## 4. OPERATING INSTRUCTIONS

### 4.1. Charging Station & LED Lights

The headboard features a convenient charging station with one USB port and one Type-C port, along with integrated LED lights. These features are designed for easy access to power and ambient lighting while in bed.

- Connect the bed frame's power cord to a standard wall outlet.
- Use the USB and Type-C ports to charge your electronic devices.
- The LED lights can be controlled via the integrated touch switch or remote control (if included).

### 4.2. Sliding Barn Door Storage

The footboard incorporates a storage area with sliding barn doors, providing a space-saving solution for storing various items such as blankets, sheets, or small personal belongings.

- Gently slide the barn doors along their tracks to access the storage compartments.

- Ensure items stored do not obstruct the sliding mechanism.

## 5. MAINTENANCE

---

To ensure the longevity and appearance of your SAMTRA bed frame, regular maintenance is recommended.

- **Cleaning:** Wipe down the wooden surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **Sliding Doors:** Keep the tracks of the sliding barn doors free from dust and debris to ensure smooth operation.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 800 lbs to prevent damage to the frame.

## 6. TROUBLESHOOTING

---

If you encounter any issues with your bed frame, please refer to the following common troubleshooting tips:

Problem	Possible Cause	Solution
Bed frame is wobbly or squeaks.	Loose hardware connections.	Ensure all bolts and screws are securely tightened. Refer to the assembly manual for correct tightening procedures.
Sliding barn doors do not move smoothly or get stuck.	Obstruction in the track or misaligned door.	Check the tracks for any debris and clear them. Ensure the doors are properly seated on their rails. If a stored item is causing the obstruction, reposition it.
LED light flickers or turns on/off randomly.	Loose power connection or faulty light strip/module.	Verify the power cord is securely plugged into both the bed frame and the wall outlet. Try plugging into a different outlet. If the issue persists, contact customer support for assistance.
Charging ports are not working.	No power to the bed frame or faulty charging module.	Ensure the bed frame is powered on and connected to a working outlet. Test with different devices and cables. If still not working, contact customer support.
