5. MAINTENANCE

Fabric Care (Cotton Linen)

- **Regular Cleaning:** Vacuum regularly using an upholstery attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain. For stubborn stains, use a mild fabric cleaner specifically designed for cotton linen, testing on an inconspicuous area first.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading.
- **Removable Covers:** The sofa has removable seat cushion covers. Follow care instructions on the label for washing.

Wood Frame Care

- Wipe wooden surfaces with a soft, damp cloth. Dry immediately.
- Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- Protect wood from excessive moisture and extreme temperature changes.

6. TROUBLESHOOTING

- **Sofa feels unstable:** Check all assembly bolts and screws. Tighten any loose fasteners. Ensure the sofa is on a flat, even surface.
- **Difficulty converting to bed:** Ensure no obstructions are present. Apply gentle, even pressure when pulling or pushing the mechanism. Do not force it.
- **Drawers or ottoman lid sticking:** Check for any items obstructing the movement. Ensure the tracks are clean and free of debris.
- **Fabric pilling:** This is a natural occurrence with some fabrics. Use a fabric shaver to gently remove pills.
