## 4. ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward. Follow the numbered steps in the included detailed instructions. A Phillips head screwdriver is the only additional tool required.

### 4.1 Step-by-Step Guide

- 1. Unpack and Organize:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Verify all parts against the parts list in your manual.
- 2. Assemble Base and Sides:** Attach the side panels to the bottom panel using the provided hardware. Ensure all connections are secure.
- 3. Install Back Panels:** Slide the back panels into their designated grooves.
- 4. Attach Top Panel:** Secure the top panel to the assembled structure.
- 5. Install Legs:** Attach the four metal legs to the underside of the cabinet.
- 6. Insert Adjustable Shelves:** Place the adjustable shelves into the desired height positions using the shelf pins. The cabinet features 3 height options for flexible storage.

7. **Install Sliding Doors:** Carefully insert the sliding doors into their tracks. The standard sliding groove track ensures effortless gliding.
8. **Secure to Wall (Recommended):** Use the provided wall connection fixer to secure the cabinet to a wall, enhancing stability and safety.
