Mephisto's Character Stat Card details his movement, defense, attack profiles, and special abilities. Pay close attention to his unique rules regarding bargains and how they interact with other characters and game elements. His abilities are designed to disrupt opponent strategies and enhance your own.

Team Tactic Cards

The four included Team Tactic Cards provide additional strategic options for Mephisto and his affiliated characters. These cards can be played during specific phases of the game to unleash powerful effects, often tied to Mephisto's manipulative nature.
