provided in the separate assembly manual included with your product. Ensure all screws and fasteners are tightened securely but do not overtighten.

MAINTENANCE AND CARE

- **Cleaning:** Dust and polish the vanity desk occasionally with a soft, dry cloth. For glass surfaces, use a glass cleaner and a lint-free cloth.
- **Spills:** Immediately wipe up any liquid spills to prevent damage to the wood and electrical components.
- **Electrical Components:** Ensure the power strip and mirror lights are kept dry. Do not attempt to repair electrical components yourself.
- **Weight Limit:** Do not place excessively heavy items on the desk or shelves to avoid structural damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Mirror lights not working	Power cable not connected; Power outlet issue; Faulty LED strip.	Ensure the power cable is securely plugged into a working outlet. Check the power outlet with another device. If the issue persists, contact customer support.
Charging station not providing power	Power cable not connected; Device not properly plugged in; Overload.	Verify the vanity's power cable is connected. Ensure devices are fully plugged into the USB ports/outlet. Avoid plugging in too many high-power devices simultaneously.
Drawers are stiff or difficult to open/close	Misalignment during assembly; Obstruction in drawer slides.	Check for any obstructions in the drawer slides. Re-check assembly instructions for proper drawer runner installation.
