

**AROMAPLAN DAP PRO 2025**

# AromaPlan 2025 Waterless HVAC Scent Diffuser Instruction Manual

Model: DAP PRO 2025 | Brand: AROMAPLAN

## PRODUCT OVERVIEW

---

The AromaPlan DAP PRO 2025 is an advanced waterless HVAC scent diffuser designed for whole-house and commercial use. It features a 300ml refillable reservoir and provides coverage for areas up to 2,000 sq ft using cold-air diffusion technology. This smart diffuser offers effortless control via an exclusive mobile app, compatible with Bluetooth Technology, allowing for 5 scheduling options and 10 adjustable fragrance intensity levels. Its versatile design supports wall-mounting, portable floor unit use, or direct integration with your HVAC system for comprehensive scent distribution.

Included with the diffuser are two luxurious 25ml fragrances: Dubai, known for its elegance and luxury, and 24 Knights, inspired by the essence of success found in W Westin Hotels. AromaPlan's fragrance oils are crafted with non-flammable, eco-conscious ingredients, ensuring safety for children, pets, and the environment. The water-free system efficiently transforms oils into ultra-fine, dry microparticles, delivering a consistent and immersive sensory experience.

## KEY FEATURES

- HVAC Connectivity & App Control:** Seamless integration with HVAC systems for whole-home scent distribution, controllable via a dedicated mobile app.
- Wide Coverage:** Effectively scents areas up to 2,000 sq ft.
- Waterless Diffusion:** Utilizes cold-air technology to transform fragrance oils into ultra-fine, dry microparticles, eliminating the need for water and preventing mold.
- Customizable Settings:** Offers 5 scheduling options and 10 adjustable fragrance intensity levels for personalized ambiance.
- Versatile Placement:** Can be wall-mounted, used as a portable floor unit, or integrated with HVAC.
- Safe & Eco-Friendly:** Fragrance oils are non-flammable, eco-conscious, and safe for children and pets.

- **Included Fragrances:** Comes with two 25ml bottles of premium scents: Dubai and 24 Knights.
- **Smart Touch Panel:** Features a sleek LED touch panel for direct control.

## SETUP GUIDE

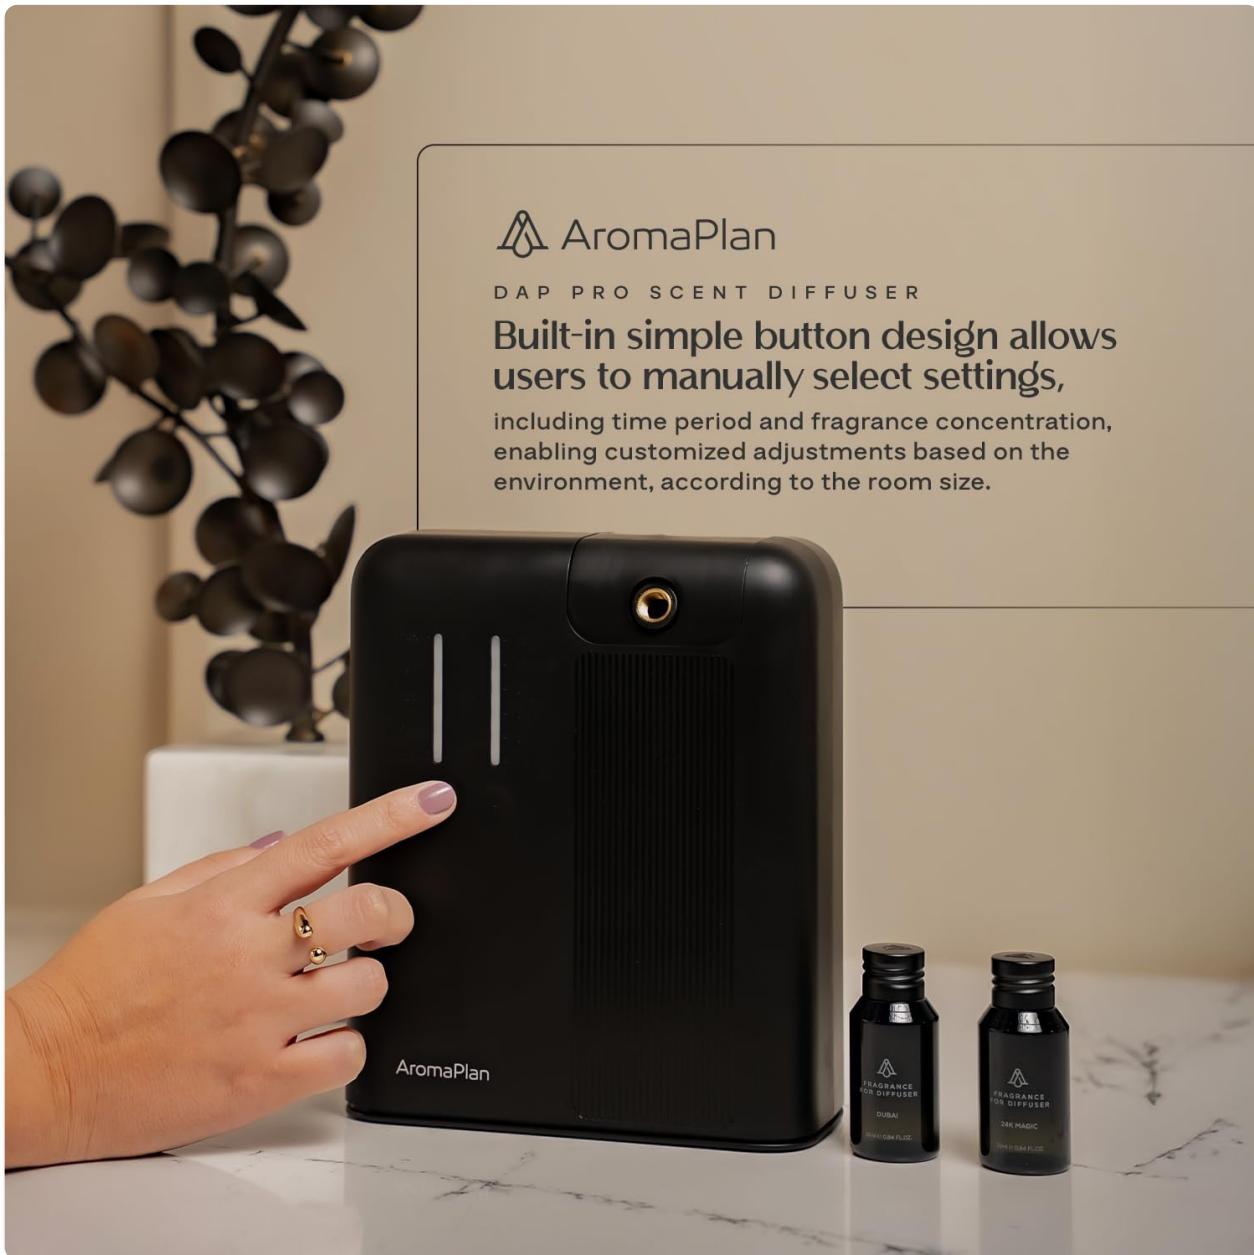

---

### 1. Unboxing and Initial Inspection

Carefully remove the AromaPlan DAP PRO 2025 diffuser and all accessories from its packaging. Inspect the unit for any signs of damage. Ensure all components listed in the packing list are present.

### 2. Power Connection

Connect the power adapter to the diffuser's power input port, typically located on the side or back of the unit. Plug the other end of the adapter into a standard wall outlet. A blue blinking light will indicate that the diffuser is powered on and ready for pairing.

DAP PRO SCENT DIFFUSER

**Built-in simple button design allows users to manually select settings,**

including time period and fragrance concentration, enabling customized adjustments based on the environment, according to the room size.

Figure 3: The smart touch panel allows for manual adjustments of settings, including time periods and fragrance concentration.

### 3. Scent Oil Installation

1. Locate the dispenser lock on the top of the diffuser. Use the provided key to twist and unlock the dispenser.
2. Carefully remove the empty plastic container or the pre-installed bottle.
3. Fill the container with your desired AromaPlan fragrance oil. Markings on the side of the container indicate fill levels.
4. Insert the filled fragrance oil bottle into the dispenser, ensuring it is securely seated.
5. Close and lock the dispenser using the key.

For optimal performance of your AromaPlan diffuser, use our exclusive collection of oil fragrances

**We offer various sizes to perfectly match your diffuser**

Figure 4: For optimal performance, use AromaPlan's exclusive collection of oil fragrances, available in various sizes.

#### 4. App Installation and Pairing

Download the exclusive AromaPlan mobile app from the Google Play Store or Apple App Store. Enable Bluetooth on your smartphone. Open the app and follow the on-screen instructions to connect and pair your diffuser. The app provides full control over scheduling and intensity settings.

## Compatible with Bluetooth\* technology and controllable via the exclusive app.

You can add your diffuser, set schedules, and adjust the device's intensity.

Plus, access our store and explore all of our products.

## 5. Placement Options

The AromaPlan DAP PRO 2025 offers flexible placement options:

- **Standalone Unit:** Place the diffuser on any flat surface, such as a floor or window sill, in an open area to maximize scent distribution.
- **Wall-Mounted:** Utilize the integrated mounting points on the back of the unit to securely attach it to a wall.
- **HVAC Integration:** For whole-home scenting, connect the diffuser directly to your HVAC system using the included adapter and hose. This ensures even and efficient diffusion throughout your entire space.

## OPERATING INSTRUCTIONS

---

### 1. Using the Smart Touch Panel

The diffuser features an intuitive LED touch panel. You can manually adjust settings such as the working period and fragrance concentration directly from the panel. Refer to the on-screen indicators for current settings and adjustments.

### 2. App Control and Scheduling

For comprehensive control, use the AromaPlan mobile app. The app allows you to:

- **Set Schedules:** Create up to 5 customizable schedules for the diffuser to operate automatically throughout the day or week.
- **Adjust Intensity:** Choose from 10 fragrance intensity levels to achieve your preferred scent strength.

- **Monitor Status:** View the current operating status and remaining oil levels.

The app provides a visual interface to manage your scenting experience, ensuring optimal performance and oil conservation. For example, you can set the diffuser to run for short bursts (e.g., 9 seconds on, 90 seconds off) during specific times of the day to maintain a consistent aroma without over-saturating the space.

---

## MAINTENANCE

---

### 1. Cleaning the Diffuser

To ensure optimal performance and longevity, regularly clean your AromaPlan diffuser. Use a soft, dry cloth to wipe down the exterior. Avoid using abrasive cleaners or solvents. For the internal components, refer to the detailed cleaning instructions provided in the full user manual or contact customer support.

### 2. Refilling Scent Oil

When the fragrance oil level is low, refill the bottle as described in the "Scent Oil Installation" section. It is recommended to use only AromaPlan fragrance oils or other cold-air-diffuser compatible scents to prevent damage to the unit and ensure proper diffusion.

## Experience the ultimate luxury with AromaPlan fragrances.

Infused with the finest ingredients, our scents are perfect for any room in your home or business.

They are MADE IN USA and are non-toxic, cruelty-free, and GMO-free.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Diffuser not turning on.	No power, loose connection.	Check power adapter connection and wall outlet. Ensure the blue light is blinking.
No scent or weak scent.	Low oil level, clogged nozzle, incorrect intensity setting.	Refill oil, clean the nozzle (refer to full manual), increase intensity via app/panel.
App not connecting to diffuser.	Bluetooth off, diffuser not in pairing mode, app issue.	Ensure Bluetooth is enabled on your device, diffuser is powered on (blue light blinking), restart app/diffuser.

Problem	Possible Cause	Solution
Unusual noise during operation.	Obstruction, internal issue.	Ensure no foreign objects are obstructing the diffuser. If noise persists, contact customer support.
