GEVEELIFE B0DH2FRR6V

User Manual: GEVEELIFE Cordless Leaf Blower

Model: B0DH2FRR6V

Brand: GEVEELIFE

1. Important Safety Instructions

Please read and understand all safety warnings and instructions before operating this product. Failure to follow the warnings and instructions may result in electric shock, fire, and/or serious injury.

General Safety

- Always wear eye protection (safety glasses) and hearing protection when operating the leaf blower.
- Do not operate the blower in wet conditions or rain.
- Keep children, bystanders, and pets at least 50 feet away from the operating area.
- Inspect the work area before use. Remove all objects such as rocks, broken glass, nails, wire, or string that can be thrown or become entangled in the machine.
- Do not point the blower nozzle at people or animals.

Battery Safety

- Use only the charger supplied by the manufacturer to recharge.
- Do not short-circuit the battery pack.
- Do not expose battery packs or appliances to fire or excessive temperature. Exposure to fire or temperature above 130°C (265°F) may cause explosion.
- Do not disassemble, open or shred battery packs.

2. Package Contents

Verify that all items listed below are included in your package. If any parts are missing or damaged, please contact customer support.

- 1 x Leaf Blower Body
- 1 x Blower Tube

- 1 x Extension Nozzle
- 2 x 20V-5.0Ah Batteries
- 1 x Fast Charger
- 1 x Shoulder Strap
- 1 x Chassis
- 1 x User Manual

3. Setup

3.1 Assembly

1. **Attach Blower Tube:** Push the blower tube onto the tool body buckle. Rotate and lock it securely into place.
2. **Install Battery:** Slide a charged 20V-5.0Ah battery into the battery slot on the blower body until it clicks into place.
3. **Attach Chassis:** Push the chassis onto the product to secure it, providing a stable base when resting the blower.

3.2 Battery Installation and Charging

The GEVEELIFE Leaf Blower comes with two 20V-5.0Ah Lithium-ion batteries and a fast charger. Ensure batteries are fully charged before first use.

- **Charging:** Connect the fast charger to a power outlet. Insert the battery into the charger. The indicator light on the charger will show the charging status. A full charge typically takes [Charging Time - not provided in input, so omit or generalize] minutes.
- **Installation:** Align the battery with the battery slot on the blower and slide it in until it locks. To remove, press the release button and pull the battery out.

4. Operating Instructions

4.1 Powering On/Off

To turn on the leaf blower, press and hold the power button located on the handle. Release the button to turn off the blower.

4.2 Speed Control

The blower features a 3-speed control function to adapt to various cleaning tasks:

- **Speed 1:** Ideal for gathering light leaves and delicate debris.
- **Speed 2:** Suitable for cleaning dry leaves and small debris.
- **Speed 3:** Provides maximum power for heavy and wet leaves, or stubborn debris.

4.3 Usage Tips

For optimal performance and safety, consider the following tips:

- **Sweeping Motion:** Use a sweeping motion from side to side to effectively move debris.
- **Working with Wind:** Whenever possible, blow with the wind to maximize efficiency.
- **Shoulder Strap:** Utilize the included shoulder strap to reduce fatigue during extended use.
- **Tight Spaces:** The ultra-slim design allows for easy access into tight spaces for thorough cleaning.

5. Maintenance

Regular maintenance ensures the longevity and optimal performance of your leaf blower.

5.1 Cleaning

- After each use, wipe down the exterior of the blower with a clean, damp cloth.
- Ensure the air intake vents are clear of debris to prevent overheating.
- Do not use harsh chemicals or abrasive cleaners.

5.2 Storage

The detachable design of the blower makes storage easy and convenient.

- Remove the battery from the blower before storing.
- Store the blower and batteries in a cool, dry place, away from direct sunlight and extreme temperatures.

- For long-term storage, it is recommended to store batteries with a partial charge (around 50%).

Image: The blower's lightweight and detachable design simplifies storage.

6. Troubleshooting

If you encounter issues with your leaf blower, refer to the table below for common problems and solutions.

Problem	Possible Cause	Solution
Blower does not turn on.	Battery not installed correctly or not charged.	Ensure battery is fully charged and securely inserted.
Reduced blowing power.	Air intake or nozzle blocked.	Check and clear any obstructions from the air intake and nozzle.

Problem	Possible Cause	Solution
Blower stops unexpectedly.	Battery overheated or depleted.	Allow battery to cool down or replace with a charged battery.

If the problem persists after trying these solutions, please contact GEVEELIFE customer support.

7. Specifications
