## Duobuy G96

# Duobuy Smart Watch User Manual

Model: G96

## INTRODUCTION

Thank you for choosing the Duobuy G96 Smart Watch. This device is designed to enhance your daily life with smart notifications, health monitoring, and fitness tracking capabilities. Please read this manual carefully to understand the features and ensure proper operation and maintenance of your new smart watch.

## SETUP

### 1. Charging the Device

Before first use, fully charge your smart watch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a power adapter (not included) or a computer USB port. A full charge typically takes about 2 hours.

### 2. App Download and Installation

To unlock all features, download the companion application. Scan the QR code on the watch screen or in the quick start guide, or search for "Da Fit" in your smartphone's app store (Google Play Store for Android, Apple App Store for iOS).

Alternatively, you can download the app from the official link:<http://plus.crrepa.com/app-download/dafit>

### 3. Pairing with Your Smartphone

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the "Da Fit" app.

3. Follow the in-app instructions to search for and connect to your Duobuy G96 Smart Watch. The watch name should appear in the app's device list.
4. Confirm the pairing request on both your watch and smartphone.

For Bluetooth call functionality, you may need to pair the watch separately in your phone's Bluetooth settings after initial app pairing. Look for a device named "G96\_CALL" or similar.

## OPERATING INSTRUCTIONS

---

### Basic Navigation

- **Swipe Up/Down:** Navigate through menus and notifications.
- **Swipe Left/Right:** Access quick functions or different data screens.
- **Tap:** Select an item or confirm an action.
- **Side Buttons:** Typically used for power on/off, screen wake, or quick access to sport modes.

### Bluetooth Call & Smart Notifications

Once connected to your phone, the smart watch allows you to answer and make calls directly from your wrist using its built-in microphone and speaker. It also vibrates to notify you of incoming calls, SMS messages, and notifications from social media apps (Facebook, Twitter, Instagram, WhatsApp, LinkedIn, etc.).

# Bluetooth Call & Message Reminder

Tony:  
When will you go home?

Amy:  
Can you help me?

Image: The Duobuy Smart Watch showing incoming call and message reminders, demonstrating its Bluetooth call and notification capabilities.

## Health Monitoring

The watch features high-precision sensors for continuous health tracking:

- **Heart Rate:** Monitors your heart rate 24/7.
- **Blood Oxygen (SpO2):** Measures your blood oxygen saturation levels.
- **Sleep Tracking:** Automatically monitors your sleep patterns, including wake-up times, deep sleep, and light sleep, to help you understand and improve your sleep quality.

*Note: Health data provided by this device is for reference only and should not be used for medical diagnosis.*

## Activity & Sport Modes

The smart watch automatically tracks your daily activities, including steps, calories burned, and distance. It offers 123 sport modes to cater to various training requirements, such as walking, running, cycling, football, tennis, basketball, and yoga. Connect to your smartphone's GPS for real-time pace, distance, and route tracking during outdoor activities.

# 123 Sport Modes

These modes record all-day activities such as steps, distance, calories and active minutes to create a complete report in the phone application.

## Customizable Watch Faces

The 1.85-inch full touch screen offers excellent visibility. Choose from 7 pre-installed watch faces or explore over 100 additional options available in the "Da Fit" app. You can also personalize your watch face by uploading your favorite picture from your mobile phone.

# 100+ Dials & DIY Dial in App

There are more than 100 dials to choose from the App, and you can also set your favourite picture as the smartwatch dial from your mobile phone.

## Other Functions

The Duobuy G96 Smart Watch includes a variety of additional features to enhance convenience:

- Weather Information
- Music Control
- Remote Camera Control
- Find Phone Function
- Alarm Clock
- Stopwatch & Timer
- Drinking Water Reminders
- Sedentary Reminders
- Breathing Training
- Brightness Adjustment
- Flashlight
- Game Play

## Sleep Quality Monitoring

Monitor your sleep status and help you develop a better sleep habit

## More Functions

It is very convenient and practical to control everything on your wrist

## MAINTENANCE

### Water Resistance (IP68)

The Duobuy G96 Smart Watch is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. You can wear it while washing hands, in the rain, or during swimming. However, it is **not recommended** for showering, sauna use, or diving, as steam and high water pressure can damage the device.

### Cleaning and Care

- Regularly clean the watch screen and strap with a soft, dry cloth.
- If the watch comes into contact with sweat, soap, or other liquids, rinse it with clean water and dry thoroughly.
- Avoid using harsh chemicals or abrasive materials for cleaning.
- Store the watch in a cool, dry place when not in use.

## TROUBLESHOOTING

Problem	Possible Solution
Watch not turning on	Ensure the watch is fully charged. Connect to the charging cable and check if the charging indicator appears.
Cannot pair with smartphone	<p>Make sure Bluetooth is enabled on your phone.</p> <p>Ensure the watch is within Bluetooth range (approx. 10 meters).</p> <p>Restart both the watch and your smartphone.</p> <p>Check if the "Da Fit" app is updated to the latest version.</p> <p>Forget the device in your phone's Bluetooth settings and try pairing again through the app.</p>
Notifications not received	<p>Ensure the watch is connected to the app.</p> <p>Check notification permissions for the "Da Fit" app in your phone's settings.</p> <p>Verify that app notifications are enabled within the "Da Fit" app settings.</p> <p>Disable any power-saving modes on your phone that might restrict background app activity.</p>
Inaccurate health data	Ensure the watch is worn snugly on your wrist, about one finger's width from the wrist bone. Avoid excessive movement during measurements. Clean the sensor on the back of the watch.
Short battery life	Reduce screen brightness, disable continuous heart rate monitoring if not needed, and limit excessive notifications. Ensure the watch is fully charged each time.

## SPECIFICATIONS

Feature	Detail
Model Number	G96
Screen Size	1.85 Inches
Display Type	TFT colorful screen, 240*280 Resolution
Connectivity	Bluetooth 5.1
