Important Safety Information

- **Recommended Age:** Suitable for children aged 24 months to 18 years.
- **Adult Supervision:** Always ensure children are supervised while playing in the sandbox.
- **Sand Type:** Use only play-grade sand (sold separately) to ensure safety and cleanliness.
- **Weight Capacity:** Each bench is designed to support up to 220 lbs. Do not exceed this limit.
- **Placement:** Place the sandbox on a level, stable surface away from hazards.
- **Cover Usage:** Always use the protective cover when the sandbox is not in use to prevent contamination and keep out debris.

Product Overview

The Best Choice Products Large Octagon Wooden Sandbox is designed to provide a spacious and engaging play area for children. Its unique octagonal shape and integrated seating offer comfort and convenience for both children and adults.

- **Octagonal Design:** A spacious and unique shape for multiple children to play comfortably.
- **Integrated Benches:** Four reinforced benches provide seating for up to 8 individuals, each supporting up to 220 lbs.
- **Protective Cover:** Includes a UV- and water-resistant cover to protect the sand from weather and debris.
- **Bottom Liner:** An open bottom design with an included liner promotes drainage, ventilation, and helps prevent weed growth.
- **Durable Construction:** Made from heat-treated hemlock wood panels with interlocked joints for stability and longevity.

Package Contents

Please ensure all parts are present before beginning assembly. Refer to the included assembly guide for a detailed list of components.

- Wooden Sandbox Panels (various sizes for octagon shape and benches)
- Bottom Liner
- Protective Cover
- Assembly Hardware (screws, etc.)
- Assembly Guide

Assembly Instructions

Assembly is designed to be straightforward. It is recommended to have at least two people for easier handling of components. Follow the step-by-step instructions provided in the included Assembly Guide.

1. **Prepare the Area:** Choose a level, stable outdoor location for the sandbox. Clear any debris or obstacles.
2. **Unpack Components:** Carefully remove all parts from the packaging and lay them out. Verify all components are present against the parts list in your Assembly Guide.
3. **Assemble Base Panels:** Interlock the wooden panels to form the octagonal base of the sandbox. Ensure the joints are secure.
4. **Install Bottom Liner:** Place the provided bottom liner inside the assembled base. The liner helps with drainage and prevents weeds.
5. **Attach Bench Supports:** Secure the bench supports to the main panels using the provided hardware.
6. **Install Benches:** Attach the bench seating panels to the supports, ensuring they are firmly screwed in place.
7. **Fill with Sand:** Once fully assembled, fill the sandbox with play-grade sand (not included). The sandbox can hold a significant amount of sand; plan accordingly.

Usage Guidelines

The Octagon Wooden Sandbox is designed for creative and social play. Its features enhance the user experience:

- **Spacious Play Area:** The large octagonal design allows multiple children to play simultaneously without feeling cramped.
- **Comfortable Seating:** The integrated benches provide a convenient place for children and adults to sit and interact during playtime.
- **Encourages Creativity:** The open space and sand provide endless opportunities for building, digging, and imaginative scenarios.

Maintenance

Proper maintenance will extend the life of your sandbox and ensure a clean play environment.

- **Protective Cover:** Always use the provided UV- and water-resistant cover when the sandbox is not in use. This prevents leaves, debris, and animals from entering the sand.
- **Sand Care:** Periodically rake and aerate the sand to keep it fresh and prevent compaction. Replace sand as needed.
- **Wood Care:** The heat-treated hemlock wood is durable, but occasional cleaning with a damp cloth can help maintain its appearance. Avoid harsh chemicals.
- **Drainage:** Ensure the bottom liner remains clear to facilitate proper drainage and prevent water accumulation.

Troubleshooting

- **Water Pooling on Cover:** If water collects on the cover after rain, place a large ball or similar object in the center of the sandbox before covering. This will create a dome shape, allowing water to run off.
- **Loose Joints:** Periodically check all screws and connections. Tighten any loose hardware to maintain the sandbox's structural integrity.
- **Weed Growth:** Ensure the bottom liner is correctly positioned and not damaged. If weeds appear,

remove them manually.
