2. FIRST USE AND FIT ADJUSTMENT

Before wearing your Mephisto Foline sandals, ensure they fit comfortably. The buckle strap allows for personalized adjustment.

1. **Unbuckle the Strap:** Loosen the buckle on the instep.
2. **Position Your Foot:** Slide your foot into the sandal, ensuring your heel is properly seated in the footbed.
3. **Adjust the Buckle:** Fasten the buckle, adjusting the strap until the sandal feels secure but not overly tight. There should be enough room for comfortable movement without your foot sliding excessively.

3. CARE AND MAINTENANCE

Proper care will extend the life and appearance of your Mephisto Foline sandals. Follow these guidelines:

- **Cleaning Suede:** Use a soft brush specifically designed for suede to remove dirt and dust. For tougher stains, a suede cleaner can be used, following the product's instructions. Avoid excessive moisture.
- **Leather Lining:** Wipe the leather lining with a damp cloth and mild soap if necessary. Allow to air dry completely.
- **Cork Midsole:** The cork midsole can be gently wiped with a damp cloth. Avoid soaking.
- **Storage:** Store sandals in a cool, dry place away from direct sunlight and extreme temperatures. Use shoe trees or stuff with paper to maintain shape if storing for extended periods.
- **Avoid Water Immersion:** Do not immerse the sandals in water, as this can damage the suede and cork materials.
