3. SETUP

3.1 Placement Options

The Maraawa KY-2020 Sound Bar offers versatile placement options to suit your home entertainment setup:

- **Desktop Placement:** Place the sound bar directly on a flat surface below your TV. Ensure it is stable and not obstructing the TV's remote sensor.
- **Wall Mount:** For a clean, space-saving installation, the sound bar can be mounted on the wall using the included wall mounts. Refer to the Quick User Guide for detailed wall mounting instructions.

Figure 3.1: Desktop and Wall Mount placement options.

3.2 Connecting to Power

Connect the supplied power adapter to the DCIN port on the back of the sound bar, then plug the adapter into a wall outlet. The sound bar will enter standby mode.

3.3 Audio Connections

The sound bar supports multiple audio input methods. Choose the one that best suits your TV or audio source:

- **HDMI ARC:** Connect one end of the included HDMI cable to the ARC port on the sound bar and the other end to the HDMI ARC port on your TV. This allows for audio return channel functionality.
- **Optical:** Connect the included optical cable to the OPT port on the sound bar and the optical digital audio output port on

your TV.

- **AUX:** Use the included RCA to 3.5mm AUX cable to connect the sound bar to the audio output of your device.
- **Bluetooth:** For wireless connection, refer to the "Operating Instructions" section for Bluetooth pairing.

4. OPERATING INSTRUCTIONS

4.1 Power On/Off

Press the **Power** button on the remote control or on the sound bar to turn the unit on or off.

4.2 Input Source Selection

Press the **Input** button on the remote control or on the sound bar to cycle through available input sources: Bluetooth, ARC, AUX, Optical.

4.3 Volume Control

Use the **Volume Up (+)** and **Volume Down (-)** buttons on the remote control or on the sound bar to adjust the volume level. Press the **Mute** button to temporarily silence the audio.

4.4 Bluetooth Pairing

1. Turn on the sound bar and select Bluetooth mode using the Input button. The display will show "BLUE".
2. Enable Bluetooth on your mobile device (smartphone, tablet, etc.).
3. Search for "Maraawa KY-2020" in your device's Bluetooth settings and select it to pair.
4. Once successfully paired, the sound bar will indicate a connection. You can now play audio wirelessly from your device.

The Bluetooth usable range is approximately 30 feet (10 meters).

5. MAINTENANCE

To ensure the longevity and optimal performance of your Maraawa Sound Bar, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the sound bar. Do not use liquid cleaners or abrasive chemicals, as they may damage the finish.
- **Ventilation:** Ensure the sound bar has adequate ventilation. Do not block any ventilation openings.
- **Environment:** Avoid exposing the sound bar to extreme temperatures, humidity, dust, or direct sunlight.
- **Power:** Disconnect the power adapter from the wall outlet if the sound bar will not be used for an extended period.

6. TROUBLESHOOTING

If you encounter any issues with your sound bar, please refer to the following common problems and solutions:

Problem	Possible Cause / Solution
No power	Ensure the power adapter is securely connected to the sound bar and a working power outlet.
No sound	Check that the correct input source is selected on the sound bar. Increase the volume on both the sound bar and your connected device (TV, phone, etc.). Ensure audio cables (HDMI ARC, Optical, AUX) are securely connected. If using Bluetooth, ensure the device is properly paired and within range.
Bluetooth connection issues	Ensure the sound bar is in Bluetooth pairing mode. Move your device closer to the sound bar (within 30 feet). Unpair and re-pair the sound bar from your device's Bluetooth settings. Turn off and on both the sound bar and your Bluetooth device.
Sound distortion or poor quality	Check the audio source for quality issues. Ensure cables are not damaged or loosely connected. Reduce the volume if it's too high and causing clipping.

If the problem persists after trying these solutions, please contact customer support.
