6. TROUBLESHOOTING

If you encounter issues with your EUNICECG KID99J Smart Watch, please refer to the following common solutions:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Unable to connect via Bluetooth:**
 - a. Ensure Bluetooth is enabled on your smartphone.
 - b. Make sure the watch is within range of your phone.
 - c. Restart both the watch and your smartphone.
 - d. In the Da Fit app, try to re-add the device. If previously paired, forget the device in your phone's Bluetooth settings before attempting to reconnect.
- **Inaccurate health data:** Ensure the watch is worn snugly on the wrist, not too tight or too loose. Keep the sensor clean. Note that smart watches are not medical devices and data is for reference only.
- **Notifications not appearing:**
 - a. Check app permissions in your phone settings to ensure the Da Fit app has access to notifications.
 - b. Verify that notification alerts are enabled within the Da Fit app for specific applications (e.g., WhatsApp, SMS).
 - c. Ensure the watch's 'Do Not Disturb' mode is not active.
- **Short battery life:** Reduce screen brightness, disable unnecessary features, and ensure the watch is not constantly searching for Bluetooth connections if disconnected.

7. WARRANTY AND SUPPORT

The EUNICECG KID99J Smart Watch comes with a manufacturer's warranty. Please refer to the following details:

- **Manufacturer Warranty:** 30 days return without reason.
- For further assistance, troubleshooting, or warranty claims, please contact EUNICECG customer support through the retailer where the product was purchased.
